- Chess
- Japanese Wood Carving

Preschool & Kindergarten

1625 Campbell Ave
Campbell, CA 95008

Elementary & Middle School

1980 Hamilton Ave
San Jose, CA 95125

Ninety-two percent of Springbridge 7th and 8th graders scored above the 90th percentile on MAP standardized tests in language, reading, and math. Students complete the Japanese or Mandarin public school curriculum and achieve near grade-level fluency in reading, writing, and speaking Japanese or Mandarin. Springbridge also prioritizes balance, allowing students to spend weekends with family while pursuing personal interests and building confidence.

Springbridge International School's advanced English with Japanese or Mandarin immersion environment fosters the development of the bilingual brain. Our safe and nurturing environment develops the whole child and forms a foundation for personal and academic success.
