## North Bay Corvette Association Membership's Director Report August 16, 2024

By the time you read this we will have completed our trip to Bowling Green with the Pacific Central Corvette Caravan. Steve and I did this trip five years ago and had a wonderful time.

September 1, 2019

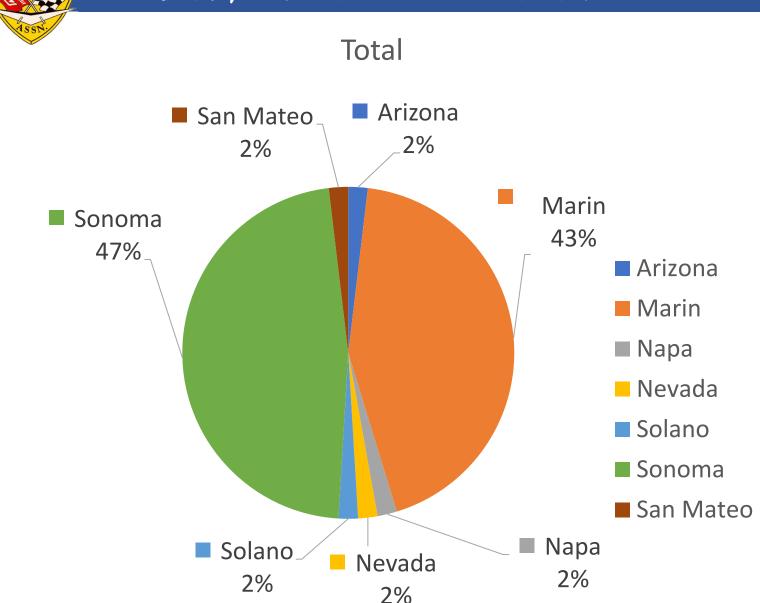

The picture above was taken on the last day at the Museum just before we all started our return trips home. From left to right, Mike and Maryanne McLucas' brand new C7, Jeff Farber's C7 and Steve and Barbara Boyer's C7.

I hope to get the same picture this year but now we have two C8's and C7. It should be fun! As for membership, I received one inquiry from the NBCA's website about meeting locations. I sent that person an email with an invitation to our meetings and drives. I received an application in the mail from another person and have sent them more information and invitations to events.

#### **Old Business:**

Nothing to contribute.

#### **New Business:**

Charitable Donations have historically been \$2K each year. However, we did not last year With the exception of to the VFW.

The club need to make some charitable contribution to maintain our status with the IRS etc.. Suggestions to get the discussion started were:

VFW \$500

Hannah's Boys Center \$250

Momma Bears Fighting Cancer \$250

Matrix \$250

Pacific Coast Air Museum

The proposed recipients need to be a 501C-3 organization.

Addition suggestions

Tunnels to Towers – help pay off mortgages for wounded, lost veterans Project Recover - Dive team part of Paul Allens group that recovers MIA remains.

Meals on Wheels

Local SPCA - the local group/division not to national as locals don't see much local

Donations are seen locally. Ken adopted locally through SPCA.

5150 takes donations for animals of elderly to help pay vet bills etc to keep their companions.

Please bring information about the proposal to the meeting.

Additional Comments:

Historically the club has donated locally

It was suggested not to donate to the VFW as its support during and after the parade including food preparation and volunteer support has been poor. The don't have volunteer support that is need to fill the need successfully

A vet parade participant said he did not see the above but doesn't see behind the scenes. Mike McLucas did mention it was March before we received a Thank You for our donation. We (NBCA) have to donate to drop \$ balance to not loose non-profit status.

Steve B. wants the Club to stay within the simple reporting requirements.

We want to support Veterans there are other groups bring your suggestion to meeting. At the meeting then we can qualify the suggestions and determine how many and how much to donate.

## North Bay Corvette Association Social Director Report August 28, 2024

#### Aug 7 - Drive n Dine to Hopmonk - Novato

(20 people dined, 12 cars in Caravan)

Our special thanks to Steve and Barbara Boyer for hosting this event.

This event had a short drive that started at San Marin High School and headed west toward the coast. Upon reaching Petaluma Hill Road, the group turned right and headed toward Petaluma. The caravan turned onto San Antonio Road and headed east toward the freeway. San Antonio Road ended at Hwy 101, where the group headed south back toward Novato, and entered the Village Oaks shopping center and Hopmonk for a nice dinner.

#### There will be no social event for August due to many members attending the Caravan

I'm writing this while in Bowling Green, Kentucky at the National Corvette Museum. The trip took eight days and covered about 2600 miles. There are 5000 corvettes in Bowling Green and of course, more people. It is very exciting to be here with what appears to be every Corvette owner in the country!

