

Landscapes Golf Management
2025 Leadership Conference

2024 LGM FISH! Champion of the Year, East – Joe Haskins

Congratulations on receiving the LGM FISH! Champion of the Year, East Award! This is an award that is provided by the Landscapes Corporate team to the Team Member whom they believe best exemplifies the FISH! Philosophy. This team member chooses the best possible attitude, finds opportunities to “make their day” for members/guests, actively engages and increases the level of fun at the property.

Words from our Awards Ceremony: According to Liz Uzdill, Joe never had to learn how to have appositive attitude because he was born with it. He shows pride in the work his team does by letting them know and celebrating them! Joe naturally has the FISH! philosophy in his blood and we are grateful we have him in our LGM Family.”

There were other worthy nominees, so it should give you great pride that you have been selected as LGM FISH! Champion of the Year, East.

This letter brings you my warmest congratulations. It is an honor to be selected for this award by the team. It speaks highly about how well you, your work and your attitude are perceived in the company. It is your positive contributions that deserves our recognition and I am proud to say that you are a valued member of our company.

Congratulations again and thank you for all you do for Landscapes Golf Management.

Thomas R. Everett, President
