Ending:

True Believers – Do what they can as a believer in Christ where they are. They walk in humility, and are light and salt in this world. Because people need to know Jesus Christ.

They are not – Part of a denomination. They only think about making money or care about it. God is not the most important thing in their world. If this is how you think; you are not salt and light.

Please be **encouraged** and **be called** upon in the name of the Lord – be **salt and light** in this world. Because time is ticking down and things are going to get very serious in this world very soon.

They are trying to take our free speech away, and other rights away – as if the constitution doesn't exist. They are doing the same things all over the earth. **You are not alone.**

Do what you can while we have the privilege of still being here, no matter what we are going through. There are many in Christ that are suffering greatly. Just because some of you may not be suffering or being persecuted like they are, **don't forget about them. Pray for them** and **do what we can** to **bring the Gospel** to this lost and dying hopeless world.
