

Examples of Needed Foods

- Oatmeal packets/cereal cups
- Mac & cheese cups (just add water)
- Hormel/Barilla/Chef Boyardee meals
- Applesauce, fruit cups, pudding
- Peanut butter & jelly (no glass jars)
- Canned or easy-open proteins (chicken, tuna fish, ham, etc.)
- Chili, stews & soups
- Peanut butter or cheese crackers

We do our best to send home items that are not only nutritious and kid friendly, but also ideal for families who might have access to a microwave but not a stove or oven for cooking.

Ice Cream Program

During lunch, there are many children who buy ice cream daily, sometimes twice a day. These children usually come to the line with their friends who also purchase ice cream. They go back to their seats happy, laughing, and enjoying the treat. Then there are children who do not ever get ice cream, they sometimes look longingly toward the ice cream but know that they can't have it. These children do not get money from home, and they question why others have money and they don't. They find coins and bring them to school to put on their account. Sometimes, when they are younger, they think that .06 cents is enough for an ice cream! They save their money up little by little until they have enough. We found out about this and put money on their accounts once a quarter so they can enjoy a treat like their friends. Join us to help spread inclusivity and brighten the day of a student by donating to the Ice Cream Program today!

Feed Our Future Scholarship

The Feed Our Future Scholarship program was launched in the shadow of the Covid-19 pandemic when students needed support more than ever. Our mission from day one has been to make education a priority. We understand how challenging and expensive it can be to pursue a secondary education, and that is why we give scholarships to deserving students every year.

Please consider a contribution to the scholarship program because no matter the size, it has the power to change lives and build a brighter future for our community. Together, we can provide the gift of education and empower the next generation of leaders!

The Girl Who Inspired Us All

Erin Maxwell was routinely locked in her room and her parents starved her as a means of discipline. At one point, one of her teachers found her digging through the trash can in her classroom for something to eat. After her death in August of 2008, the investigation revealed that Erin was provided only minimal amounts of food for years before her murder.

We started Erin's Angels to keep her memory alive and to shine a light on the plight of children like Erin. We all need to do our part to end childhood hunger in the US, but millions of kids are living with hunger right now. By helping Erin's Angels, you can help make a difference in Central New York.

Help support students who are hungry with an \$11 a month pledge in honor of Erin Maxwell who was 11 when she passed away. Recurring donations can be made on our website here:

Spread love 
through ongoing
acts of kindness.

Legacy Giving

The Erin's Angels Endowed Fund at the Upstate Foundation will help ensure our ability to fulfill our critical mission of addressing food insecurity for generations of children in the future. An endowment is a perpetual fund that is invested professionally through the Upstate Foundation and generates market earnings that can be spent in support of the endowment's objectives. Please join us to ensure kids in need are cared for by donating to the Upstate Endowed Fund #62357.

Your legacy of compassion and generosity will forever shine bright, illuminating the path toward a hunger-free community!

Summer Meals

We are proud of our partnership with United Way's "Ride United" program to address the issue of childhood hunger during the summer months. This innovative program utilizes Door Dash to ensure that vulnerable children have access to nutritious meals and snacks while school is out of session. Every Friday "dashers" pick up weekend food bags and deliver them directly to families who have opted into the program!
