

What ever happened to IAMES?
Where did MIPA go?
Why don't I hear from AIHMES anymore?

Given the challenge of current industry pressures, fierce pace of change and shrinking resources, the Association of Indiana Home Medical Equipment Services (AIHMES), the Illinois Association for Home Medical Equipment Services (IAMES) and the Michigan Independent Providers Association (MIPA) merged and have formed the Great Lakes Home Medical Services Association effective July 1, 2014.

We've worked hard to create an organization that encompasses the best of both worlds for an HME Association—the strength of a larger membership body, coupled with strong individual identities for each of the states involved.

Together
We're stronger

A lot of organizations are competing for my attention, time and membership dollars. Why should I invest in Great Lakes?

Great Lakes association membership is a vital professional development asset and a beneficial resource that can help you:

- Develop relationships with the main decision makers at top HME companies across multiple states,
- Understand the issues and challenges affecting your customer base to put yourself in the best competitive position for success,
- Gain knowledge on new developments specific to the Great Lakes region!

Join us now and become a part of an organization that will help lead us to a better future in home care!

“Passion and motivation are key elements that drive business, especially with the industry challenges being faced in the current environment. Participating in the state association is the perfect way to share those opportunities by supporting each other and working together at a state level.”

~ Ronda Buhrmester, CRT, CFm, VGM Group

For a free consultation and more details about membership, please contact Heidi at the Great Lakes office:
