

## “Political Pearls”

### USA Elections 2020

**Serious readers of the Bible, know that G-d enabled a donkey to speak intelligently. Believers know that Democrat Donkeys can be made to talk just as intelligently.**

**Quotes**

...  
**Zim Olson & Zim Mathematics**

**The Democrat Platform, As Expressed, will fail. Guaranteed. As insanity has a general tendency to fail anywhere, not just in this country. Regardless of any Trump rationalization or no rationalization.**

**The Democrat Political Machine has become just another Pyramid Scheme. New members are enticed with promises of services, benefits, monetary favors, programs and other chicanery, giving a clearly unsustainable platform. Which no one can forgo or remove themselves from, as the results would be “disastrous”.**

**Contrary to some of us, “Dysfunction is not a variation or another form of function” .**

**With all oil money gone to Arab/Middle East, Ask an Arab, what one good thing has come out of there? And they simply would not understand the question.**

**Best I can figure, Truth is against a Muslim belief system. Feel free to correct me if I am not correct. The Muslim light may be on, but no one is home. The Muslim domain(s) do not include express-ability within any kind of principal/principal open domain.**

**Confessions of my own: “I have never read one word of the Koran” Which is problematic as Martin Luther pointed out 500 years ago.**

**A Zim Math Story - Non-Fiction  
The New/Next Holly-Weird Block Buster.**

## **"The USA Democrat-Party/Titanic"**

**Opening Scene: Nancy Pelosi Congress-Lady is addressing Congress once again in another Famous representation of the Democrat Party and her voting majority, if nothing else. A loud noise and shudder fills the Congressional room. Nancy continues to address Congress. An announcement is made. "Abandon ship (USA Titanic/Democrat-Party). Democrats (Not Republicans) look confused. The word goes out, "Do not Delay, there are limited Congressional seats and Political Life Boats." (Three Zim Mathematics Torpedoes have struck under the Democrat Political Party water line.) Democrats scurry to find another political life boat or Congressional-life seat. Everything goes dark. ..**

**It is not sure if Nancy found a Political life boat or Congressional seat! Some say she may have found an alternative venue in her home state of California. Perhaps, pursuing her second dream career as Holly-weird actress?**

---

**This is truly the Land of Promise and Opportunity. For Every-One.**

**It is Zim's futuristic Vision, no one will spend immense fortunes of time, money and energy with these learning institutions that invest heavily in established pseudo learning-domains involving pseudo political express-ability, that give us only limited, terminal express-ability outcomes.**

**Wives are ALWAYS right. Working from open domain is NEVER wrong. Everyone knows this already. Zim Mathematics provides a "How" and a "Why". This Truth keeps the Zim Math Mill humming.**

**Comparison and contrast of pseudo options or behavioral options can be exceedingly unhelpful, providing only additional Ms-information.**

**AND here is a special question for the voting ladies, "What would be your fantasy president?". I don't *really* mean this to be another joke. I am no expert on anything, Zim is just an observer like most of us on this planet. ... I may want to throw in my hat as a presidential candidate some time. Maybe I will be ready when I am 92 years old?**

**Imagine: Hillary elected. Starts WW III by mistakenly pushing the wrong button. She somehow thought she was pushing Bill's buttons! In the True spirit of Yankee Ingenuity of Ms America and the female inquisitive mind, She says, "What' is wrong with you Bill? !! I can fix it !!. Some one tell poor Ms. Hillary she needs to push the correct right/wrong buttons is all ....**

**Congresswoman Diana DeGette Queen of Partial Information and MS Truths.... Don't think I will get much argument on this from most places. Don't think DD is concerned in the least with any of these labels, at all.**

I attempted to reassure my wife tonight; "Trust and not be afraid". The Lord brought us through Y2K, He can bring us through Corona Virus. Neighbors are concerned about Toilet Paper shortages!!! Maybe Denver Post, New York Times, Washington Post , could retool their industry for TP Manufacturing? Their patriotic duty, also a better use of Global resources. They wouldn't complain about the profits they would make. All jokes aside, this experience needs to be taken in full context. When is the last time a News Station or Network, has given a straight story on anything. If allowed to ask any of them "What is your definition of an honest, complete, news story". The response should be global headline news.

