## GENERAL MEETING MINUTES

### JULY 12, 2023

Meeting Minutes

**Location:** Sam's Grill, Novato, CA

**Officers Attending In-person:** Steve Boyer (President); Jeff Farber (Vice President/Social); Mike McLucas (Treasurer); Dan Divita (Secretary); Barbara Boyer (Membership); Sebastien Jame (Publications)

**In-person members:** Gloria Aquilino; Dan Marsh; Maryanne McLucas; Peter and Annette Healy; Oscar Carcelen;; Steve Jackson; Ken Albers; Sandy Houk.

**On-line member attendees:** Eric Larson; Jane Rittler; Betty McKinnie.

**Guests:** Jeanette and Ted Meyer

**Meeting Called to Order:** 6:30

#### Officer Reports

**Membership Director Barbara Boyer** Barbara asked prospective members Ted and Jeanette Meyer to tell us a little about themselves, Jeanette and Ted, who have a 2011 crystal red convertible, have returned to their former home in Corte Madera, from which they had moved 20 years ago to Glen Ellen. They are both local natives, having been born and raised in Mill Valley. Eric Larson inquired about the contact we had received from a prospective member (Mark). Barbara indicated that despite her efforts, she and Mark had not been in contact. Barbara was advised that Mark, and his son, did join us on our most recent social drive and arrived at the restaurant while we were eating dinner.

**Secretary Dan Divita** Dan reported that the minutes of the previous meeting had been completed and were published in the latest Newsletter. At President Boyer's request, a motion for approval of the minutes was made by Annette Healy, and seconded by Mike McLucas. Minutes approved.

**Treasurer Mike McLucas** advised the club of our financial status, including our current account balance, as well as deposits and disbursements that occurred during the preceding month. The club treasury is in a positive and excellent condition. Ken Albers moved that the Treasurer's Report be approved, which was seconded by Maryanne McLucas. Motion approved.

**Publications Director Sebastien Jame**, Nothing new to report. He is working on a portable banner display for use when we are gathered together and wish to attract interested people. It is self-standing, and both the banner and the support system are collapsible for easy transport.

**Website Mater Sebastien Jame** On-going work is constant on maintaining and improving our website. No material changes anticipated at this time. We continue to receive hits on all our media channels.

**Public Relations Director William Donnelly** Bill was not at the meeting this evening but texted our President that all the Sponsor's and Advertiser's Newsletters had been distributed. Jeff Farber volunteered to handle the W-9 request from new sponsor americanmuscle.com.

Bill mentioned that despite his previous comment that he would not be around for the July 26<sup>th</sup> Board Meeting, he in fact will be home and would be happy to host the Board Meeting at his house.

**Member-at-Large Heather Torres** could not be present

**Sunshine Report** Eric reported in lieu of Lynn Larson that we were not made aware of anyone in the club (except for our President's ongoing issue), that was under the weather or dead. Relatively good news.

**Social Director Jeff Farber** Jeff acknowledged the fairly good club participation in this year's social events and thanked those members who had coordinated them. The next Social Event will be held on Saturday, July 22. The next Drive-and-Dine will be 8/2.

**Vice President Jeff Farber**, our liaison with the Western States Corvette Council (WSCC) reported that the current insurance issues with WSCC continue. This subject will be discussed at our next Board Meeting to assess our future relationship with WSCC. There will be no WSCC dues charged for 2024.

Jeff had discussions with representatives of Santa Clara Corvettes discussing how they were handling the situation. All of this information needs to be evaluated so we can

determine where we want to go. Jeff mentioned our upcoming Autocross on October 7 and 8 at Thunderhill raceway. He also mentioned that the new extended paved area of the lot we currently use will not be available to us for use as an expanded course area.

**President** Steve again mentioned the insurance issue facing us and our intent to push through the issue and determine the best course of action for the Club.

**Old Business:** Ken distributed dash plaques from the recent Laguna Seca event.

**New Business:** None.

The **Wheel –of-Car Wash** winner this week was Maryanne McLucas.

Following a motion by Ken Albers (communications difficulties prevented our usual adjournment motion maker Jane Rittler from fulfilling her duties, the meeting was adjourned.

