Senior Living Solutions, LLC was founded to help Wartime Veterans and their Spouses qualify and obtain the Non-Service Connected Veteran's Pension, more commonly referred to as Aid & Attendance.

Established in 1952, the Aid & Attendance benefit was created to help our Wartime Heroes and their Spouses pay for the high costs of long term care, such as an assisted living community or private duty care in their home.

The cost of this type of care is certainly not cheap, so the Aid & Attendance Pension becomes a life-changing benefit for our Wartime Heroes, their Spouses and their families.

Senior Living Solutions, LLC is Veteran owned. Everyone on our staff is either a Veteran or a family member of a Veteran. We are extremely passionate about making sure our Veteran families qualify and obtain this benefit that they have earned.

We partner and work closely with an outstanding team of VA Accredited Attorneys and are able to help Veteran families qualify when they would otherwise be declined.

It's very important that all Veteran families take advantage of our free phone consultation, so that we can help them determine eligibility and help them qualify.

A Veteran family should never disqualify themselves before speaking with an experienced advocate at Senior Living Solutions. Our Veteran families become 100% eligible, 100% qualified and 100% compliant.