# WHINERS MEET AND GO FOR A DRIVE ....

It was a mild Saturday morning where we met at the Horsepower Ranch Car Collection, greeted with Coffee and Pastries. Many had stopped on the way and got Angelo's sandwiches for our picnic lunch later. There was a few veteran members and a few newer members which consisted of; Eric & Lynn, Steve & Barbara, Ken & Marci, Steve & Jane, Dan & Margaret, Barry & Judy. We all mingled and looked over the car collection and then a 10 am hit the road, heading north through the Sonoma Valley, then took Calistoga Road to hwy. 29 over the hills through Middletown and Lower Lake to our first destination at Gregory Graham Winery. The traffic was light and we were able to enjoy the windy roads, exercising our cars a bit, which is always fun. The winery is a small, very personal winery which Eric & Lynn had become friendly with over the years and we were greeted by the owners, where they had a garden setting with tables for our picnic and wine tasting. It was very nice setting where we enjoyed our lunches, wines, and good company. After about an hour and a half we gathered up our things, purchased some wine, and saddled up for our next winery destination. Two our couples had other obligations, so they went on their own way. We headed back toward Middle town and turned off on Butts Canyon Road where we traveled about 5 miles to Langtry Winery. This is a winery that Eric had driven by many times but never stopped, so he though we'd give it a try. They have a lot of acreage, and an impressive building located on a hill next to the road and pond. The cars left were of 4 generations, C5,6,7,8, making for a nice picture. We met the wine maker, Scotty, whom was working the tasting room, and liked cars (previous Corvette owner) with plenty to talk about.

We were inside at the tasting bar area, but they also have outdoor seating where you can enjoy the view, have a picnic, and play Corn Hole if you wish. This was very enjoyable setting and will plan to go back. After we completed our tastings and made a few purchases we headed out, continuing toward Pope Valley where Ken and Marci turned toward Vacaville, and the other three cars headed west over the hill to the Napa Valley. We soon realized that maybe dinner would be necessary, so Eric, Lynn, Steve, Jane, Steve & Barbara ended the journey at a small Italian restaurant in Sonoma, which was a great way to end the day.

This was an easy day to plan and execute, so if you have a favorite drive and destination, put something together and share it with the other club members. Many of us our on the Corvette Caravan while you read this making more memories together. Cheers!

## North Bay Corvette Association Vice President's Message August 16, 2024

#### **Corvette Industry News**

Corvettes of Carlisle, the largest annual Corvette gathering was held August 25, 2024. There are more than 5000 Corvettes at this event annually. About 300 of the Corvettes left the event to Caravan to the Anniversary celebration at the National Corvette Museum starting on August 29. Chevrolet brings their "assets" (engineers and product managers) and displays their new Corvettes at this event. There was a big focus on the new eRay.

#### **CORVETTE Racing News**

Chevrolet is very involved in several sports car racing series. The most prominent racing series is called IMSA. Chevrolet designed the C8 Corvette so it could be used on the street and racing with their prominent race partner Pratt Miller Engineering. The Corvette race program was a full factory race program until this year when it became a partnership race program. If you wish to fund a race team, whether it be pro or amateur, you can now buy a race car from Chevrolet based on the C8 Z06. It is called the Z06 GT3.R and four race teams are running this car this year.

## Umbrella Organization News (Western States Corvette Council & National Council of Corvette Clubs)

There is no new WSCC or NCCC news.

#### **Corvette Caravan News**

A sizable group of club members are touring the country or returning from Bowling Green, Kentucky after attending the National Corvette Museum 30th anniversary celebration.

#### Sudoku

For those of you following my Sudoku quest to complete 10000 games, I'm now at game 2920. I'm averaging 19 minutes per Moderate game. After Advanced, there's Hard, Very Hard, Fiendish, then Nightmare. I hope to get the remaining Moderate games finished in 2025.

Respectfully submitted,

PCAM Wheels & Wings Car Show

The PCAM Wheels & Wings car show is a unique gathering of meticulously restored classic and muscle cars from every era and description. The cars are parked right next to some of the museum's high performance historic aircraft which makes for some great photo ops. So bring your camera, your kids and your love of mechanical magnificence. This is a great family weekend event.

## NORTH BAY CORVETTE ASSOCIATION PRESIDENT'S REPORT AUGUST 16, 2024

Several of our Board Members are driving to Bowling Green, KY, in the National Caravan that takes place every 5 years. It's a great time on the drive out, and also a great time at the National Corvette Museum and the factory where our beloved cars are made. Barbara and I are going again like we did 5 years ago. See you all when we get back.

In November we will be voting for new members on our Board of Directors. Several of our current officers have indicated that they are willing to serve an additional two-year term except for the Treasurer and the Social Director. So, if you are interested in either of those positions, or know someone you want to nominate, contact Jeff Farber who has agreed to be the Board Member on the Nominating Committee this year.

When you're not at one of our activities, you're missing out. You might want to spice up your life with participating in the Nostalgia Days in Novato this year. More info is available in our newsletter and you need to register soon to get a spot. We will be showing our Corvettes in front of Jeff Farber's office on Grant Street on October 12<sup>th</sup>.

Here's Barbara and I at the Novato Nostalgia Days show in 2022

Until next time. Save the Wave.

Respectfully,

Steve Boyer, President
