

FLORACARE

Composition :

Lactobacillus
Sporogenes 80 mill CFU,
Live Yeast Culture - 2mg,
Liver extract - 10mg

Indication :

Anorexia, Fibre Digenstion,
Imporves VFAs & Fat
Anorexia of Unkown Etiology
Supportive Therapy with Antibiotics
Supportive Therapy with Anthelmintics
Indigestion / Poor Rumen Function

Benifits :

For support during Antibiotic Therapy
For Better Feed Intake & Better FCR
To Improve Digestion
To Maintain Healthy Gut & Rumen
For Better health & Better Immunity

Dosage :

Buffalo/Cow/Camel -1-2 bolus BD for 3-5 day
Sheep / Goat - 1/2-1 bolus daily for 3-5 day.

Presentation : Box of

30 x 4's Strips

The Best Choice for Anorexia

ज्यादा भूख के लिए
४ गुणा पावर की गोली

ANIONIC SALT MIXTURE

- Prevents Mastitis
- Prevents Milk Fever
- Prevents retention of Placenta
- Prevents Negative Energy Balance

Indication

- Helps in Prevention of Mastitis & Milk Fever
- In Transition Period of Cattle

Dosage

- 1 Sachet OD or As Directed by Veterinarian

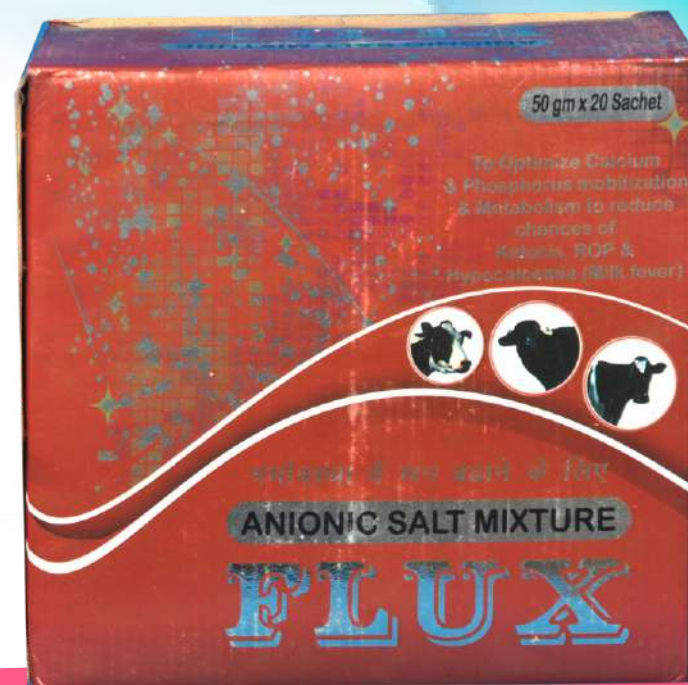

Presentation

- 50gm x 20 Sachet OD

एक पुड़ीया रोज २० दिनों तक बच्चा देने से पहले

निरन्तर उत्पादन के लिए प्रजनन जरूरी है ।

FLUX के साथ कैल्सियम एवं मिनरल न दें।

Before Flux

After Flux

GASNIL

Cure the Bloat with gasnil

Composition

- Magnesium Carbonate.
Each Sachet contains :
Magnesium Carbonate 16 gm

Indication

- Bloat, Gas, Tympany
Indigestion, Impaction

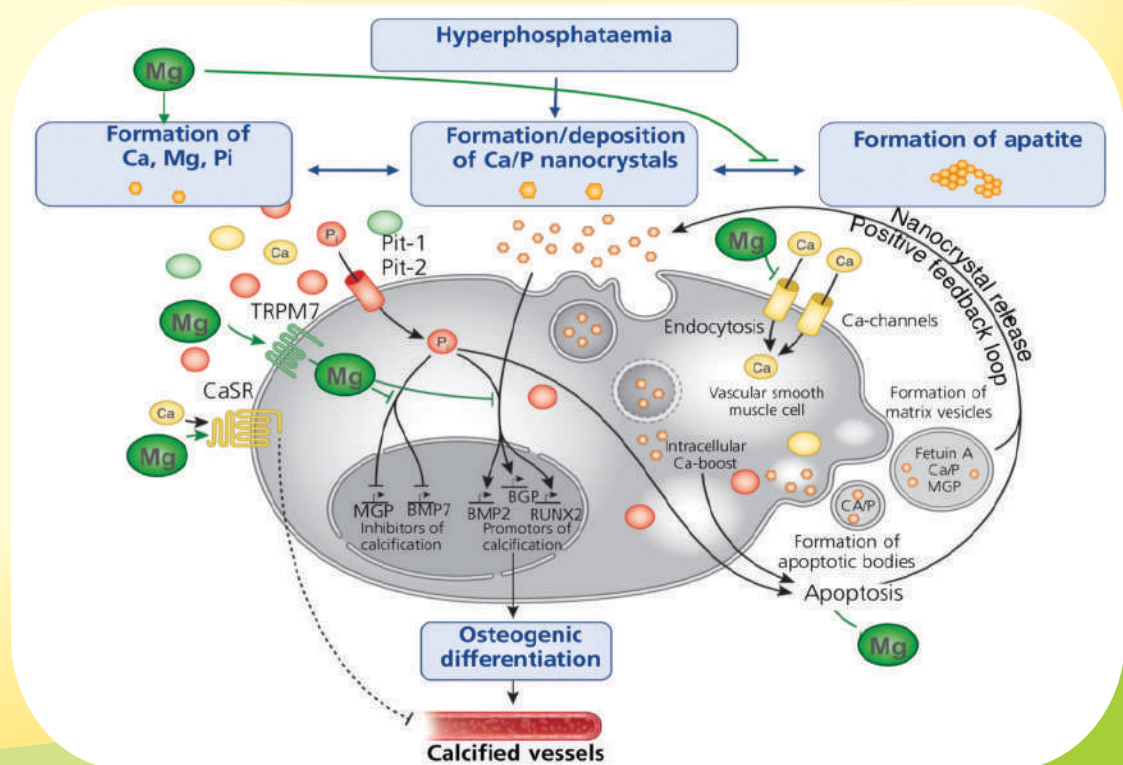

Presentation

- 16 gm. Sachet.

Dosage

- Large Animal : 1-2 Sachet SOS
- One Sachet Daily as RUMEN MODIFIER

Pack : Box of 10 x 16 gm

RUMILAX

Cure the Constipation with Rumilax

Composition

- Each Sachet Contains :
Sodium Sulphate 60 gm

Indication

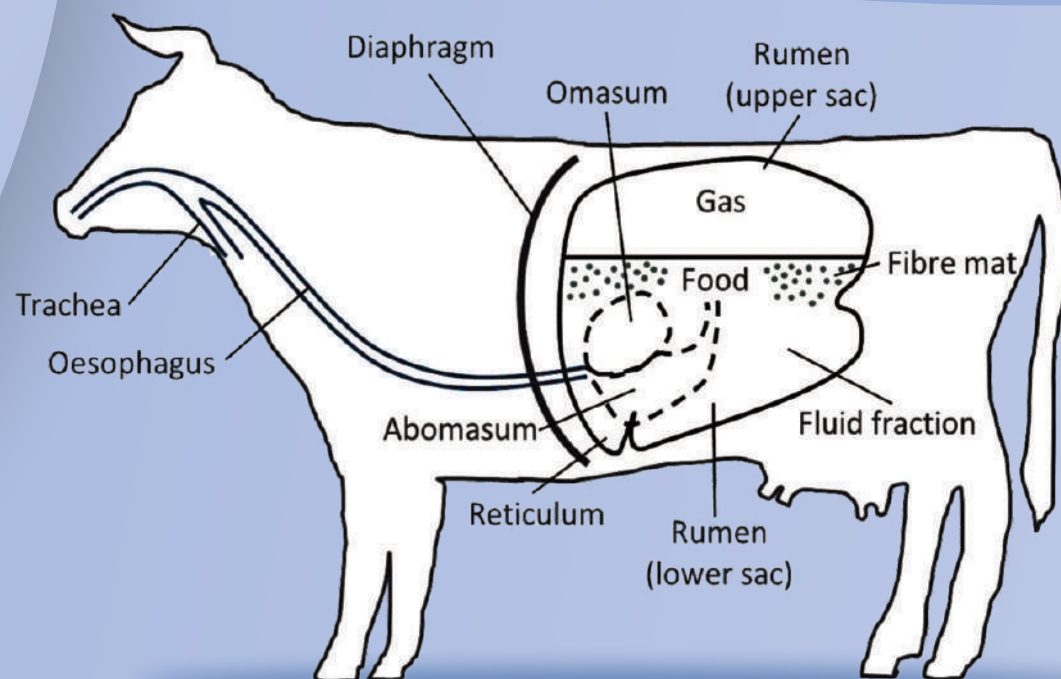

- Works as Laxative
Intestinal motility, Restores,
Normal Functioning of GI System
and Rejuvenation for good Digestion.
Improves Digestion and Performance.