**STUFF is God**

**How can a Trillion Flies be Wrong ?!**

**Maybe a Democrat can tell you this.**

**Education Systems in US to can be easily pinned for the pathetic contemporary dialogues in media. Where information is billed as a form or variation of Truth. Stuff is not a fact and is not truth. For example: A commode is not a fact and also is not truth. At best a commode is a commode. We are indeed Thankful for this. Some in politics today tell us Love = Love, as some logical statement in which to develop our understanding of political issues. Or maybe as some foundation to build our understanding. Clever people can clearly show that ...**

... Love is a Commode. However, the utility of this understanding is not clear. No identifiable use of principal / principle utility can be shown. Giving no information for developable/ reducible logic. As with our political dialogues of today.

They may as well as tell us Love = Shmove. Which appears to what many get from the proposed political foundation, Love = Love.

**The GREAT Game Changer.**

A Century before the Birth of Christ (B.C.). A Conquering Greek king in Israel, sacrificed a Pig in the temple in Jerusalem!

The **GREAT** Game Changer today, after President Barak Obama (B.O.) in Elections **USA** 2020.

**Love =**

The Contemporary Gross National Product. G.N.P.

**“United We Stand**

**Are we better together ?**

**Jesus gave us the way, truth and life and showed us the pathway to Heaven. These nice Cowsies, even if they managed to all moo in key and harmony, would lead us to know where but H-ll.**

**Divided We . . .**

**Looks like the Democrat Cowsies in the USA / Washington are on a stampede and headed for a cliff. We need some Republican Cow-boys to round them up. Some Prime Beef is at Steak! Now if I were a Republican Cowboy (I am not), what I would do is lasso any Democrat Cowsie stragglers hoping this would lessen the Herd mentality and rationale. Next I would try singing a tried and true Cowboy Ballad, "Get a long little doggies", as this may help the Democrat Cowsies not focus on and follow all the rear ends of the Dem Cowsies in front of them. Hopefully then our legislatures can go back to work and do their job running our government. Now remember, it is important to not say mean things to these Cowsies!**

**There is Moo (Nooo) evidence that anything is "Better Together" at all. Especially if these are Democrat Cowsies. However, there is hope for this scenario ...**

## **“The C-w’s Prayer” (Moo)**

**A Suggested Pseudo Prayer for our Pseudo Democrat  
Freinds.**

**Mo-o: Moo? Moo! Moo, Moo, Moooo.  
Moo. A-Moo.**

**Maybe a Rain Dance would be more appropriate?**

**Better Yet! “Don’t forget the Secret Sauce”  
(Cowsies would taste better and be more Intelligent)**

**G-d**

**I hear Zim Olson and Zim Mathematics may be in trouble! I just heard the Ruling Denver Sect has passed another ordinance. Saying Though Shalt not compare dogs with G-d. Even if you spell God with G-d!! Here is the T-Shirt design that precipitated the ruling Denver Left outcry and response. I hope this does not cause massive protests and rioting!? And maybe the defacing of God or dog statues. Are there any dog or God statues? Well there should be if there are not!!! All this goes against the Moral Fiber of EVERY Left Wing Democrat. "Moral Fiber" may not be in the Dictionary, but they know what I mean by this.**

### **Prevailing strategy of the USA Politics:**

- 1. Get high on pot.**
- 2. Cash your check from Government every month.**
- 3. Vote your conscience (If you have one).**

**Feminists Claims of Discriminatory In-Equality  
BECAUSE of documented pay differences between  
populations of some pseudo / partial sex organ, in  
reality has basis only on their inferior Mathematics.**

**I suppose the Democrat-Left (Atheists) Don’t believe in  
Mathematics either.**

**Jesus in his ministry from Earth/Heaven 2000 years ago, was not so interested in amassing a popular army of believers. Jesus as documented in the Bible was more interested in organizing Truth as expressed on Earth/Heaven.**

