Will you be available for a quick question Thurs morning? I have a brief due, and need to check my facts for accuracy on a point of NAC business.

Brandon,  
I hope all is well. I have a need to discuss the CAP ramp improvement project with you. Can we schedule some time?

Are you available tomorrow afternoon or Wednesday?

Yes, to both days.

Hi Brandon,  
I had intended to call you today to see whether you had received any reply from Russ and the NAC on the outstanding lot 5,6,7 lease extension issues, but somehow it's already [5:25 pm](#). Let me know if you can still field a call today, or if not, when when would be a good time to reach you.  
Thanks and best,

Left me cell at home  
- try me tomorrow

Thx Brandon. Will do. Just a few  
questions about tomorrow night.

Feb 9, 2016, 4:58 PM

I see FLN construction briefing on  
agenda for tomorrow's NAC Public  
Meeting. Thought I should touch base  
with you on the status of the leases. I  
know you prepared new notices for  
recording. Shall I prepare the  
amendments themselves? Also would  
like to report status.

Feb 9, 2016, 6:20 PM

I am in office in morning - I thought I had  
sent the confirmatory instruments to you  
last fall, but otherwise I didn't have  
anything on my to do list for the airport  
and leases.

You did. But I thought they were just  
notices. I could be wrong. Or that could  
just be how you do it in Mass. I'll re-  
examine. BEH has taken so much of my  
time that I haven't gotten to them.

They're notices to record at registry of  
deeds - they should hopefully be in a  
form to review and sign. I'll check my  
email - I didn't have a lease to review.

Hmmmm. I'll see what I can dig up.