Dosage

- Large Animals : 1-3 Sachet SOS
- One Sachet OD as
RUMEN MODIFIER

Presentation

- 60 gm. Sachet.

Pack : Box of 5 x 60 gm.

TRACEMIN-7

Vitamin A – 18000 IU , Vitamin E(50%) - 300 mg
Cobalt Chloride - 20mg, Ferrous Sulphate - 250 mg
Zinc Sulphate - 60 mg, Copper Sulphate - 70 mg
Iodine - 1 mg, Lysine mono HCL - 20 mg
D-L-Methionine - 80 mg,
Selenium as Solium Selenate - 50 mcg
Magnesium Hydroxide - 50 mg

Indication

- Infertility, Debility, Repeat breeding, Production

Dosage

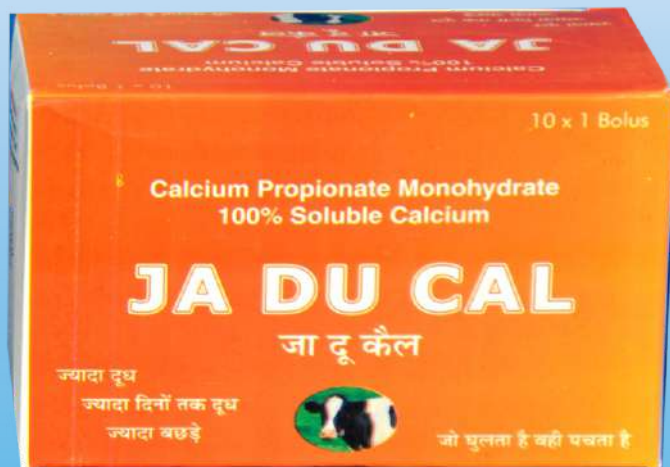

- Large Animals : 1 bolus daily 21 days
As Directed by Veterinarian

Presentation

- Box of 7 x 3 Boli

Ja Du Cal Ka Jadu Pilana Hain Mushkil, Khilana Hain Asan

JA DU CAL

Calcium Propionate monohydrate 100% Soluble Calcium

Composition

- Each bolus Contains Calcium Propionate monohydrate 10,000 mg.

Indication

- Calcium replenisher for high milkers

Dosage

- 1 Bolus OD for 10 days

Presentation

- Box of 1 x 10 Bolus
- 10 Litre of milk contains 11500 mg. of calcium.
10 Litre of colostrum contains 22500 mg. of calcium.
100 ml. of calcium tonic contains only 1750 mg. of calcium. (Not sufficient)
- **Ja Du Cal** the only solution to Replenish the heavy outflow of calcium as it contains 10000 mg. of calcium propionate in one bolus.

NUTRAL

Trisodium Citrate

Composition

- Trisodium Citrate 15 gm.

Indication

- Mastitis, Diarrhoea, PH balancer, Milk Production

Presentation

- 15gm Sachet

Dosage

- 30 mg/kgbdwt for 7-10days

- * Trisodium Citrate for the treatment of Mastitis - Indian Veterinary Association
- * Trisodium Citrate Purchased under Intensive Mastitis Control Prog.
- * Anticoagulant activity, buffering agent
- * Brings the PH of Systemic Fluid of the body to Neutral

A Complete solution for Dairy Farming

INOPHOS Bol.

