

GAZEVIEW

WWW.GAZEVIEW.IN

ABOUT US

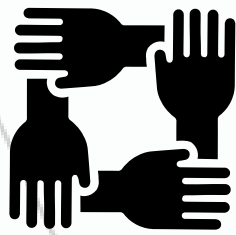

2 brothers started GAZEVIEW in order to provide a concrete solution to all security needs for businesses and residences. We believed that "Security is now a need"

"A Late start, but a Great start", we went ahead and offered our services to 120+ Residences and 50+ businesses in a short span of incorporation. GAZEVIEW began working with small and large Indian businesses in 2022, offering them security and surveillance solutions that are on par with the best in the world.

VALUES

Integrity

We aim to give security to all residences and businesses across India and eventually across the globe. Your security at the palm of your hands.

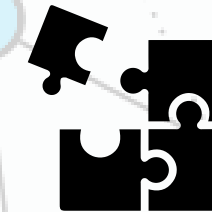

Excellence

With over a success and customer satisfaction rate above 90%, we are proud to foresee our customers' issues and concerns with our CRM and followup strategy.

Collaboration

GazeView connects with the best in the industry for material and service delivery. We work with brands such as SOLus, Spectra, Hikvision and D-Link.

Innovation

With cutting-edge technology, we work with brands like Milestone and many more AI-integrated applications for a secure environment.

PROJECT TIMELINE

Our projects have consistently been delivered ahead of schedule, based on our service delivery strategies. This allows us to plan, work, and execute a project beyond customer satisfaction.

Plan

Planning is an integral part of GazeView as we create a blueprint to ensure clients needs are completely catered to.

Work

Deploying the right people for the right work makes the job easier and faster with proficiency and accuracy

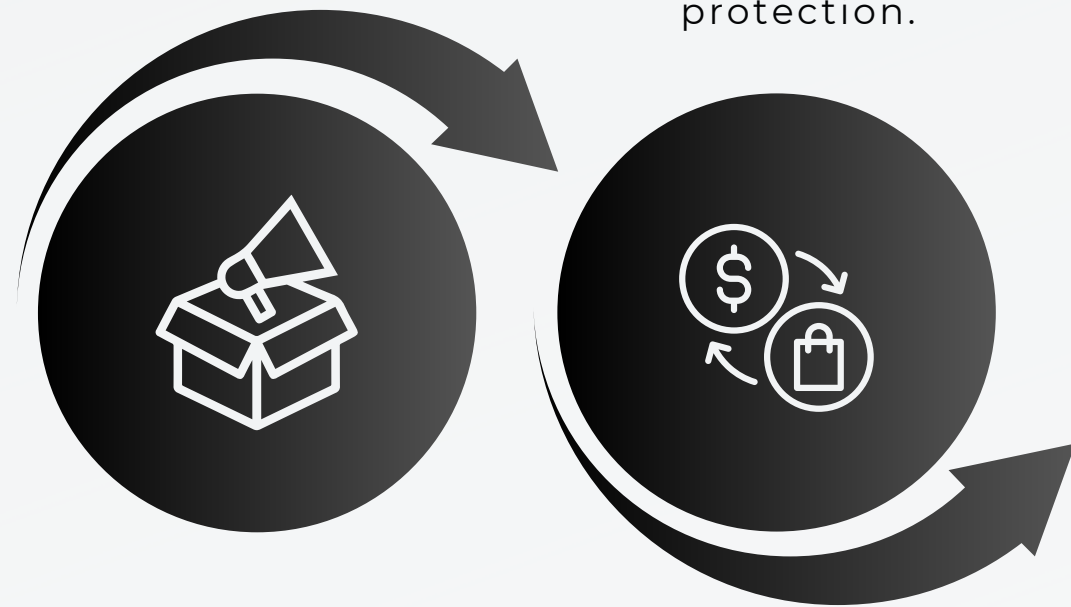

Execute

Efficient execution is the perfect recipe for completing the assigned task to complete, and GazeView SDM (Service Delivery Management) team ensures timeline to keep the project at the right shape for the clients fulfillment.

