Gloxon 52" DC Ceiling Fan with Light

CF5202LR

The CF5202 LR is designed for individuals who appreciate both aesthetic appeal and functionality. It features five durable ABS blades that deliver powerful air circulation to meet modern comfort needs. The impressive LED light offers excellent brightness and allows you to adjust the color temperature from 3000K to 6000K, achieving a high Color Rendering Index (CRI) of over 90 for optimal reading comfort. The gentle breeze from the fan, along with the adjustable LED light, ensures comfort for everyone. Additionally, the convenient remote control makes operation effortless.

Key Feature

- ❖ **Energy Saver** - High-performance DC brushless motors are more energy efficient, helping you save on electricity costs and being better for the environment.
- ❖ A remote control allows you to adjust brightness and color temperature (3000K-6000K), offering a range from warm to cool daylight and a CRI of ≥90.
- ❖ The sleek design seamlessly integrates into your living room, instantly enhancing the space with a cooler and brighter ambiance.