**Democrats appear keen on amassing an army of millions of voters, or they fear they will be history. Jesus knew these persons were already history as documented in the Bible. As shown clearly in the Bible, the new age political platform of the Democrats is simply the same old age. Or the same old *stuff*.**

**Some of our members of Congress have strong background or Education in Divinity, and are competent in several Cow/Moo Lingo Dialects. AND others have the benefit of formal training in Deceit/Lying as with members of the American Bar Associations. Zim has had to pick up on these skills throughout his life experience on his own. I do have additional skills, which many of our Congressional object(s) don't seem to possess. That is of formal training and exercise in Math Logic, Symbolic, Art, Mathematical, Scientific, etc that is Truly develop-able and Reducible to a wide variety of domains, that Contemporary Congressional "Leaders" are not aware of at all.**

**The too much of a "Bad/Good" thing. Most of us are aware we are all part of Satan's domain. When we become part of Satan's kingdom (Capitol S) this becomes very, very Bad. As we all know logic can get you to heaven, and logic can get you to hell. Principally it is your choice. As in the Nazi phenomena of the last century. This segment recognized and identified with a phenomenon of Evolution, deciding that's us and we are it, all we need to do is give Evolution a little helping hand. The capital "S" of the 20th Century. A principle vs principal unity. If Nazi Fuhrer Adolf Hitler had any children, he may have wanted to rethink the Superior Race portion of the Nazi manifesto.**

**G-d Bless America. G-d Bless our Freedoms. You can say Stuff equals G-d in our country. And even run it up the Flag pole and see if the anybody salutes. This is done more than is openly admitted in our forums. Ask the Democrats how this works.**

**Mexican / Drug Cartel must laugh VERY hard. Gringos have MUCH more money than brains.**

**Not surprisingly to Democrats or Republicans, the Trump Administration has somehow managed to determine, that indeed Humanity has had an impact on Global Climate....This is an entirely different matter to some of us still on Planet Earth to determining a cause/effect to Global temperature...this also gives a new meaning to insanity to think our government that has not been able to manage a federal budget for years would come up with a workable strategy to manage the Global climate.**

**The US / World Editorial Industry have killed Information. A possible remedy is Clawx, where Freedom of Publication and it's availability is exercised.**

**True/Truthful Choice, as express-ability within principal and principal open domains for any object and/or object(s).**

**Pseudo Democrat Religion vs. Mathematics. Equality and / or In-Equality express-able in Math vs. Pseudo Dem Religion, Equality or Inequality.**

**Democrat promises: What will you be? Pastrami or Salami. YOUR choice! THE PROMISE: Your question AND Your answer.**

**Running out of ammunition with systems Zim math weaponry not a concern. Not such a matter of sufficient apples or oranges. All identified objects are applicable. Democrats may fear they will run out of Beans. Not a concern to rest of us. Also not such a concern who has this weaponry or upon who, what, where it is used.**

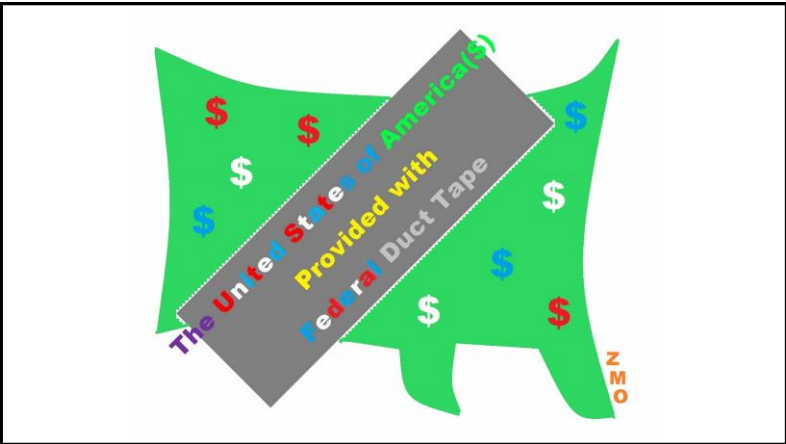

**Non-function a choice or a Human: Outcome not your choice. Choose your outcome domain only available choice. Principal or pseudo/partial ie Satan's Kingdom is our available choice.**

