Portfolio values in Euroclear and Central Bank custodial as of 31 March 2025.

The securities are ready for lending as a backup, **Proof of Funds** and for transactional risks.

The mechanical operational process!

STEPS:

This is a Commercial Transaction

1. The applicant must accept the payment for the green construction project.
2. The Application must register a processing account at: <https://joinasset.ltd/collateral-house>, for uploading their **CIS** and a copy of the consignment **SKR's**.
3. The Collateral House Team will fill out all forms and the FX Franchise contract.
4. The applicant must sign the documents and upload them to their account, and the Collateral House will certify the documents.
5. The applicant will sign and certify the SKR assigning form.
6. The Collateral House team will issue the commercial invoice for the construction.
7. AVIS delivers to the handling Bank 1 or 2 or 3 or 4, the documents and the instructions to receive and verify the consignment under the AVIS licenses.
8. The Applicant receives the **online link** for the registration of his **private bank account** with unlimited **FIAT** and **Crypto SWITCH** capability without limits.
9. The applicant receives the construction **invoice**.
10. The transaction bank will process the verification and accredit the consignment on the transaction account of the **COLLATERAL HOUSE**.
11. Finally, with NO delay, after verification and counting, the applicant's new account will be credited with the agreed-upon portion amounts for free use.

Limits: There are NO limits. Transport logistics and infrastructure limits are to be taken into consideration!