**Meeting Adjourned:** 7:23

**Respectfully Submitted,**

## PRESIDENT'S REPORT

### JULY 27, 2023

Please attend the membership meeting August 9<sup>th</sup>, at Sam's Place. Most of us get there at 5:15 to have dinner before the 6:30 meeting. It helps support our advertiser.

This month, we will be discussing pros and cons of WSCC membership vs NCCC membership. We need your input.

News from NorCal:

August 11<sup>th</sup> through the 20<sup>th</sup> is the Monterey Car Week. There are too many events to list, so please check the website for events that might interest you. Times and locations vary. However; the Rolex Monterey Motorsports Reunion (Historic Car Races) is at Laguna Seca, August 16 – 19<sup>th</sup>. Corvette is the featured marque. There may be some NBCA involvement, several members have been known to attend some of these events.

If you're interested in going on a tour to Reno – Tahoe, join the Corvettes of Fresno (who are celebrating their 60<sup>th</sup> Anniversary this year) September 7<sup>th</sup> through the 10<sup>th</sup>. A flyer with more information and a registration sheet is on NCCC's website under the West Coast Region.

The Silver State Classic Challenge will be September 14 through the 17<sup>th</sup>. Join Jeff Farber, Helen Landis, and other WSCC members in Ely, NV, for a challenging drive at your "chosen speed category" for 120-some miles on a closed two-lane highway. Restriction apply. ☺ See WSCC's website for more details.

Santa Clara Corvettes is putting on their annual Corvette Spectacular car show in Los Altos will be September 17<sup>th</sup>. A flyer with more information and a registration sheet in also on NCCC's website under the West Coast Region, WSCC's website and Santa Clara Corvette's website.

On a personal basis, I admit to being very biased, I have the perfect "Dad Spec" C7 Grand Sport according to the definition by Car and Driver Magazine who coined the term.

From Mr. Dyer's excellent original "DS" write-up: "Not all performance cars need to be edgy and outrageous. That's where Dad Spec comes in." Dad spec'd cars should be "tastefully optioned and respectably low-key." They have all of "the performance goods, but [aren't] obnoxious about it." He continues explaining that not all cars can go DS – like a Civic Type R – but "any luxury car with a performance version that's rational rather than all-out (M550i instead of M5; Audi S instead of RS) is [automatically] Dad Spec and even a Mustang can be Dad Spec'ed... Does it have the Ford Safe and Smart package, you ask? You're damn right it does.

[The DS] is one Mustang you're not going to see wrapped around a light pole in an empty parking lot. Not because dads don't rip doughnuts, but because they're good at them." So, that's the quintessence of Dad Spec: "you take a vehicle with stacked performance and a possibly juvenile rep and option it toward luxury and understatement." (Full disclosure, I lifted the above paragraph from Corvette Blogger's July 24<sup>th</sup> "Daily Update".)

Until next time, save the wave. Can you guess where I bought this car?

**Steve Boyer**  
**President**

## SOCIAL DIRECTOR REPORT

### JULY 31, 2023

Here is July's Social Summary.....

Wednesday, July 5, was our scheduled monthly Drive N Dine. The Giordanos were hosting the Drive and picnic but due to low signups, we canceled the event. With the Independence Day holiday the day before the drive, most members had other plans and did not attend.

Our July 12 members meeting was held at Sam's Place in Novato. We held our regular Zoom meeting for those who could not join us due to distance. For those in attendance, the food was good and the chatter exceptional. Of note, Sam's fabulous trolley track that circles the restaurant, has been expanded with a custom-built circular section that suspends from the ceiling where a chandelier used to sit when the site was a Bank.

July 22 was the date for our July Social. This event was hosted by Marci and Ken Albers and started as a visit to their new home in Vacaville. The group met in Napa and drove through the backroads. There were 14 members who attended.

Following the house warming visit, the group caravanned through the delta backroads to Mac's Old House restaurant in Antioch.

[For more pictures of the July Daylonger Social, please review the blog story on our website found under Media, Social Drive.](#)

**Our next Drive N Dine is scheduled for Wednesday, August 2.** We'll meet at the San Marin High School parking lot overlooking the horse barn in Novato at 5:30pm and take pictures. After the photo shoot, we will head through the country roads of West Marin to The Monk's Kettle in Terra Linda. RSVP to attend is needed for this and all dining events. Look for an email to sign up.