**I think I have figured out the Secret to Democrat success. Their Secret weapon, or maybe better said their secret sauce to success: E = STUFF(LGBQ)2. Am I wrong in this observation?!**

**With Obama and Obama Care “All stuff is possible “. And as Everybody now knows, Columbus is really nobody. Because as the Democrats tell us, the only Moral or otherwise compass you need now is to “Vote Democrat”. As the Democrats and Left have Discovered The New World Order. Where all things they choose are Equal.**

**With decades of pathetic dialogues across our national media and news networks we have discovered new responses to intellectual vapor and intellectual B.O. All this can also be identified in Zim Math Systems and/or Sub Systems outlines. ... For object and/or object(s). Within all recognized domains.**

**Just got the brainstorm to Winter Proof our A/C to keep cold weather out of our Apartment in Denver CO. This made me think, President Obama and I think more alike than I realized. "All things are possible with Duct Tape"..... Don't vote for Zim for Prezident either.**

**“Our Federal Government has a perceived Policy to not exclude large segments of US population from participating in the principal/principle American Dream.” A-men.**

**In the Modern Era of Enlightenment, the B.O. (Barak Obama) Era, we have been given from the Federal Government . . .**

**The Emancipation from  .**

**ANOTHER Answer with out ANY Question.  
Principal+Principle**

**In many circles of USA, it is recognized that to manage anything, A McDonalds, ... Federal Government, Certain skills, know how, ability, intelligence and leadership are a requirement.**

**Well at least Democrats possess Leadership.**

**Our Government Leaders of Late, consisting of an overwhelming majority of Career Washington Bureaucrats and Lawyers is producing dominant unhealthy flavors and smell(s) from Washington DC. I don't think many of those in Washington have ever earned an honest dollar in their lives. The majority have made a career out of spending other people's earned money.**

**The National Managed Health Care system has evolved into the National Mis-Managed Health Care System. Colorado Legal Services was defunded years ago. Mandated Advisory Groups to Health Care somehow have been given by law no say, no requirement by any one to act in any way on offered advice, and no record of any advise offered by these groups. Our National Health Care system(s) is run by chosen and selected / omitted and incompetent bureaucrats who by design have no accountability to their consumers of services. Our recognized national resource of intelligence, the medical profession, is run by this mis-management health care system.**

**Google Artificial Intelligence (AI) does not do so well in mimicking G-d, but does a GREAT job in producing a spitting image of Satan. I guess Mr/Ms Google figured that since they were telling the Globe all the information they needed, they may as tell Americans who to vote for.**

**Selection / Omission Methodologies Mathematically identifiable as variant of Earthly Stupidity.**

I wanted to give CNN some important feed back, but there was no option for this on their web site. I wonder why? I wanted to suggest they start a line of broadcasts for "Kiddy Shows". Like the morning shows that used to be available. They wouldn't have to change their format much. Maybe just end each broadcast with the broadcaster getting a pie in the face. Like Soupy Sales got when I was a kid in Detroit Michigan area. It worked for him..

As I have heard from legislatures on Capitol Hill. (Paraphrased here for Democrats). If it looks like a sack of stuff..., Smells like a sack of stuff..., By golly it is a sack of ..... ! The naming of Pluto as not a planet but an asteroid, The tomato as not a vegetable but a fruit, people as some form of stuff. I suppose this is all well, but it may be helpful if those pulling some of these strings realized they were just another form of stuff themselves. See Image Below....

**Genesis 11 of Bible - KJV**

"... Hast thou eaten of the tree, whereof I commanded thee that thou shouldest not eat?"

Every 😊 Any 😊 Some 😊 Non 😊

"Fears of our Brains being Hijacked by our Smartphones". Many of us aren't worried, as most realize we weren't that smart to begin with. My Smartphone seems smarter to itself than me the user. Not always helpful.

Our LBGQ friends insist on a methodology of selected / omitted principal object(s) expression(s). Science, as Expressed, is Glorified witchcraft. Science insists on denying / ignoring Principal / Principle powers, while utilizing other powers.

