MARCH & APRIL 2026

LGHN 2026 CONFERENCE

This year, the PHN Board proudly attended the national Local Government Hispanic Network (LGHN) Conference, gaining valuable insights to support local government professionals and strengthen our connection with the Hispanic and Latino communities we serve.

We recognize there are sensitive national conversations unfolding around the legacy of a prominent historical figure associated with the movement. Due to these developments, this year's PHN Annual Luncheon was canceled. However, our commitment to uplifting our community remains unchanged.

We still want to honor and celebrate our 2026 Community Engagement Scholarship awardees. These high school students leadership and dedication truly embody the spirit and values we strive to advance within the City of Phoenix.