**Our next Social is scheduled for Saturday, August 26.** We'll spend a morning of Corvette driving through Southern Marin and arrive in San Francisco for a visit to the Walt Disney Family Museum. There is a temporary exhibit called Disney Cat's and Dogs with character animation cels, drawings and stories from 101 Dalmatians, Pluto, Lady and the Tramp and many more.

For an up-to-the-date listing of events go to [NorthBayCorvettes.org](http://NorthBayCorvettes.org) and click on Events - NBCA Calendar

For those of you following my quest to complete my Sudoku game - I've completed 2466 of my Sudoku 10000 games.

**NBCA Public Relations Director**

# CORVETTE ENGINEERING

THE FOLLOWING IS A Q & A BETWEEN JEFF FARBER  
VP AND JOSH HOLDER, CHIEF CORVETTE PRODUCT ENGINEER.....

Q: What single item in the new eRay is the most impressive engineering feat from your perspective?

A: The overall integration of a complex system that improves Corvette's capability and driving experience. It shines on twisty back roads where all Corvettes shine, but in a way that lets you know this one is special and different. The extra 160 hp from the front axle literally pulls the car out of a corner and inspires confidence – even on roads that are wet, icy or snow covered. 0-60 acceleration is something that can only be fairly described by experiencing for yourself. More than 4ft of rubber contact patch provides traction like never before - all transmitting torque.

Q: What technical features of the C8 Z06 would you mention to a C7 Z06 owner?

A: The list is long because almost everything is different. The mid-engine architecture allows the driver to make use of Corvette's power like no front engine Corvette ever could. The driver is sitting at the center of mass and the Z06 moves around you. The driving position and command view of the road let you place the car with confidence. The stiff body/chassis structure let a suspension with high spring rates dramatically improve handling performance without punishing the driver. It's a true track car that's live-able and comfortable as a daily driver. Oh, did I mention the engine?

Q: Nostalgia question.....From your collection...What is your favorite Corvette model to work on based on ease of repair and accessibility to parts?

A: C2s are relatively easy to work on due to their simplicity and wide availability of parts. I restored a '64 and my dad and I are currently working on a '65 resto-mod. With maybe the exception of rear suspension, they are simple and easy. C5s and C6's are a close second – while obviously more complicated, they aren't too difficult and have a large catalog of available parts (as long as you aren't looking for an old control module). I find their electronics actually make them much easier to diagnose and troubleshoot problems – like all modern Corvettes, the car will generally tell you what's wrong with it.

Q: Great to be a Corvette Chief engineer question.....Name a driving event you felt lucky to participate in as a result of being a leading member of Corvette's Engineering team? (i.e drive a pace car at a race, drive Jeff's C7-Z06 less than 60 MPH in parade laps at Laguna Seca, etc)

A: Driving your Z06 at a Laguna Seca parade lap is right up there 😊 I am VERY privileged. I also don't take it for granted. I've driven some historic Corvettes including an L88. I got to start (not drive) the CERV II. I've driven modern Corvettes including architectural mules of the C6 Z06, C7 and C8 on closed tracks. We get to be part of history as it's being made even though we can't talk about it. The first time I got to drive a C8 pre-production car "in-anger" at the Milford Proving Ground is near the top of my list. It validated everything we've been working so hard on for years, and studying for decades was the leap forward we knew it would be.

## MEMBERSHIP'S DIRECTOR REPORT

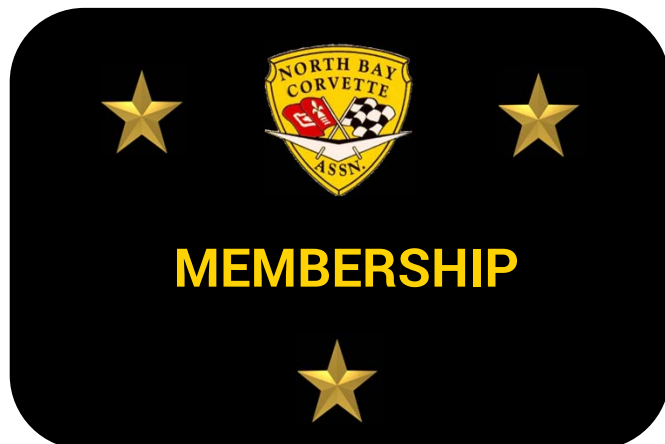

### JULY 20, 2023

#### MEMBERSHIP REPORT:

Ted and Jeanette Meyer attended our last membership meeting. They have a C6 Crystal Red Metallic Grand Sport and previously owned a C5. He said he would send his application in when he finished with his grandson's little league season.

