## Introduction & Purpose

This policy is the GDPR (General Data Protection Regulation) and Data Protection Policy for The Open Door Academy, which will be followed by all members of the Organisation and promoted by Directors.

## Policy Principles & Values

- The Open Door Academy will establish and adhere to standard retention times for categories of information held on the records of job applicants, existing and former employees, workers and contractors
- The Open Door Academy will base the retention times on business need considering any relevant professional guidelines and a risk analysis approach
- The Open Door Academy will assess who in the organisation is responsible for the retention of employment and student records
- The Open Door Academy will ensure information is not retained beyond the standard retention times unless there is a sound business reason for doing so
- If possible, a computerised system will be established which flags information retained for more than a certain period of time as due for review or deletion
- If The Open Door Academy is justified in holding any information on an employee's criminal conviction, we will ensure that the information is deleted once the conviction is spent under the Rehabilitation of Offenders Act 1974
- The Open Door Academy will ensure that records which are to be disposed of are securely and effectively destroyed
- The Open Door Academy will ensure that records are held securely on a remote server and not downloaded onto individual computers.
