ILRP PARCEL AND FIELD INVENTORY

STEP 1: GENERAL INFORMATION

Member ID: _____   Crop Year (harvested):_____

Forms Completed by: _____   Email: _____

Phone Number: _____

STEP 2: FIELD AND PARCEL INVENTORY

Populate the following information for your enrolled parcels. You can define a "Management Unit" with a description for a parcel or group of parcels with the same crop, fertilizer inputs, irrigation management practices, and nitrogen management practices. Field ID is an optional field to help associate parcels within a management unit to a name used in farm records. For example, a single management unit may include multiple fields. They can share the same Management Unit description, but could have unique Field IDs for reference.

<u>If you do not apply nitrogen fertilizer to your fields these forms are still required to be returned. Please enter a 0 (zero) for nitrogen applied on the INMP Summary Report.</u>

Management Unit (MU)	Field ID (optional)	Not Farmed*	APN	County	Crop	Year Planted (Perennial only)	Irrigated Acres
		☐					
		☐					
		☐					
		☐					
		☐					
		☐					
		☐					
		☐					

*Not Farmed refers to Fallow, Open, or fields that were not in production.

Please add comments if any fields experienced drought, pest, or salt stress. If fields were not harvested due to economic reasons please indicate below. Any additional information pertaining to the harvest year can be included with your comments.

Comments:

Keep a copy of this form in your records.

IRRIGATION AND NITROGEN MANAGEMENT PLAN (INMP) SUMMARY REPORT

Refer to your Irrigation and Nitrogen Management Plan (INMP) Worksheet and Parcel Inventory for information to complete an INMP Summary. Report for each field or Management Unit. *Keep a copy of this form in your records.*

STEP 1: GENERAL INFORMATION	STEP 2: OUTLIER NOTIFICATION RECEIPT	STEP 3: INMP CERTIFICATION METHOD
Member ID: _____ Forms Completed By: _____ Email/Phone #: _____ Crop Year (Harvested): _____ Submittal Date: _____	The Coalition provided information about this membership's nitrogen efficiency for the previous crop year and identified management units that were considered outliers compared to other Coalition members growing the same crop. <u>Please check the box below if you were identified as an outlier by the Coalition.</u> ☐	☐ Certified INMP Specialist (e.g. certified crop adviser who has completed the CDFA training program) ☐ Self-Certified (CDFA training program) ☐ Self-Certified (follows NRCS or UC Cooperative Extension site-specific recommendations) ☐ Self-Certified (No fertilizers applied) ☐ No certification required (Low vulnerability only)

STEP 4: INMP SUMMARY REPORT

Complete the table below for each field or management unit for this membership. ***All values should be on a per acre basis.***

Field or Management Unit	Crop	Crop Age†	Total Irrigated Acres	Total N Applied Lbs/acre				Yield	Prod. Unit	Yield Info*
Refer to Parcel Inventory		Perennial Only (years) † Or Year Planted	(acres)	N in Irrigation Water (lbs/acre)	Organic Amendments (lbs/acre)	Dry/Liquid Fertilizers (lbs/acre)	Foliar Fertilizers (lbs/acre)	Harvested Yield (lbs/acre or tons/acre)	(lbs or tons)	

*Use this column to provide information about yield i.e. nonbearing; crop not harvested; type of harvest (e.g. silage, grain). If you harvest straw, please contact your Coalition.

IRRIGATION & NITROGEN MANAGEMENT PRACTICES

Member ID: _____   Crop Year (Harvested): _____

Complete the following tables for each field or Management Unit (refer to ILRP Parcel and Field Inventory Sheet).

Field ID or MU	Primary Irrigation Method (Select one)						Secondary Irrigation Method (Select one)					
	Drip	Micro Sprinkler	Furrow	Sprinkler	Border Strip	Flood	Drip	Micro Sprinkler	Furrow	Sprinkler	Border Strip	Flood