I received an email from member Preston Greene. He unexpectedly had to move to Truckee for work. He was able to store his corvette so if he can transition back to Marin, he will rejoin us. We are sorry to see him leave.

Submitted by: Barbara Boyer, Membership Director

A vertical promotional banner for the North Bay Corvette Association. At the top, the text 'NORTH BAY CORVETTE ASSOCIATION' is written in white on a black background. Below this is the association's logo. Underneath the logo, the text 'PROMOTING THE SAFE AND ENJOYABLE OPERATION OF AMERICA'S ONLY TRUE SPORTS CAR!' is displayed in bold black letters. The banner features four small images in a 2x2 grid: 'DRIVES N DINES' (a red Corvette at a restaurant), 'CARS &amp; COFFEE' (a blue and red Corvette at a cafe), 'AUTOCROSS' (a grey Corvette on a track), and 'ROAD TRIPS' (a white Corvette on a winding road). At the bottom, a large red Corvette is shown driving on a road, with the text 'Join the Fun!' and the website 'WWW.NORTHBAYCORVETTES.ORG' below it.

Chairperson: Paul Eckert 303-807-8004 [paulbldr@yahoo.com](mailto:paulbldr@yahoo.com)

Thank you to our sponsors

Our club is investigating an alternate umbrella organization specifically to get club insurance like we had until this year. The other organization is named NCCC and has a much larger membership base than WSCC has ever had. We will discuss our findings at this month's membership meeting. For those of you that have an interest in experiencing your car in a safe, off-street manner, our club is hosting an autocross in Willows October 7 and 8. If you have gone to the Corvette Owner's school in Parhump, NV, you had an introduction to your car on a safe track. Now you can impress your kids and grandkids that you've "autocrossed" your car. Beginning drivers are welcome and will be helped. Please ask a member of the board for more details of this upcoming trip.

Respectfully submitted, - Jeff

# YOUR MAN FROM PRESCOTT

You maybe wondering why I am showing a picture of the rear of my car. Good question! Look closely at my License Plate – see how well it's lighted?

Here's the story:

I left Ohio near the Pennsylvania border early morning (3:30) and was pulled over by an Ohio State Trooper on I80. There were two people in the car so I think it might have been a training session. He asked for my License and Car Insurance, not registration. He acknowledged that he could not give me a ticket for my tinted windows. However, BOTH of my license plates lights were out. He ran my license and came back to the car and stated he was only giving me a warning. I thanked him and told him I would have never known about the lights if he hadn't pulled me over. Overall, it was a good experience.

When I got to my brother's in CT we checked and sure as shxx they were both out. Watched a You Tube video on how to change them. Decided to go with LED replacements and spent \$24 for 2 bulbs at O'Reillys. You know when most of your lights die in your car but not the license plate bulbs. We don't have inspections in Arizona, but I did have the car into the Chevy Dealer for a safety inspection before I left. If they were out at that time, they didn't notice it.

So, walk around your car occasionally and check your lights. A word to the wise is sufficient.

Your man from Prescott.

# Auto-Cross

Welcome to the registration page for the North Bay Corvette Association autocross series. NBCA was established in 1967 and has been offering a variety of activities including competition events for Sports car enthusiasts in Northern California. We operate near real-time scoring and all car types are included in the results and get ranked in top time of day results. You can see how you did against all drivers and cars.