I heard on the "Network" from Zim Mathematics, "Obama is going to one up his LBGQ friends and experience a Race Change and become a Christian".

**In Regards to Separation of Church/State fans, here G-d as Evidenced for ALL Identified Object(s) anywhere / everywhere:**

**The "Original State"**

**Denver City Council: Please call me anything you want, but please don't call me a Democrat. The Democrats have done such a wonderful job branding their political product and platform, there is no need to say more.**

**Rock n Roll on at work. We try to figure out what combination Caffeine, Alcohol, Pot, Medication, Meth, Cocaine, LSD, o/Drugs they were on.**

**Chinese Leadership afraid of losing their pensions. Threaten the world. Isn't it how this works for dictatorships. Their "Gospel" makes sense to themselves, but on the open domain market, it don't add up to anything at all.**

**A friend walked up to the bus stop with a T-Shirt yesterday. I could read some of it, "Science is Real, Fake News is Real, Love is Love, No one is illegal, etc." Thought to myself a number of responses quickly, here are some that I am able to write down, "Principal Earthly non-function is real, Satan is real, you are real, Love may equal Love but I am not sure what else Love equals, And I guess we all must be legal then". The long standing and so called fundamental Greek Philosophy of Humanity possessing a basic innate intelligence governing our behavior, is obviously seriously flawed. This long held view needs thorough re-examination. But don't forget, Yeshua has ALL the ...**

**... Answers AND Questions. Instead, I told my friend at the Bus Stop that morning, the Menu at work today where I prepare a meal at CHARG Resource Center, "Spaghetti"! I think she responded favorably to this. Never cease to be amazed at the results of the US Education system I witness in Denver every day. I take Socialization is a goal. Incredible! The only Truth machine ever was Jesus. The rest of us fall short.**

**Reading the New Testament with Ruth this morning. I had an amazing revelation from the reading of the parable of the Sheep and The Sheep Herder, that Humanity and Followers of Jesus are considered as Dumb as Sheep! Amen. Jesus is indeed Lord!!! And for those who are fearful they don't meet even this standard, never fear, The New Testament provides documentation of G-dly grace for other critters, and even Rocks (I thought this would be of interest to Denver Democrats, in particular). I just had an Additional revelation about this scripture... Jesus was being incredibly charitable and kind in characterizing mankind and Christ followers as Sheep.**

**Proposed remarketing for Denver Post. Reformat product as Toilet Paper, giving more demand. True challenge for DP Editors, but not too much. They are up to this task!**

**Heard from reliable sources on network, "Mayor Hancock ruled the Raiders cannot win in Denver again" Thank you for looking out for us Mayor.**

**Flat Earth vs Hyper Cubes, Possibly Earth as Hyper cube, US debt in Hyper cube space. New possibilities for our politicians!**

**Mr. Obama and Democrats are political frauds. They promised and claimed responsibility for "Change", when it was Entropy at the helm the whole time. The Democrats claimed a corner ability on Entropy, which wasn't so.**

**Individual/Couple as Principal object(s) 1 and/or 0. A Viability Example? Dual Stupidity is Non-Workable.**

**Notion that info is same to men & women is one of mankind's most recent bad inventions. Just ask my wife to confirm.**

**Is Gender Equality after 208 years a Joke? Maybe not. But it is definitely an incredibly HUGE Joke! After 208 years, not to mention eons on Earth, nothing to date on Earth is equal to anything else, or anywhere at all. G-d given intelligence enables Humanity to meaningfully say an Apple = Orange, but to produce meaningful fruit one needs to provide ADDITIONAL information.**

**AND don't forget the most important of all, "Stuff Stinks"... Maybe I missed my calling, I should have become a poet instead of a Creative Mathematician. Caramba! At least I avoided the pit of becoming a journalist or lawyer. Thank You Jesus.**

**The Contemporary truism offered to the Global Public:**

**The White Male as the Devil and Global threat. Sad but true. Unfortunately, the chosen alternative offered to all of us, is proving to be MUCH, MUCH worse. We are presented just another ongoing and global contemporary CURSE.**

