

ders.—Assemblyman C. W. Reynolds has purchased of the heirs of James Weeden, deceased, about 275 acres of land on the east side of Lake Taconic. He will transfer the land to the Lake Taconic Association as soon as the incorporation of the association is completed. This will increase the company's holdings to about 400 acres on the lake shore. The grounds are being fitted for a summer resort. Several cottages have been built and others will be erected. About 10,000 pike fry were put into the lake by E. E. Merithew by direction of Assemblyman Reynolds.—Joel Frank Green