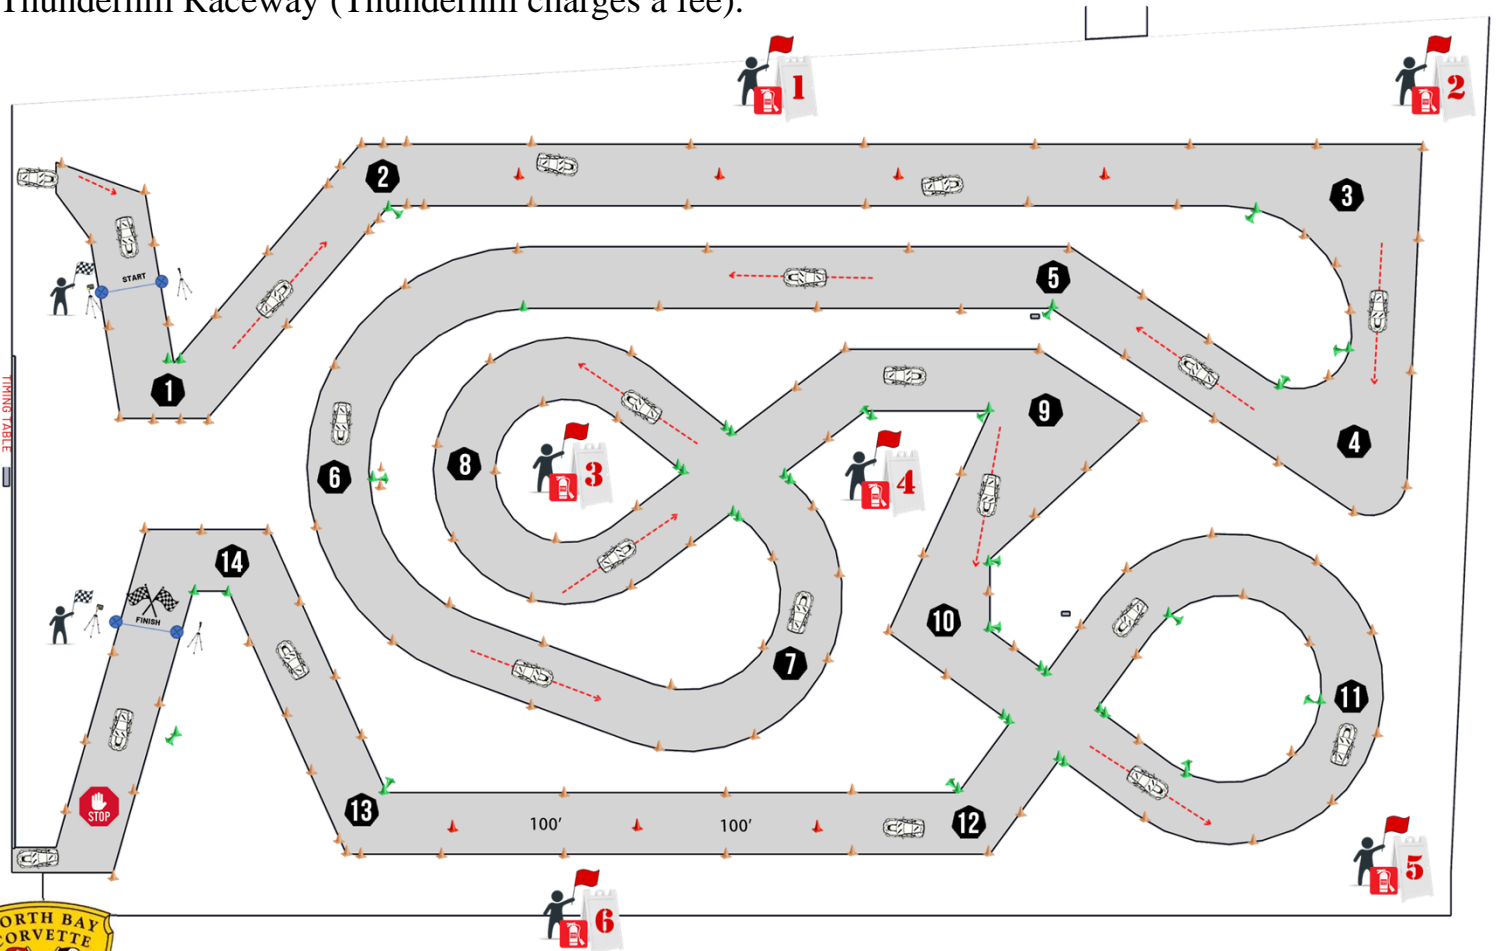

We give 5 runs to each entrant ( maybe more.) You are welcome to register for two run groups on Saturday for twice the fun. Also on Saturdays, we usually have fun runs after the last run group, charging 2 runs for \$20 (Please bring cash for fun runs!)