**As Compared to, Christian, Science methodologies that are easily document-able as Evidence AND/Or Faith.**

**We are all equally stupid I suppose. Not sure what we are supposed to do with that GREAT realization either.**

**Journalists need to be required to take at least on course in intro statistics. Please!! Their GREAT grammar is not sufficient and their written, spoken verbal ability is making a mess of our media.**

**If you think you can do a better job than current policemen, submit your applications please. Otherwise just run for political office like the rest of these guys. Also I think McDonald's may be hiring? I don't mean by this to denigrate minimum wage McDonald's employees! There are also management positions.**

**Just heard this Prophecy from the  
Zim Mathematics News Network:**

**When Jesus returns, to Earth, he will appear to every one on Earth as a Bald Man. And somehow large numbers of women will turn to watching re-runs of Tom Cruise, and Robert Redford Movies. Ultimately they will seek and worship Satan. And then Jesus gives his famous line to them "Frankly I don't give a hoot" or is that "I never knew you". A-dios chicks.**

**TBN's reason for why Israel deserves their land: "G-d gave them this land" as stated in the Bible .**

**The Old and/or New testament refer to ownership of Land of Israel in these ways also. In future, past, present and Biblical tenses. References of Israel and owners being vomited, etc out of the land. Due to a lack of Adherence to G-d, Biblical, "commandments".**

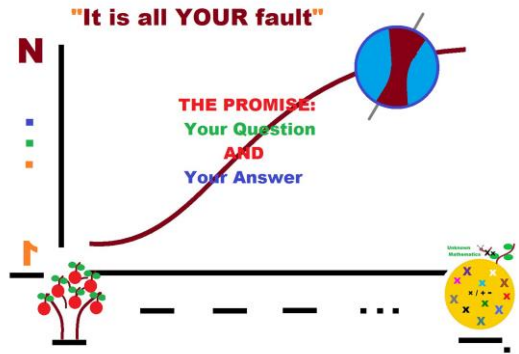

**THE Reason Israel has right to the Land:**

- 1. Jesus, "You can tell a Tree by its Fruit"**
- 2. The Land of Israel flourishes under Israel.**
- 3. The Land of "Palestine" was a barren desolate land, past, present, future. ...**

**... This is sufficient reason to give Israel the Right to their Land., for most of us over here. As our GREAT Congress persons would tell us, "If it walks like a duck, talks like a duck, it is probably just another left wing Democrat.**

**Our Medicaid Safety Net is There for YOU.**

In this contemporary New Age of Enlightenment otherwise known as the B.O. era (Barak Obama) where hard Science and Statistical Science clearly documents that all Person(s) are somehow equal. This gives us the foundation + rationale for LGBT Equality legislation in our country and for the constantly evolving LGBT Division of Healthcare. Where kind, compassionate, caring thoughtful (if not intelligent) health care professionals are available year around to provide a FREE consultation and complete evaluation before making available a FREE / Low Cost (Paid by Medicaid) sex change of YOUR Choice.

Contemporary USA Politicians would like us all to understand that the evidence of the efficacy of their GREAT programs and political ideas is self evident and does not deserve the SLANDEROUS mathematical analysis presented. Mathematical exercise may be suitable for those with too much free time (if not dollars, Mathematicians are not known for \$ wealth), but not suitable for those doing the hands on, hard work of running our government and country.

**"The Best Revival is a Zim Math Revival, AND GUARANTEED to bring the House down." Zim Olson**

**Seeking Legal Help in Discrimination case for Bald men. This is overwhelmingly self-evident. in field of politics, preachers, car-salesmen. Maybe Attorney Jay Sekulow would help me with this. On second thought....**

**A Zim Math recommendation to Pseudo Democrat leaders in California. They may need more than a pot, Hollyweird, gay-lifestyle to support their economy. AND I think California needs Silicone Valley more than Silicone Valley needs California.**

**Truth to Democrat: Watching Sunset w martini. Fallacy: Run out of Gin, Olives. Dem Answer: Invest, purchase unlimited supply of Gin, olives. A more contemporary version of Democrat Truth: "A Beer or Joint, YOUR Choice".**

