Occupation _____

1. *Do you or have you owned a Canadian Sphynx before or hairless cat? Yes____ No ____

2. *What attracted you towards adopting a Canadian Sphynx kitten?

3. *Sphynx cats are not independent domestic cats. They are high maintenance and require significantly more time and work caring for them than a standard independent furred domestic cat. Have you researched the care required for the Sphynx breed? If so, are you able to accommodate the time, added work and financial resources to your lifestyle?

Yes, I have researched the Breed and understand that they require more time and care than domestic cats ____

No, I haven't yet but plan to ____

4. *Please describe what you are hoping for in your new Sphynx kitten. i.e. Playful, energetic, cuddly, easy going, willing to go on adventures with you ect If you plan to take your kitten on outside adventures, would you like us to start the first step in harness training, getting the kitten used to wearing one? Exposure to running wheel?

5. *Please describe your home environment and normal daily activities. How many hours will your kitten be alone?

6. * I understand that Sphynx cats are more 'allergy friendly' but are NOT hypoallergenic and still produce dander & saliva proteins that can cause allergic reactions. Are you or anyone in your home allergic to cats? Yes: ____ No: ____
Yes, I understand that Sphynx cats aren't hypoallergenic ____
