

VILLAGE KIDS

Information sessions for Informal Family Time Supervisors

Who are the information sessions for?

Anyone looking to take up the role of supervisor in 'supervised contact' should consider linking into one of our monthly sessions to hear more about the role from experienced supervisors.

What is covered?

Prior to sessions, participants will have the opportunity to submit questions or share areas of specific interest and we will do our best address these points within the session. We will also provide information relating to:

- the importance of supervision for all parties
- points on observation
- remaining child focused
- standard conditions of supervision
- record keeping and privacy
- maintaining relationships
- common concerns and challenges
