Occupancy: Rules 5, 6, 7 and 40

All owners must notify Management of any change in the occupancy of their units.

If you wish to rent or sell your apartment, prior notification must be given to the Board through the submission of a rental or sales package that may be obtained from Management. For non-restricted units, a waiver in writing must be granted by the Board to its right of first refusal. Please consult the By-laws for additional information concerning apartment sales and leases. Owners of restricted units have very specific rules and prohibitions regarding sales and rentals in the By-laws and the closing documents.

All owners and their tenants are required to provide Management with their current and emergency contact information. Each owner is also required to provide Management or the Board with a pass key(s) to his/her unit that will be kept in a locked box on the building premises for emergency use.

No rentals under 30 days are allowed. No Airbnb or similar transient rentals of all or part of an apartment are allowed whether or not the owner is living in the apartment at the time.

There is a fee equivalent to one month's common charges per year for all rentals.

Move-in/Move-out procedures: Rule 3

Management must be notified at least 2 weeks in advance of a moving date. Moves are restricted to the hours of 9am to 5pm Monday through Friday.

A refundable security deposit payable to Odell Clark Place Condo I is required prior to all move-ins and move-outs. Actual costs for damages incurred to the building's common areas will be deducted from this deposit. Moving companies are required to provide Management with a certificate of insurance. Details of what insurance is required may be obtained from Management.

Repairs, Maintenance & Alterations: Rules 17, 22, 23, 24, and 26

Each owner is responsible for all repairs and maintenance within the interior of his/her own apartment. Current and subsequent owners are responsible for any damage to other apartments and/or the building's common areas or systems attributed to repairs, maintenance or alterations in their unit.

Owners must notify Management before replacing or adding certain apartment fixtures for which the owner is responsible. This includes any fixtures that could impact the building's systems, design or exterior such as, but not limited to, the replacement of air conditioning/heating units, apartment front doors, window glass, faucets, toilets, installing/replacing a washer/drier or other major appliances and before making any changes to ventilation such as installing an extractor fan.

Management must be notified at least 2 weeks in advance of all structural, plumbing or electrical alteration projects. The Board reserves the right to engage an architect or engineer to approve and monitor the work, at the owner's cost. Management will advise the owner if an alteration agreement and/or Board approval is required based on the scope of the work presented. All alterations must be in compliance with the law and proper permits obtained from the city when required.

Work in the apartments is only permitted Monday through Friday from 8am until 5pm. Work is not permitted during weekends or holidays.

Owners are responsible to ensure that any debris from alteration/repair work is removed from the building and disposed of properly.

Insurance: Rules 25 and 26

Owners are required to maintain insurance covering their property in the amounts specified in Rule 25 as a minimum. Owners who rent their apartments must ensure their tenants also have renters' insurance coverage in the amounts specified in Rule 25 as a minimum. Please consult with your insurance broker to ensure that you have appropriate and adequate coverage. Proof of insurance is required annually. All contractors, service personnel, technicians, etc. must be licensed and insured; evidence of insurance must be provided in advance to Management. Management can provide details on what this insurance must include.

Owners and tenants are responsible for cleaning up after their dogs in the building's common areas and grounds, including the front sidewalk, should an accident happen within the condominium premises. New York law requires dog walkers to pick up after their pets. Under no circumstances are dogs or other animals permitted in the backyard or basement. New York City law requires that all dog owners license their dogs. The New York City Health Code requires that dog owners attach the license tag to their dog's collar while in public. Dog owners may be fined for violation of these laws.

Garbage Disposal and Recycling: Rules 32 and 33

Do not throw trash down the garbage chute unless it is contained in a bag that is securely sealed. Bags must be of a size that allows easy descent into the basement compactor. Do not leave household trash on the floor of the garbage room as it attracts vermin. All recyclables (newspapers, magazines, catalogs, cans, bottles, plastics, aluminum etc) must be placed in the designated recycling bins located in the garbage rooms on each floor. **Do not put plastic bags in any of the recycling bins.** Failure to properly dispose of recyclable material results in fines from the city so please dispose of your recyclables in the proper bin. The cleaners are not responsible for checking the content of the recycling bins. Large cartons should be flattened. Do not leave any trash in the hallways. Bulky items that do not fit into the garbage room must be carried down to the basement and placed outside the compactor room with a label that describes it as trash.

The laundry facilities are located in the basement and can be used at any time: 7 days a week, 24 hours a day by owners and their tenants, at their own risk. Please clean up after use. Any clothes left in the laundry room over 24 hours will be discarded. Any problems with the laundry machines should be reported to the company Hi-Rise that manages the machines, and to Management.

Use of the Backyard: Rules 36 and 37

The backyard is for everyone's enjoyment but please observe the basic rules contained in paragraph 37 of the Rules. In particular, noise or food generating activities are prohibited in the backyard from 10pm until 9am daily. Children must be supervised while in the backyard and no animals are permitted.
