ROUND SIX - WHAT'S NEW?

Challenge Motorsport continues to invest in its future with more equipment and infrastructure investments made in preparation for 2023. The team's ultimate objective is to launch a privateer assault on the Supercheap Auto TCR Australia championship in future years.

SANDOWN RACEWAY EXPERIENCE

The closest to a home race as feasibly possible, Sandown is one of the team's favourite tracks. "We have raced here when ever we get the chance and the Audi's straight line speed should give us an edge on this power track" said Iain McDougall.
