OUR SERVICES

Our comprehensive painting services are designed to meet both residential and commercial needs, ensuring every project from interior walls to expansive outdoor areas receives detailed attention. Our internal painting processes include careful preparation, such as surface smoothing and the application of multiple coats to ensure a superior finish, with competitive prices.

For exterior surfaces, whether it's rendered walls, brickwork, or weatherboard treatments, we incorporate essential steps like sanding, gap filling and pressure cleaning to ensure durability and aesthetics.

Additionally, we offer specialised services like roof restoration, epoxy flooring with decorative options and comprehensive driveway and deck restorations, each tailored to enhance and protect your property.

OUR WORK

Our team of qualified and professional painters, work with designers and homeowners to not only make their visions come to life but to exceed expectations with our quality workmanship.

Crisp lines, hand painted arches, dropped exposed ceilings and trowelled concrete effect feature walls are just some of the work we love to showcase. It's the power of paint, combined with prestine application that completes a project.

OUR WORK

LOBBY REVITALISATION

144 EDWARD STREET, BRISBANE CITY

At 144 Edward Street in Brisbane's CBD, the DW Painting team took on a project that was more than just a fresh coat of paint; it was about elevating the entire atmosphere of the Lobby space. Our team showcased their multi-faceted skills, working at heights with precision and safety to ensure every corner received the attention it deserved.

The showstopper of this lobby was the 500m2 of Haymes Rendertex feature walls, with a trowled finish. This specialised application technique, added texture and depth to the walls, transforming it into a visual centerpiece that immediately catches the eye. This lobby not only welcomes but also impresses and sets the tone for the rest of the building.

It's projects like these that affirm our commitment to quality, versatility and the ability to go beyond the ordinary to deliver extraordinary results.

OUR WORK

COMMERCIAL

This Brisbane City office fit-out spanned across 1400m² with seven different feature colours and 130m² of Dulux Concrete Effect feature walls and ceilings.

This gym fit-out was completely blacked out, from ceiling tiles, walls and woodwork, even going as far as re-spraying of external aluminium window and door frames.

OUR WORK

LOBBY REVITALISATION 128 BUNDALL ROAD, GOLD COAST

The transformation of this lobby, saw it go from bland and boring to modern and sleek, while utilising a black and gold colour scheme across five floors.

The team completed the project during 'after hours', in order to maintain minimal disruption to current tenants of the building.

Within the same corporate building, DW Painting also completed multiple spec fitouts and painted the exterior balconies.

OUTKAST

OUR WORK

INDUSTRIAL PAINTING TESLA, SYDNEY

The team went above and beyond to refresh this Tesla Service Centre, with 3000m² of walls and 100m² of epoxy flooring.

The use of 2 elevated work platforms and they got this completed within 7 working days.

The dedication and efficiency were evident in every aspect of the project. The freshly painted walls now gleam with a pristine finish, and the new epoxy flooring adds a sleek, modern touch to the entire space.

This project stands as a testament to what can be achieved with careful planning, teamwork, and a shared vision of excellence.

OUR WORK

RESIDENTIAL

BRISBANE

This renovation had our team not only completing a full internal paint and staining of wooden floor boards, but also restoring the old external weatherboards and completing a driveway restoration.

GOLD COAST

This beautiful waterfront apartment got the modern freshen up and makeover it needed before going straight on the market.

MEET THE TEAM

DEAN WILSON | DIRECTOR & HEAD PAINTER

Dean comes from a long lineage of painters, beginning his journey by working part-time with his father at the age of 14 in Melbourne.

In 2018, he relocated to the Gold Coast to chase his dream of becoming a professional swimmer with the Australian National Swim Team. During this time, he broadened his expertise, techniques, and knowledge across various paint applications, taking on the role of site foreman to ensure projects were completed on schedule while maintaining high-quality finishes.

Over the years, Dean refined his painting systems, incorporating modern and innovative methods for enhanced efficiency, leading to the establishment of DW Painting Solutions in 2020. Within the next three years, he expanded his team to manage the increasing workload and transitioned from a Sole Trader structure to a Company entity in July 2023.

RENEE SHAW | FINANCE MANAGER & ESTIMATOR

Renee is a CPA-qualified accountant with a diverse background, having navigated multiple industries throughout her 11-year accounting career.

Since taking maternity leave in 2023, she has dedicated her time to applying her financial expertise to the family business. Renee's accounting skills have been invaluable to the company, enabling her to leverage her knowledge to find cost-effective strategies that enhance DW Painting's competitive pricing.

PAUL ALLERY | FOREMAN / QUALIFIED PAINTER

With over 30 years of experience in the painting industry, Paul takes pride in fostering strong client relationships while ensuring projects are completed efficiently.

SURAJ RIJAL | 2IC / QUALIFIED PAINTER

Originally from Nepal, Suraj moved to Australia eight years ago and earned his Painting qualification in Tasmania. His prior experience within 'finishing teams' showcases his commitment to delivering perfection in every project.

LAWRENCE / BUDDY / DOUGLAS / JADEN | QUALIFIED PAINTERS

All team members are fully qualified painters, bringing years of experience and multiple licenses to the table.

For any inquiries about your upcoming painting project, feel free to get in touch with Dean and the team.

“ DW Painting Solutions are a step above the rest. Great quality work, great pricing and most importantly trustworthy. I have utilised them primarily for commercial office work; but most recently painting out an exposed ceiling across 400 square metres. Cannot recommend them highly enough.
