

WOODSTOCK BREWERY TASTING TRAY

ABOUT OUR BEER & BREWERY

We've been brewing beer since 2014 and have a wide variety on offer. We believe great beer requires seriousness, the best ingredients and equipment, dedicated and arty crafters, gees and stokedness.

Our beer names, on the other hand, are all based on shits and giggles and are inspired by the 60's and 70's Sex, Drugs & Rock 'n Roll era. We have entwined some tongue-in-cheek lightness into our serious craft.