Come out and join us for some good old Nord Fjord fun.

\* Motorhomes / camping trailers may stay overnight at Thunderhill Raceway (Thunderhill charges a fee).

# PCAM Wheels & Wings Car Show

Save  
the  
Date

The PCAM Wheels & Wings car show is a unique gathering of meticulously restored classic and muscle cars from every era and description. The cars are parked right next to some of the museum's high performance historic aircraft which makes for some great photo ops. So bring your camera, your kids and your love of mechanical magnificence. This is a great family weekend event.

# *Wheels & Wings*

## *2023 Car Show*

# 27th Annual Nostalgia Days Cruise + Car Show

Save  
the  
Date

With 26 years behind us, Nostalgia Days — presented by the Downtown Novato Business Association — has become a cornerstone event in Downtown Novato, California. Each year the city closes down 7 blocks of beautifully tree lined Grant Avenue for a full day for car enthusiasts to enjoy the show.

With the sound of classic rock ‘n roll floating in the air and a live band playing, thousands of visitors enjoy free admission as they admire hundreds of vehicles of all types, including classic cars, hot rods and kustoms – just to name a few. The afternoon is capped off with a full slate of awards given to the best in each category as well as cash prizes for Best in Show and the People’s Choice. Hundreds of local families come out to cheer for the police escorted Hot Rod Cruise through Downtown Novato on the Friday evening before the main event.

# BBQ & BOCCE BALL

Save  
the  
Date

Steve and Barbara will host us for Bocce and a BBQ at Marin Bocce. They hosted us several years ago at this great facility and it was an extremely fun day. Bocce is very easy - just roll the ball.

## NORTH BAY CORVETTE

# BOCCE BALL RULES

- FORM TWO TEAMS OF 2 - 4 PLAYERS
- ONE TEAM TOSSES THE "PALLINA" (LITTLE BALL) DOWN COURT
- TEAMS ALTERNATE TOSSING BOCCE BALLS, TRYING TO GET CLOSEST TO THE PALLINA OR TO KNOCK THE OPPONENTS' BALLS AWAY
- THE CLOSEST TEAM SCORES POINTS FOR EACH BALL CLOSER THAN THE OPPOSING TEAM'S BALLS
- THE FIRST TEAM TO SCORE 11 POINTS, **WINS**

# THE 10 CORVETTES COMMANDMENTS

**As a corvette owner,  
I solemnly swear that I will abide by the  
10 Corvette Commandments**

- 1. Thou shalt not loan a Corvette to anyone.**
- 2. Thou shalt not bring a Corvette to an automatic car wash.**
- 3. Thou shalt not fail to wave to a fellow owner.**
- 4. Thou shalt not swear at Corvette – for it is very temperamental.**
- 5. Thou shalt not cruise on an unpaved road.**
- 6. Thou shalt not pass a fellow Corvette owner in distress.**
- 7. Thou shalt not feed with budget grade fuel.**
- 8. Thou shalt not expose Corvette to severe weather conditions.**
- 9. Thou shalt not forget to activate alarm.**
- 10. Thou shalt not acknowledge a Porsche or 280 Z as being true sports cars.**

The current WSCC clubs are:

**Colorado Corvette Club**  
**Mountain Corvettes**  
**North Bay Corvette Association**  
**South Valley Corvette Club**  
**Team ZR-1 USA**