Composition

- Each bolus Contains 10 gm.
- Sodium Acid Phosphate

Indication

- Anoestrus
- Infertility
- Peak Lactation

Dosage

- 1 Bolus OD

Presentation

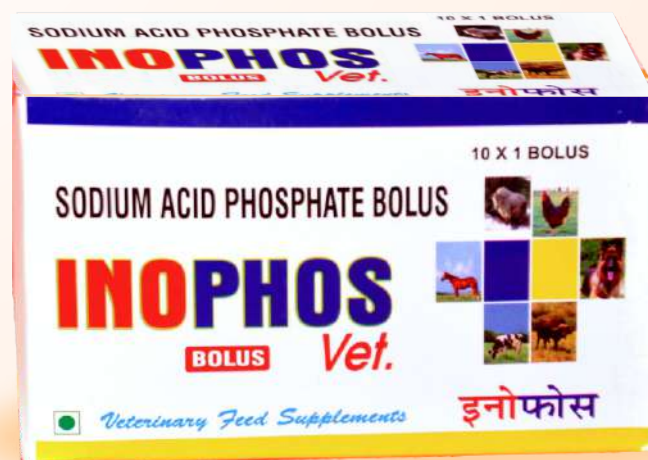

- Bolus of 10 x 1's

एक गोली रोज
बांझपन भगाए दूध बढ़ाये

- In India Soil is Phosphorus Deficient—Cattle Requires Phosphorus Supplementation to Prevent Anorexia, Pica, Infertility.
- Important Component of Body Buffer and is excreted in Urine, adjusting Body Ph, Acts as urine acidifier thus prevents urinary calculi.
- Main reason of calcium deficiency is phosphorus deficiency.
- Prevents hypophosphatemia which leads to milk fever.
- Acts as a Diuretic Also

Veterinary applied pharmacology and Therapeutics

G.D. Brander and D.M. Pug

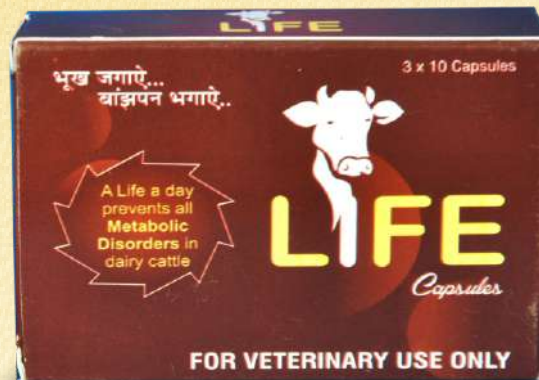

EXHAR[®]
Formulations Pvt. Ltd.

A Life a day Prevents all **Metabolic Disorders** in Dairy cattle

LIFE

**Monensin Sodium 400 mg
(CRC) Capsule**

- Ruminants Takes Cellulose (भूसा) for Microbes and ruminal microbes are regurgitated & transferred to Abomasum.
- Composition of Amino Acids (Protein) of microbes and milk are same.
- Too much grains in rations leads to acidosis in the rumen, Hence growth in gram positive bacteria that attack the udder.

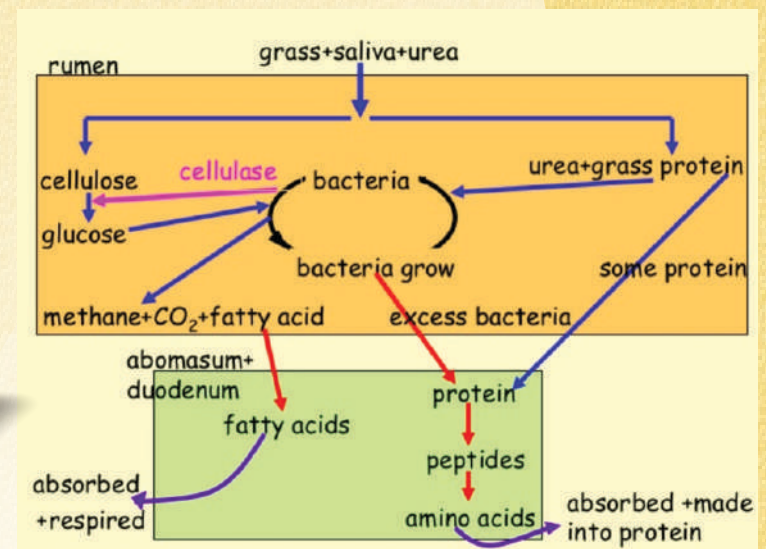

Reduces Concentrate and increases DMI Hence Profits.

Rumen buffers

Buffers are included in ruminant diets to regulate Rumen pH to levels that favour the activity of **Cellulolytic** organisms (pH 6–7).

Diets rich in readily fermentable carbohydrate create

- acidic conditions
 - increase lactic acid information
- both of which are detrimental to the cellulolytic bacteria.

