PRESIDENT'S REPORT

MAY 30, 2023

Greetings all, from IMSA.com:

WeatherTech Mercedes Wins GTD PRO at WeatherTech Raceway

Jules Gounon took advantage of others' missteps to claim victory in GTD PRO.

Gounon moved into first place with 37 minutes left when Ross Gunn in the No. 23 Heart of Racing Team Aston Martin Vantage GT3 and Antonio Garcia in the No. 3 Corvette Racing Corvette C8.R GTD were issued penalties of stop plus two minutes and 50 seconds (a duration equal to two race laps) for taking improper wave-bys (or "Pass Arounds") during the race's final full-course caution period.

From Corvette blogger:

ANTONIO GARCIA, NO. 3 MOBIL 1/SiriusXM CHEVROLET CORVETTE C8.R – FINISHED FOURTH IN GTD PRO:

"It's a situation where when it's green, you're fighting all the GTDs. But when it comes to the safety car, we aren't the same category. So, we need to figure that out. The safety car split the GTD field. The GTD leader was the real GT leader, so that's why everyone behind us moved to the right to get a pass-around, and the 23 moved to the right, as well. But because we were the GTD PRO leaders, we should have stayed where we were. But that's the way the rules are. I just made a mistake and went to follow the 23 when they were wrong. I had a big queue of GTDs behind me, and all I could see behind me were GT cars moving to the right. So that's what confused me. If I could have seen the Mercedes or Lexus GTD PRO cars behind me staying to the left, I would have figured it out. But there were a ton of cars between us. It's a mistake that shouldn't happen. On race pace, we had a car to win. We did everything right on strategy to be in the lead. As we showed at the end, I think we had a little more on tire degradation. We'll review what happened, do a full analysis of the situation, and I know this won't happen again."

Garcia passed the 23 during the last half-hour of the race and would have won the race if he and the 23 hadn't went around the pace car. Once again, sorry, Ken.

For all of you that went to the races at Laguna Seca in May:

SOCIAL DIRECTOR REPORT

MAY 22, 2023

May's Social Summary.

Wednesday, May 3, we held our second Drive N Dine of the year. The weather was marginal but held up so we could take pictures in front of Matt & Jeff's Car Wash in Novato. Our Social Director created a route that took the caravan west through Novato and into Petaluma to Crooked Goat Brewing.

A small group of five cars participated in the caravan and were met by six members at Crooked Goat. The group enjoyed refreshments and food delivered by nearby Acme Burgers.

For more pictures of the May Drive N Dine, please review the blog story on our website found under Media, Drive N Dine.

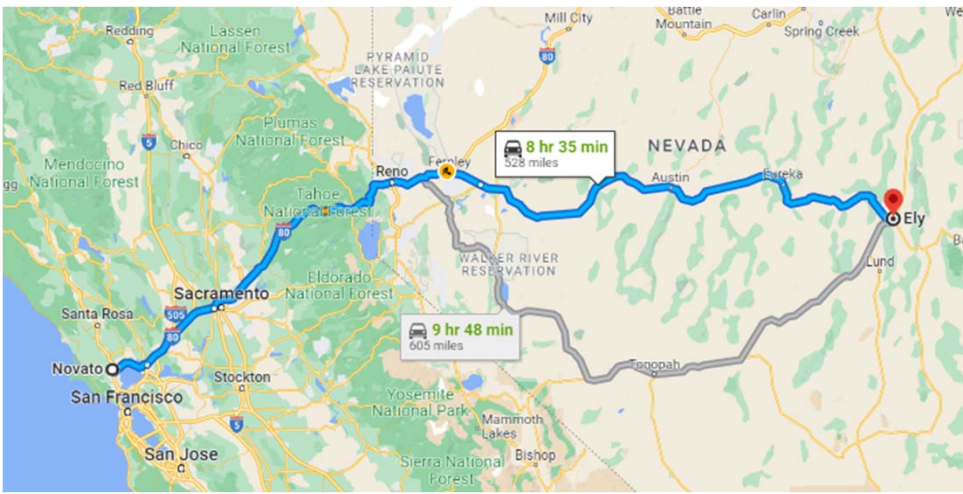

Our major event of the year, the Weekender to Solvang was coordinated and hosted by Eric & Lynn Larson and Steve Jackson. A significant amount of planning was involved including a practice run and those participating were quite

enthusiastic about the trip. A large contingent of members participated. See the separate article in this newsletter for details.