Sep-2022

GazeView helped 17 Canara Bank ATM's by installing Fire Detectors, Smoke Detectors, and Door locks inside the teller machines. This allowed all Teller Machines to be monitored in a centralized manner with full proof theft protection.

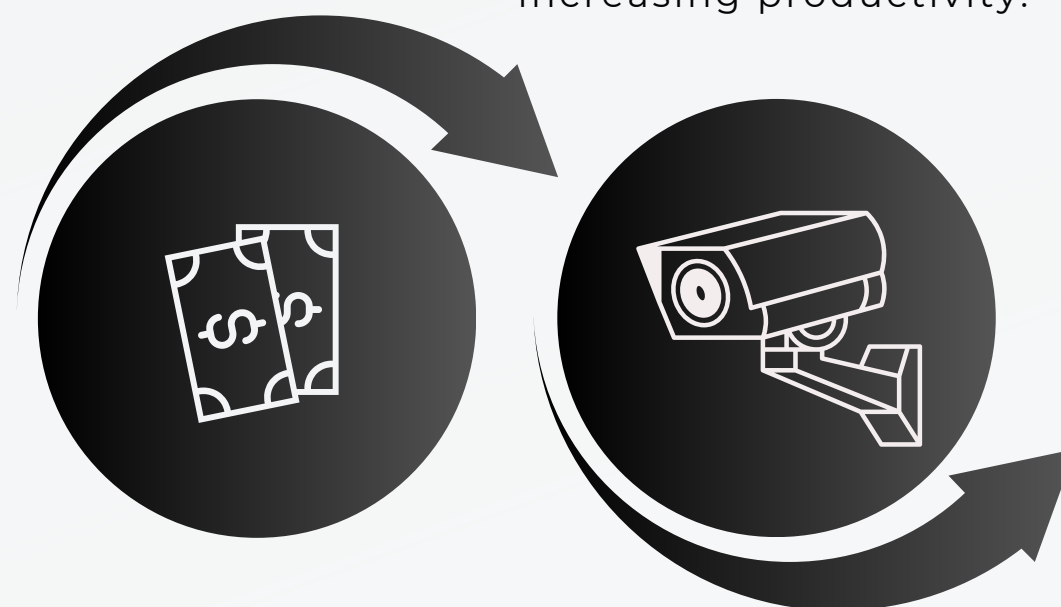

Sep - 2022

The company started with a headcount of 4 and a desire to reach as many clients as possible.

June - 2023

Shared CMS solution for all Naran Murthy Properties allowing their security team to perform Video Surveillance of all 18 properties from a Centralized Location reducing cost and increasing productivity.