**एक गोली LIFE प्रतिदिन दें
30 दिनों तक**

TABLET A DAY PREVENTS

- Lameness
- Ketosis
- Liver Problems
- Milk Fever
- Downer Cow
- Retention of Placenta
- Metritis
- Mastitis
- Bloat, Tympany
- Diarrhoea

Full Fill the Trace Mineral Deficiency

FAST

Copper, Cobalt, Magnesium, ferrous, Zinc

Composition :

Each Bolus contains	
Copper Solphate	: 1.0 gm.
Manganese Sulphate	: 0.56 gm.
Ferrous Sulphate	: 0.60 gm.
Zinc Sulphate	: 0.280 gm.
Cobalt Chloride	: 0.056 gm.

Indication

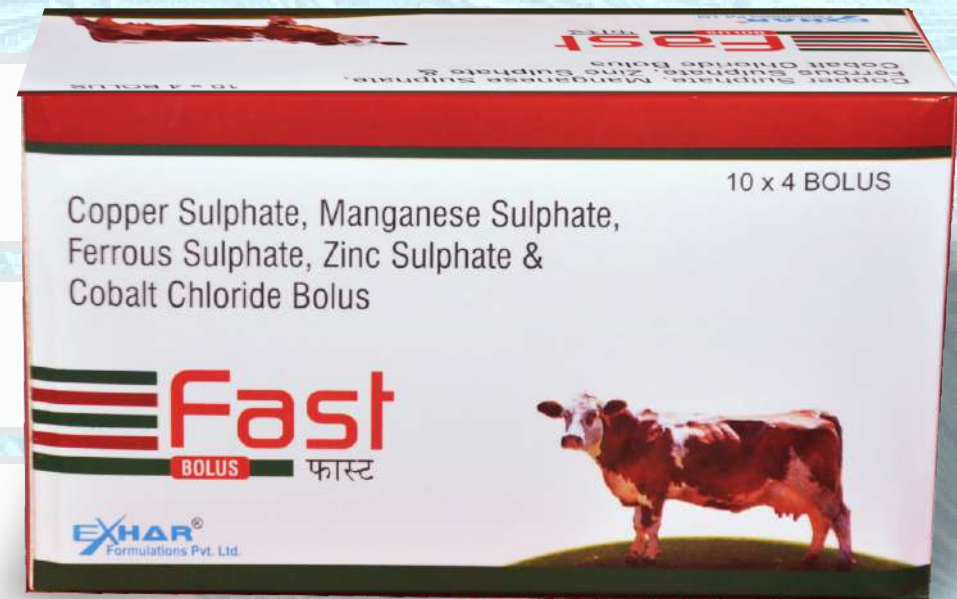

- Infertility, Degnala, Trace minerals deficiency

Presentation

- Box of 10 X 4's Strips

Dosage

- 1 Bolus OD For 10 Days

* **Copper** - Symptoms of Copper deficiency include, Chronic diarrhoea, weight loss, Swollen Joint, Light hair coat.

Copper is desired for high level performance, embryo transplant and artificial insemination

MIKE MEHREN

Zinc - Plays a role in protein Synthesis, Maintenance of cell member Acts as a cofactor of numerous enzymes - **EMEA**

Magnesium - Adjunctive Therapy of hyperthermia, Anticonvulsant, Antacid.

CHYMOSIN

Chymotrypsin and Trypsin

Cure inflammation & Pain
New power of Chymosin
Antifibrotic & Milk Restorative

Composition :

Each Bolus contains

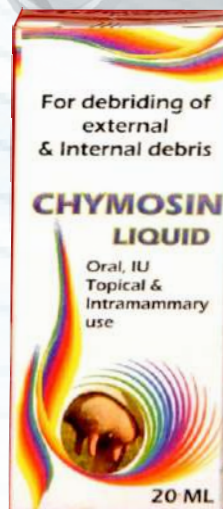

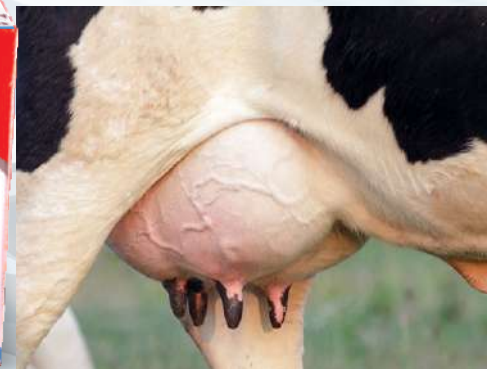

Papain	: 46.15%
Trypsin	: 18.46%
Chymotrypsin	: 0.77%
Bromelain	: 36.61%
Total Enzyme	: 1870 mg.