**And before your Democrat friend(s) go away, ask them "Their opinion on what is the difference between the Truth and a Lie?" You can be sure they will be glad to VERY carefully explain this to you.**

**FLASH: Just Heard from reliable source on the network. Rats have been observed in Heaven. And as a True Zim Math Scientist, I will look into why no Democrats have been observed there. Remember: You heard this first at Zim Mathematics!**

**All democrats are liars. Just ask one, "What is Truth?" You are GUARANTEED a laughable response. This is the farthest thing from their minds. You could also ask your Democrat neighbor, "What is the difference to you between a bag of beans and the truth?" You will not receive a coherent and probably non angry response... If a Democrat were to honestly tell me the difference between Truth and a Bag of Beans, I would consider the remote possibility that I am not 100 % correct.**

**In a Tweet to Former First Lady Michelle Obama I said, "Truth" that does not Transcend is not Truth. It is something else. And important distinguishing feature to most of us on this side of the planet.**

**Democrats are counting popular votes. Zim Mathematics banks on availability of viable truth. If you are the betting type, Who or What do YOU think wins? I personally don't like to gamble. Even if it was in a Trump Casino. It will be a cold day in H-ll before I vote for another Democrat.**

**Equality + Entropy: Order to Disorder. ... You know maybe the Ladies have discovered the missing link or component to human intelligence. Seriously! Chaos can be important also. Funny, but not necessarily a joke. Unit-Versal Equality is definitely material for eternal, infinite **Jokes**.**

**The Democrat Left: What is the difference between Truth and Bag of Beans? I will cheat and give you an acceptable answer, as I feel you are not ready for this trick question/answer. ..Upon verification , a bag of beans is mathematically and otherwise Stuff. Good for soup at best, if you know how to cook that is. Truth has self evident and axiomatic application to all recognized express-ability and their domains.**

**Indeed; the Left appears to consist of overwhelmingly fools and genuinely verifiable morons. A definition of Interest.**

**Left Moron: States, implied / explicit Truth is the same as a Lie, and then builds his World and even Universe around this.**

**If News Media had a feature on corruption in the News Media Industry, that possibly could be something worth paying attention to.**

**In conversation I had with fellow Mathematician an admitted atheist, she said regarding Christians and Christian Faith and Bible many undeniable negative things and well known facts. I responded after a while of this, "Everything you say is undeniably True, none of it is Truth however". Somehow the conversation stopped there. I suppose even an Atheist Mathematician realizes true statements need to be reconciled as Truth, or you are left with Nada.**

**I moved to Denver Colorado for the “Colorado Rocky Mountain High”. Now days people are moving to Colorado to get high on Marijuana. The vast majority no doubt vote Democrat.**

**I imagine Sex Education in Public Schools must be getting quite the Trip! And an ever increasing need for Government funding for sensitivity programs. As people experience the urge to laugh hysterically. LGBQ(A-Z).**

**RE: Comments of Democratic Voting Majority consisting of Pot Heads, Addicts, and the like is an undeniable political demographic you never hear about within contemporary news media industries. But a fact the Democrat leaders are keenly aware of. I am steering clear of this political dynamic. The Colorado Rocky Mountain High state is getting higher and higher. With all the Pot smokers pouring into our state perhaps we may look at future amendment referendums that legalize maybe cocaine. Maybe some "wise" people will propose banning the Bible?**

**Mr Mrs TBN: Wife and I were watching Mr Mrs Creflo Dollar. Mrs Dollar was going on and on about Women equality etc. I told my wife you may as well turn off the TV as Mrs Creflo is another Feminist wacko. Mrs Creflo is not equal to anything at all anywhere. Not on Earth and not in any uni-version. She is not even a widget like from some Super-store. You cannot find a wife at on these shelves. We and ladies are all unique. And the rest is for each individual to deal with.**

**Our universal Mathematical applicability of EQUALITY: The REASON we consider our country the Land of Promise and Opportunity is we consider and value our citizens as individuals. In fact we have somehow known all of us are absolutely unique, and that none of us are equal at ALL. AND subsequently within our Country's G-d given domain, recognized within principal and principal open domain express-ability, all of our unique citizens have unique value no one or anything else has. AND no one else can provide. This gives us foundations + rationale for valuing our citizens as individuals. While learning American History in school, they told us of immigrants from Europe in early 1900's came to the East Coast believing the streets in America were ...**

... paved with gold. The only gold we have ever had is this **PROMISE**. Equality and Equality of "Rights" are not what enable this promise.

