How to apply for a UK passport

All the information you need is available on the [gov.co.uk passport website. pages](#)
However, I have outlined the key things that you need to know below...

- You can apply for a passport online (and it is £9.50 cheaper to do so)
- You have to pay for an adult or child passport.
- You can use a digital photograph but make sure you follow all the rules on how to take the 'perfect' picture
- There are different levels of service when applying e.g. a 1 week fast track service. These services will cost you more
- If your passport is lost or stolen you need to [report this](#) and are encouraged to do so as soon as possible
- You can apply for an '[emergency travel document](#)' if you're abroad, need to travel and cannot get a passport in time