Indication

- Mastitis, Metritis, Pyometra
- Increases Protein Digestion
- Chronic and Acute Mastitis
- To Relieve pain and Swelling in post operative wounds
- Post Operative Pain
- Reduce inflammation, Oedema
- Soft tissue injury, sprains, strains
- Lameness & osteoarthritis

Benefits

- Tryptic enzyme protein dilator
- Boosts healing & cleaning of alveoli.
- Restores milk production after mastitis.
- Servicing of alveoli during mastitis.
- Block the growth & development of fibrosis.
- Reduces the udder fibrosis.
- Reduces the economic losses due to mastitis.

Dosage

- 1 to 2 Bolus BD for 8-10 Days or As Directed by Veterinarian

Presentation

- Box of 5 x 4's Bolus
- 20 ml liquid

Indication (Liquid)

- Topical, IU, Intramammary

The only protein dilator in Vet.

Dosage

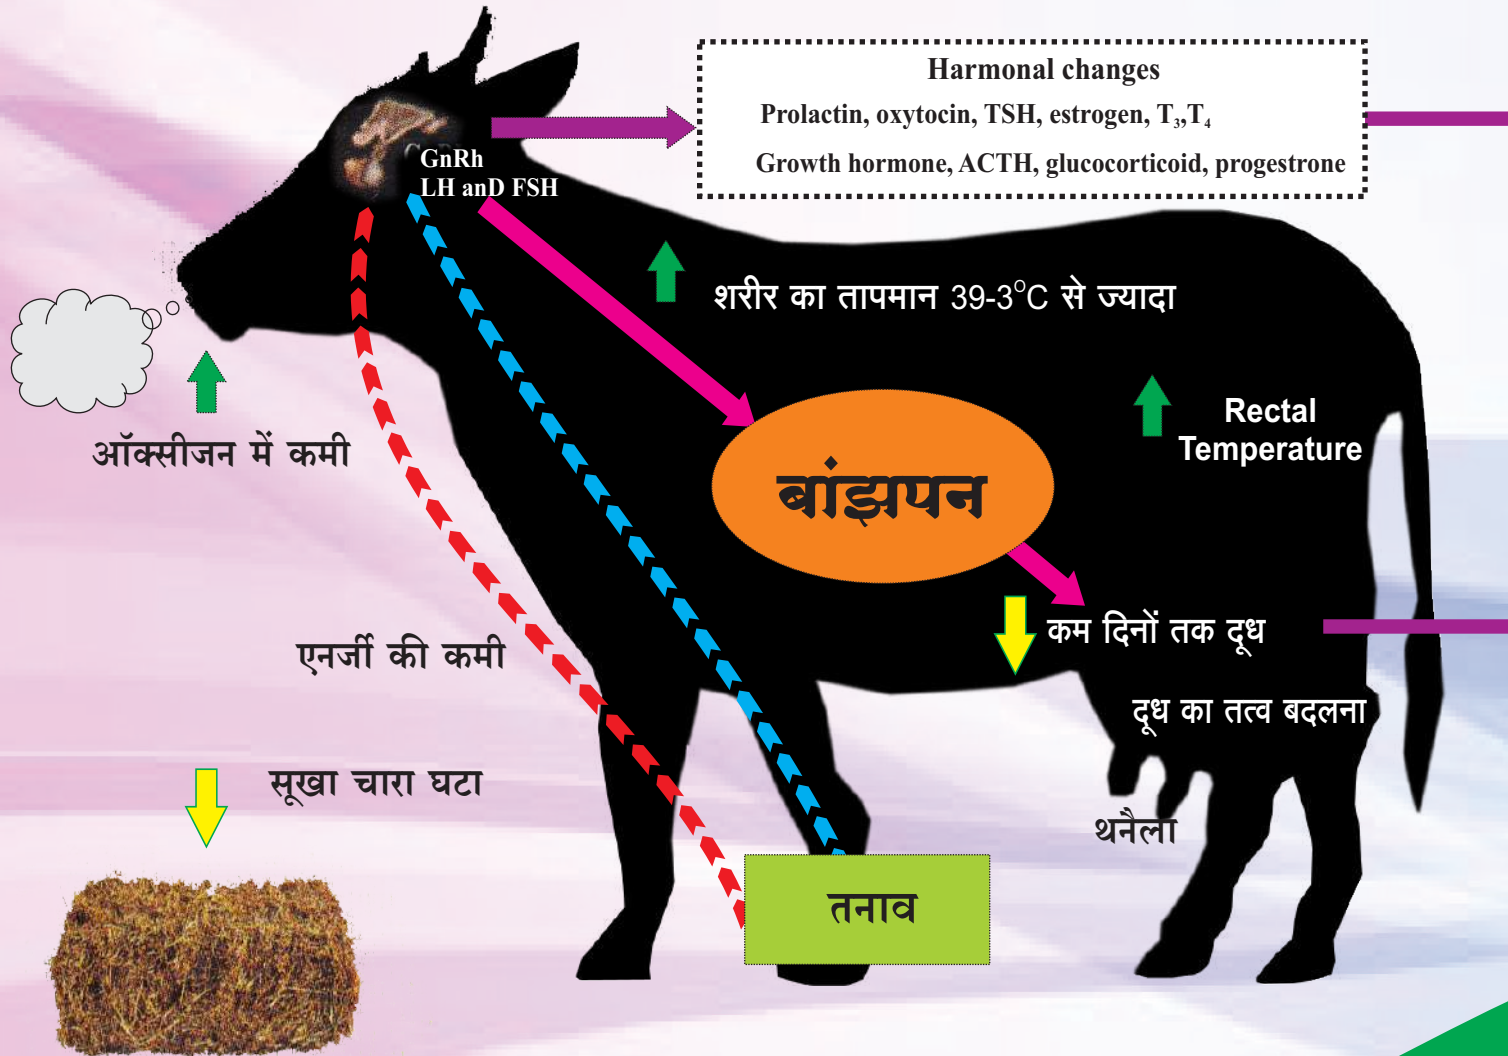

- 20ml. OD for 3 days

OPTIMUM RUMINATION MAKES HAPPY COW.

Happy Cow Gives Optimum Production, Reproduction And Profitability.

समाधान

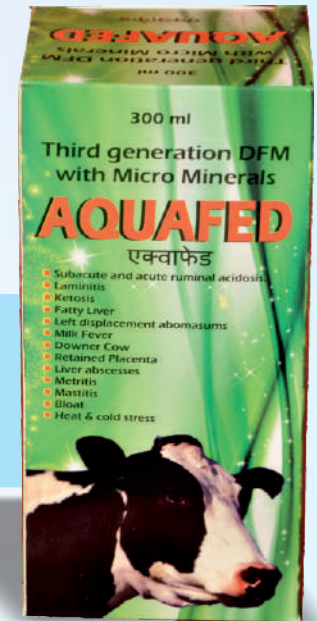

Aquafed supports animal health from inside out, encourage peak performance and provide natural advantage to maximize your dairy profits