Any Reasons  
**10,000** = 

I had a premonition the other week: The American swamp will be drained ( the flux and availability of easy dollars). Trump or no Trump. The precipitating event of this imminent drainage is the dramatic surge of US National debt, principally caused by increase in Social Security costs and Health care. Recent immigrants and Democrat budgets have done this. Default on National debt, whatever is the visible outcome. Democrats and their desire for power to achieve national policy will be ended. When the Government has no easy money, Nancy Pelosi and Democrats will have zero power. ... Zim is by the way a long-time member and resident of the Denver Swamp. I consider myself, "In the Swamp, but not of the Swamp".

**THE GREAT AMERICAN SURVEY** by Zim Mathematics: Ask your favorite Democrat.; What is Truth to you? Husbands ask your Wives; Is intelligent discussion of interest to you? And report answers to your favorite Social Media.

Thinking our Education System in US to blame for pathetic dialogues in media. Where information is billed as a form or variation of Truth, which is clearly not the case for many of us. The US Education system has become the largest Manure Factory in recorded History. Exceeding known Fertility limits. The trouble is the stink is reaching high heaven and nothing else is.

To quote a recent "Time Magazine" front page cover, documenting their traditional and indisputable reasoning capacity. Featuring a photo of an "immigrant" and caption "You can't stop Global immigration". The indisputable rationale that there are some things we cannot stop, I acknowledge here. The moral or lesson to this story may be, make sure our "toilets" are connected to working plumbing, and they connect to working sewage plants. Or we will be sorry about this unstoppable chain of events as well.

**Democrats have now become the party of pot smokers as well. Probably giving the significant voting majority in Colorado. Don't know where they all came from? Protector of oppressed, downtrodden, under represented and now the poor pot heads, etc. Good Job, Democrat Party!!! The long sought political platform and outcome of a classless society, has become a society with no class.**

**It seems that the Left and Democrat friends, do not believe in a Higher Power. Like Jesus, for instance? It seems they must believe in Santa Clause when it comes to funding the Federal Budget. But I would like to point out an important doctrinal error in assuming this funding paradigm. Santa Claus always checks his list before leaving the North Pole, to see if you have been naughty or nice. So, the Democrat-Left may want to find an alternative funding strategy for our government. Our founding fathers did not include "Mothering" or "Santa Claus" in our Elected Officials Job Descriptions or of their created bureaucracies and institutions either.**

**Christianity is considered by many as Faith based AND/Or Evidence based. Our implicit/Explicit origins to Scientific method**

**I fully expect to wake up one morning, and the Democratic Party Platform to have disappeared, like the early morning fog.**

**Most of us in Denver Colorado USA are aware from our News Networks of the serious National and local developments. The most dire development involves the chronic losses of our local Denver Bronco foot ball team. This has been going on for years, despite the new multi-million dollar football stadium in Denver! ...**

**... We as concerned citizens should petition our local Denver and State Governments for relief in this looming crisis, that has weighed heavily upon all it's citizens. After all we do live in a Democracy. All Mayor Hancock and the new Governor (I don't remember his name) need to do is adjust the appropriate rules or make new ones, while being completely across the board, equitable, just and fair enabling the Broncos win at least a simple majority of the games. (Or some reasonable number of times). This would lift an oppressive situation of years of Bronco losses which is grossly unfair and unjust to Denver and Colorado and its hardly working people. ...**

**...This is not the fault of the common people of Denver Colorado and "We The People" deserve better! Is this the land of uni-versal equality and better than average opportunity, or what? All of Denver and Most of Colorado (Welfare Recipients, Drug Addicts, Pot Heads, Legal/Illegal immigrants, & o/Such Constituents) would support this initiative in our wonderful State of Democracy.
