WHAT YOU CAN EXPECT

Listening – Getting to know you and your family allows us to match you with the right home. The type of care, the social environment, and your finances are all factors in finding your best home.

Referral – We will select properties that we have personally visited and qualified to provide the specific care that you deserve.

Tour – A personally guided tour of each referred facility will allow you to see the various pros and cons and make a fully informed decision.

Follow-up – We will follow-up with you and your family at pre-determined intervals to ensure that the transition has been smooth and that the care provided is meeting our standards. We will also personally visit your family member any time that we are visiting that facility.