For more pictures of the May Social trip to Solvang, please review the blog story on our website found under Media, Social Drive.

Our May 10 members meeting was held at Sam's Place in Novato with an overflowing crowd for both dinner and the meeting. During dinner, there was a special 45-minute presentation on the Nevada Open Road Challenge. We held our regular Zoom meeting for those who could not join us in person.

What a busy month of activities it was in May. A huge annual event was held last month. The IMSA races were held in Monterrey and Ken Albers again welcomed the Corvette Racing team and Chevrolet representatives to our area. His team of volunteers helped run the Corvette Corral and hospitality tent for 200 Corvettes.

Northbay Corvettes went to Solvang and Beyond..

It was a nice Friday morning at Northgate Mall where 19 members met with 11 Corvettes. We passed out our goodie bags, maps, had our drivers meeting, and hit the road heading south on Hwy.101. The chosen route was Hwy.101 to CA 1 to enjoy the coast. Weather was good and we managed to get through San Francisco to Hwy. 1 to make our first pit stop and regroup and Montara State Beach. Eric's direction were good but one problem which said slight right and should have been slight left. This split up the group a bit, but we found each other again at the beach stop. We made it to our lunch stop at Ellie's in Salinas right on time and we were joined by two couples from Discovery Bay Corvettes. We had a good lunch with 23 people and 13 cars. We traveled the rest of the way to Solvang with one pit stop just north of Paso Robles. We gassed up when we came into Solvang then converged on the Solvang Inn and Cottages. We quickly got moved into our respective rooms and Eric and Lynn opened their room for hospitality which we had plenty of snacks, great company and told many stories. Bill brought his Corvette Racing game which was enjoyed by all. We ordered Pizza for dinner and topped it off with Moose Milk for dessert.

We got an early start the Saturday morning taking a nice drive going by Cachuma Lake on our route to 101 South. We had a pit stop then to the Petersen Auto Museum. We had a nice tour with the Docent, then went our separate ways to revisit those cars and the Vault below where they had 250 cars parked which was everything from antiques, customs, race, special models, and everything in between. Most of us had something to eat for lunch at their café and we slowly peeled off in separate small groups to head back to Solvang. That evening many of us gathered for dinner at Split Peas Soup Andersen's in Buellton, which Steve had arranged. We had a nice dinner in a private room. Some stayed in Solvang to watch the Warriors lose their game. We then had some more hospitality in our room to cap the day off.

Sunday was leisurely day, and everyone went separate ways and did breakfast, walk through town, antique Motorcycle Museum, and more. We converged in the late afternoon by the pool for some wine tasting, snacks, and Corvette Racing showed up again. We went our separate ways for dinner and a small final hospitality in our room to close the weekend and finish the last of the Moose Milk. Our guests from Discovery Bay enjoyed it so much they want to join our club.

Monday we gathered for our departure home. We stayed together for the most part, some stopped in Salinas for lunch, and others went on. It was a great trip and if you didn't go you really missed a good time.

I will be hosting another weekend getaway next spring looking at Carson City and Yerington Nevada.

TRIVIA ANSWERS

- 1 – **[False]** - The Z06 nameplate was originally an alpha-numeric order option code. The Z signified special packages and performance packages.
2. **[One]** - It was offered only in 1963 and was scrapped for subsequent years after Zora Arkus-Duntov argued that the split interfered with the driver’s rear visibility.
- 3- **[True]** In 1962, a 4-passenger prototype was built in response to Ford’s 4-passenger Thunderbird, but it was never produced.
- 4- **Alan Shepard** arrived at space training in 1959 in the 1957 Corvette he owned at the time. All of the Mercury 7 astronauts later received Corvettes through a local Florida dealer.
- 5- **[1956]** Ms. Skelton held several land speed records, but in 1956, she hit a record 145.044 mph in her Corvette on the Daytona Beach sand flats.
