NORTH BAY CORVETTE ASSOCIATION MEMBERSHIP'S DIRECTOR REPORT SEPTEMBER 23, 2024

Steve and I have completed our trip to Bowling Green with the Pacific Central Corvette Caravan. It was a fun time for all. We even got some track time for both of us. The picture below is of us stopping by the Museum on Sunday, September 1 to say goodbye. We actually drove 7,500 miles on this trip stopping in Macon, GA, Pt. St. Lucie, FL, Dallas, TX, Phoenix, AZ and Lake Havasu, AZ after all the wonderful places on the trip out to Bowling Green. The car did beautifully and was so comfortable. We even had extra storage area we didn't use.

As for membership, I have not received any new inquiries for membership. I will be starting to work on membership renewal, which will be due November 1, per NCCC regulations.

Currently Betty does not have a firm per person price yet supposed to get a call back in about 2 weeks.

Charitable Donations have historically been \$2K each year. However, we did not donate last year with the exception of to the VFW. The proposed recipients need to be a 501C-3 organization.

American Foundation for Suicide Prevention

Meals on Wheels

The previous suggestions listed were:

VFW

NCM CARAVAN 2024

We had a nice contingent of North Bay members join Marci and me on the National Corvette Museum's Corvette Caravan from Northern California. Steve and Barbara, Jeff and son Ryan, Mike and Maryanne, Janet and Lutz, and singles Dan and Steve J, made up our gang. Jeff and Steve will probably write about the trip, so I'll talk about the anniversary at the NCM itself.

This was our fourth Caravan, and a very good one, but I think our time at the museum was one of the best. The museum ushered in four gentlemen into the Corvette Hall of Fame, three of whom we call friends. Tadge Juechter, the now retired chief Corvette Engineer leads us off. As I was standing in the autograph line, his wife, Mary, walked by and I said hello. She was with Tadge's mother, and introduced me to her and explained that I run the Corvette Corral at Laguna Seca. The fellow who was in line behind me that I had been talking to, was quite impressed that I knew Mary that well. Besides Tadge at the autograph table were past head Corvette Engineers, Tom Wallace and Dave Hill, and Doug Fehan, former Corvette Racing Program Manager, as well as some 70's Corvette race drivers and our friend Oliver Gavin, recently retired Corvette Racing driver.

The next day Marci and I ran into Oliver and his lovely wife Helen. We had a nice visit of 20 minutes or more. A few minutes later, Jeff had cornered Josh Holder, current head Corvette Engineer and also a friend of ours. Again we talked for a while when his wife, Angela came over with Josh's parents and introduced us. I talked to his dad quite a bit about the restomode 65 (or 66?) Corvette they have been building. That evening was the induction of the Hall of Fame members and afterwards at the party we ran into past Corvette and Cadillac drivers, Johnny O'Connell and Andy Pilgram. Both fellows we followed quite a bit and got to know them, and so they immediately remembered us and we had good conversations with them also.

Marci and I have been working at the Corvette Corral at Laguna Seca for the past 18 years where we have had the chance to not only meet these folks, but spend a little time with them. To me, the times at the track are some of my favorite days because of the folks we have had the honor to meet and get to know. We have met every head Corvette engineer except Zora, and lots of famous and not so famous race drivers. If you love Corvettes and all their history, then you can understand why I feel so privileged to know these folks.

Keep the shiny side up

SEPTEMBER 28, 2024

Corvette Industry News

While in Bowling Green Kentucky at the National Corvette Museum celebration in August, Chevrolet had some ZR1's on display. If this one was Black with Red Stripes, it would look a little better.

CORVETTE Racing News

The IMSA Battle of the Bricks six-hour race held at Indianapolis Motor Speedway on September 22, 2024 was a rain-filled day.

Race Results:

The No. 3 Z06 GT3.R of Garcia and Sims finished **THIRD** in the GTD PRO class; a podium finish!

Race Highlights:

Garcia and Sims's podium finish was their first since their remarkable win in the Chevrolet Grand Prix at Canadian Tire Motorsport Park.

Three full-course yellow flags kept the field close and made racing difficult during the first 100 minutes of the race.

Despite the first half of the race being plagued by rain, the No. 3 of Garcia and Sims worked their way to the front and stayed there for most of the race remainder.

The No. 3 Z06 GT3.R decided to lose the slicks and swap to wet-weather tires during the first round of pit stops. This move helped Sims navigate the slippery track and put him in a position to take the lead after another pit stop.

In the face of a third caution slowing the field for nearly an hour, Sims remained in the lead until the rain finally fizzled out at the halfway point in the race.

When Garcia took control of the No. 3, he was left battling the No. 14 Lexus and the No. 23 Aston Martin for P3 in the final 60 minutes. On the final restart, with 55 minutes left on the clock, Garcia slipped to fifth but fought his way back to fourth place with just five minutes left. Then, with only two laps left, he made the pass that landed the Pratt Miller Motorsports on the podium!

Respectfully submitted,

- Jeff

PRESIDENT'S REPORT

SEPTEMBER 28, 2024

The captain of the Pacifica Central Corvette Caravan, Don Herzer, did a splendid job of creating an interesting route to Bowling Green, KY. He took us on a route less traveled with lots of interesting places to stop and explore. Thank you, Don.

The Corvette community is a supportive community. When Don had a “major right front tire incident” near Cheyenne, WY, he got it to the nearest dealership, Tyrrell Chevrolet, only to find that it would be a couple days to get replacement tires because they are a unique size for his 2019 ZR1. A local couple (Alex and Sarah Aragon) happened to bring their ZR1 in for servicing that morning and offered to exchange their tires with him so he could get back on the road and continue leading the Caravan to Bowling Green, KY. Thank you, Corvette Community.

And here's why Ken got pulled over by the Yellowstone Park Police for driving his Z06 TO SLOW!!!.

Until next time. Save the Wave.
Respectfully,

Steve Boyer, President