- Aquafed से Ruminal Fermentation बढ़ता है, मतलब-
- अधिक जीवाणु, अधिक जीवाणु मतलब अधिक पाचन ।
- सूखा चारा बढ़ाए (DMI) Increased.
- Cellulose जीवाणु खाए और गाय जीवाणु को पचाए ।
- भूसा बढ़ाएँ, दाना घटाएँ, दूध का लागत मूल्य घटाएँ ।
- भूसा एवं जवाणु में प्रचुर कैल्शियम, फॉस्फोरस, मिनरल, नाइट्रोजन एवं एनर्जी है
- भूसा (Cellulose) + पानी = Dextrose

$$C^6H^{10}O^5 + H^2O = C^6H^{12}O^6$$
- जीवाणु की संख्या अधिक मतलब रोग निरोधक क्षमता का बढ़ना ।

भूसा सम्पूर्ण आहार गाय के लिए, गाय के द्वारा, गाय के अन्दर
 (Complete Food for the Cow, by the Cow, in the Cow)

EXHAR®
AQUAFED

ECTO-WASH

Broad Spectrum

Composition :

Natural Active ingredients of plant origin used in veterinary medicine in dogs & livestock against external parasites

Indication :

Broad Spectrum
Non Systemic ectoparasitic against Flies, Ticks, Mites, Lice Fleas and Mosquitoes

Dosage :

Mix the contents in 1 to 2 ltr of water and wipe the skin with mixed solution
Use Exact Quantity of Water for better results

Safety :

No Residues in milk

Prevents all Vector Borne Diseases including FMD & LUMPY SKIN DISEASES

Anitiprotozoal botanical extract

BABENIL-H

Broad Spectrum

Composition :