**NCM AMBASSADOR**

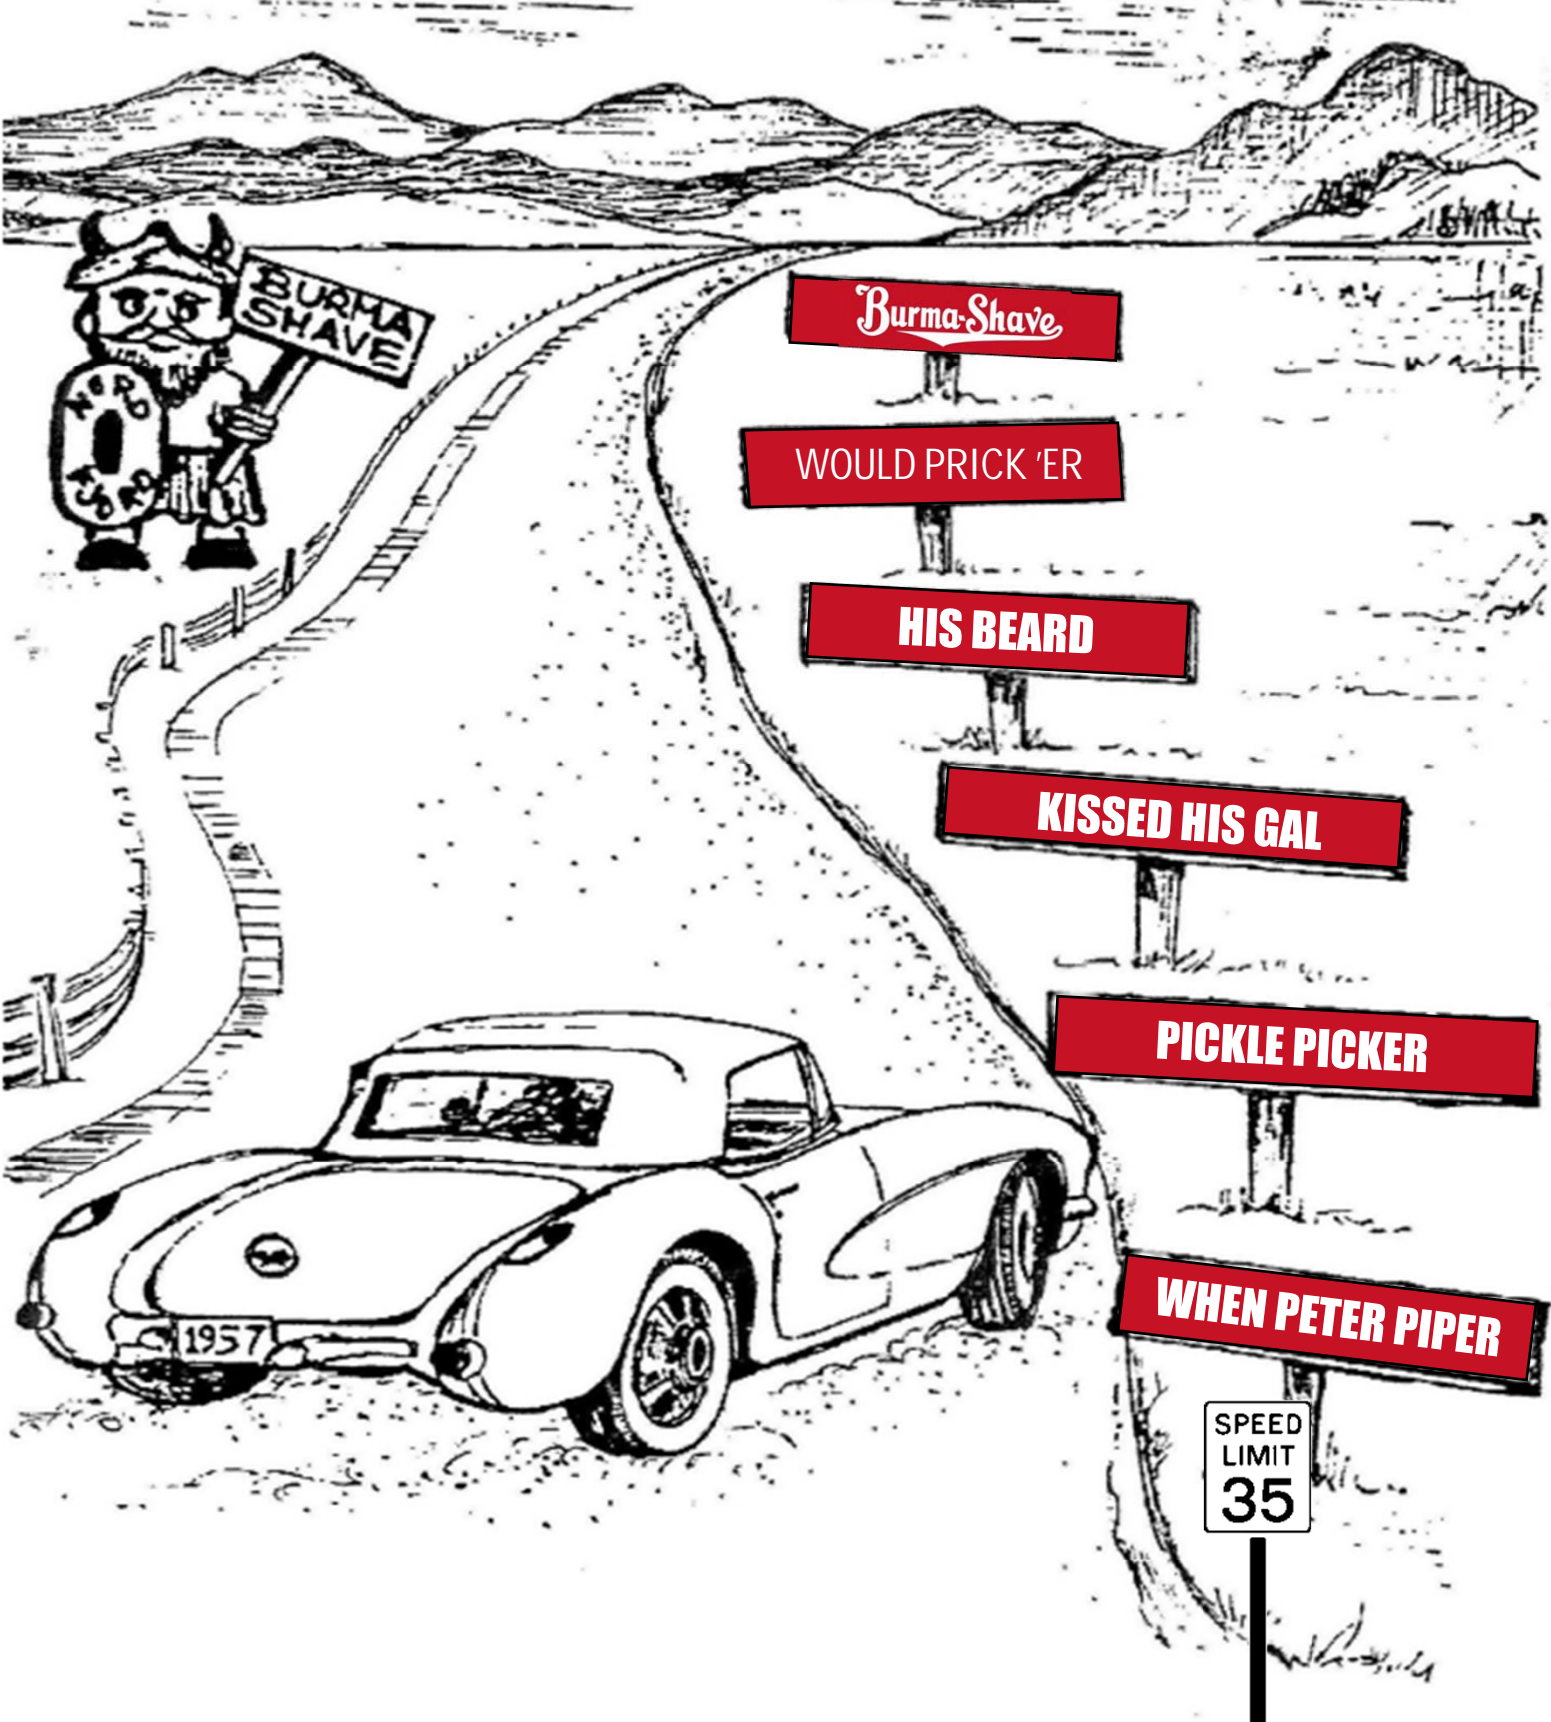

## **North Bay Corvette Association**