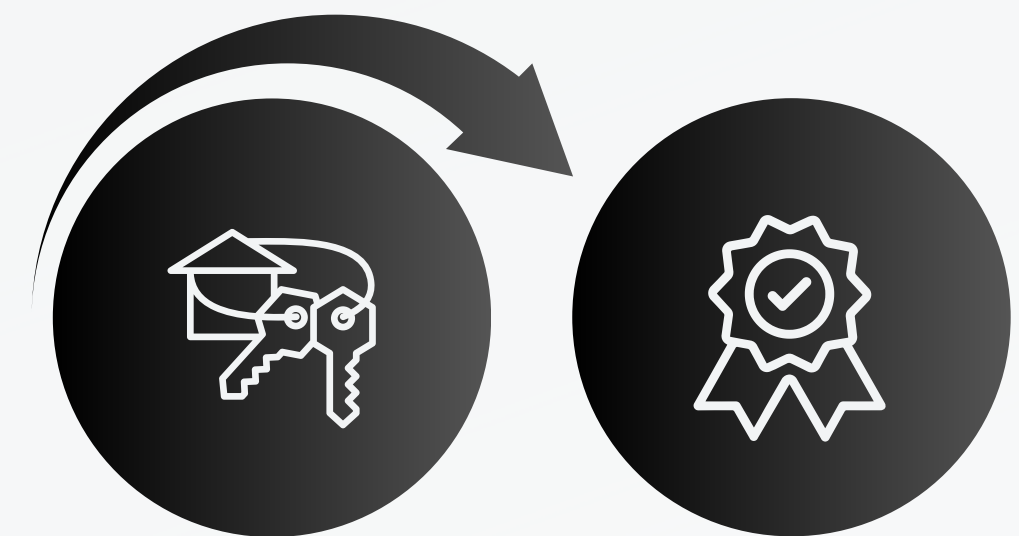

Mar - 2023

Aurubis Business Park, residency road, needed a complete security system re-install for perimeter coverage. We completed the project in 11 days instead of 30 days as defined by the client.