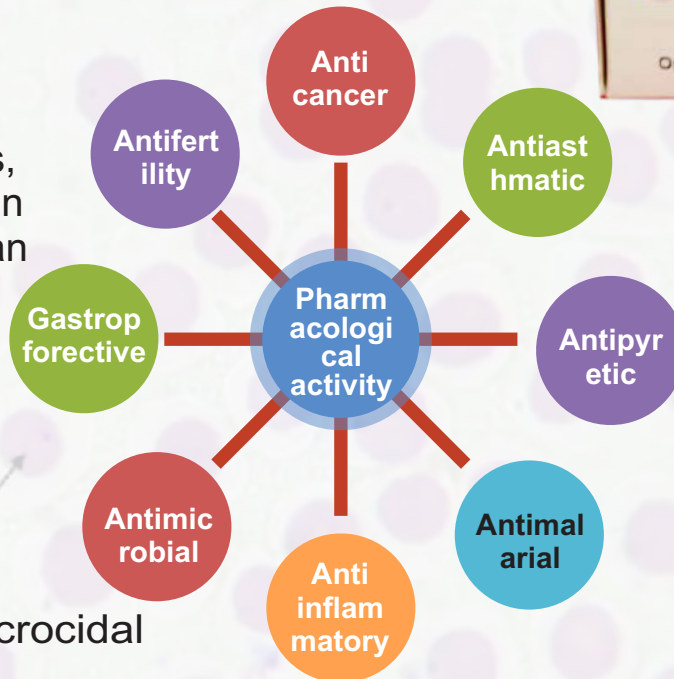

Non Medical Antiparasite and antiprotozoal extract derived from organic source

Indication :

For the treatment and prophylaxis of babesiosis, Trypanosomiasis, Anaplasmosis, Theileriosis, Pyrexia of unknown origin and mixed haemoprotozoan Infections

USP :

No dyspepsia
No anaphylactic shock
Safe in pregnancy
Anti Bacterial, Fungal, Acaricidal
No Ticks after treatment
Liver and Kidney not effected
Economical for the farmers

BABENIL-H

Organic treatment for
Babesiosis, Anaplasmosis,
Trypanosomiasis, Theileriosis

Dosage :

1 Bolus orally for 8 alternate days

Inhibits harmful bacteria and protects beneficial bacteria with Symbiotic Action.

Sefatox - G

(सिफाटोक्स-जी)

Composition :

Geraniol 2.36gm

USP :

- Broad spectrum activity
- Inhibits Gram+ve, Gram-ve and Mycoplasma
- A Potential safe and Powerful alternative to Antibiotics
- Geraniol does not destroy the gut microbiome
- No Drug residue and no resistance
- Significantly inhibits the pathogenic bacteria only.
- Rotates the useful microbial Communities.
- Increases the abundance of probiotic in milk .

Indication :

- Respiratory Tract infections pneumonia, bronchitis..
- Post parturient diseases like
- Mastitis
- Metritis, Pyometra, Vaginitis.
- Foot Rot, Pododermatitis.
- Urinary tract infections, FMD.
- Skin & Soft Tissue infections.
- To prevent secondary bacterial infections.

Additional Advantage

- Anti Inflammatory, anti oxidant, anti ulcer, anti fungal and Acracidal protective effects on liver, heart and nerves.

Dosage :

Intramuscular Only,
1 Vial OD for 3 to 5 days
Up to 600 kg. B/W 2.36 gm Vial ,
ORAs directed by Veterinarian

**1st time in India
Up to 10th Generation

FLOXAVET

(SAFE, RELIABLE & EFFICIENT ANTIBIOTIC)

Composition :

Each Tab Contains.
Catharanthus roseus

USP :

- Triple Action Broad spectrum
- Antibacterial, Anti viral, Anti ulcer, Anti-inflammatory
- With prebiotic, Post biotic & Symbiotic effect

Indication :

Supportive and Prevention for :

- Mastitis
- Bacterial Diarrhoea & Dysentery
- Peritonitis, Gonorrhoe

MOA

- Inhibits harmful bacteria without disturbing beneficial bacteria.

Additional Advantage

- No Residue in Milk & Meat.
- Responsible antibiotic use.
- Supports Sustainable production.
- No Resistance.

Dosage :

One Bolus. BD for 5 days.
Up to 600 B/W
Or As directed by Veterinarian

Use and abuse of Antibiotics in food producing animals is dangerous for public health