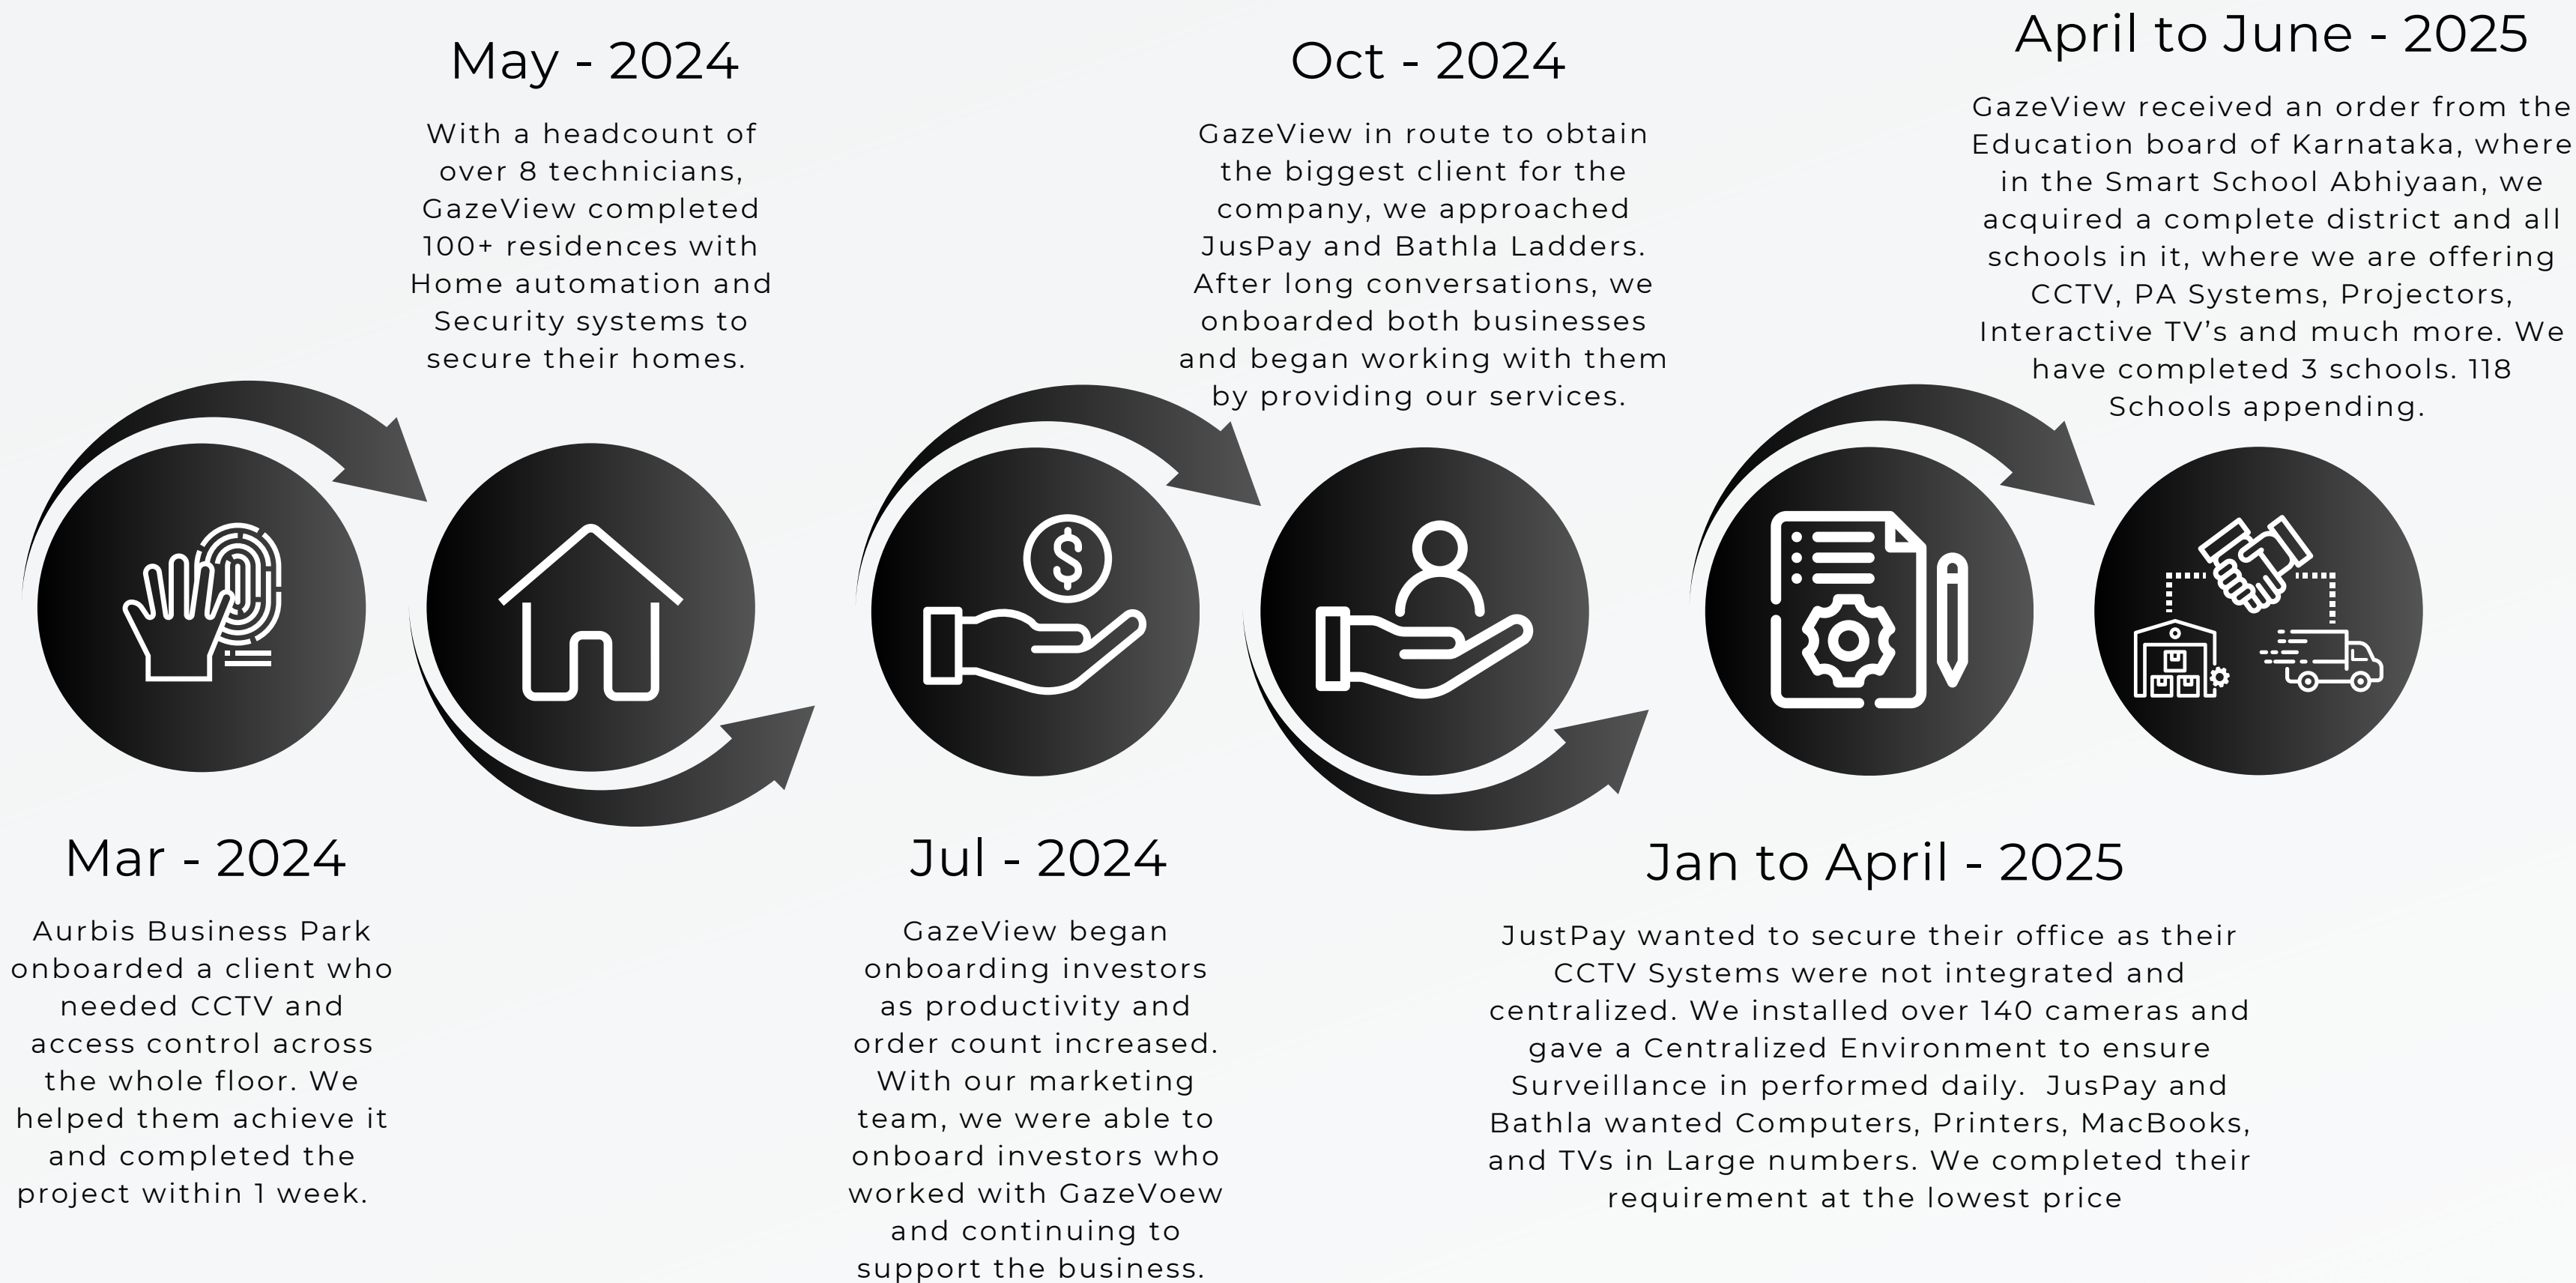

Jan - 2024

It was time we onboarded Embassy Business Park, where we were able to provide CCTV Solutions for all the towers at Embassy Tech Village, Bellandur, Kirtoskar Business Park, and MG Road.

Sep - 2023

We began working with multiple high-net-worth individuals (HNI) clients, including police officers and Police Stations. We onboarded clients such as Vibhu's International, Inqore Systems Pvt Ltd, Avaranya Pvt Ltd, and more
