Gloxon Full-Spectrum LED Ceiling Light

CL480FER Art. Code: 301015

This premium-grade LED ceiling light offers superior performance. It features a **Full-Spectrum** dual-wave LED and a CRI of 97, ensuring high-quality, flicker-free illumination. The light has a remote control for dimming, color temperature adjustment from 3000K to 5000K, and a warm backlight for a cozy atmosphere. The lampshade is made of PMMA with a light guide plate and ABS back panel for durability, and it features a patented Easy Mount System for quick installation.

Key Feature

- ❖ Full-spectrum dual-wave LED provides vibrant colors and a CRI of 97, ensuring exceptional clarity for comfortable reading.
- ❖ Effortless Adjustability—Using a remote, you can easily dim the lights and adjust the color temperature from 3000K to 5000K, switching seamlessly from warm to bright daylight.
- ❖ Gentle Backlighting – Offers a soft ambient glow that generates a warm and welcoming atmosphere.
- ❖ Stylish and durable design—Features a PMMA lampshade for even light diffusion and a sturdy ABS back panel.

Product Specification

Power Input Voltage	220-240V, 50/60Hz
Light Power input	24 +8 watts
Product Dimension	Ø400*43 mm
LED Color Temperature (CCT)	3000-5000K
LED (CRI)	97
Lumen	2490
LED lifetime	20000 H
Intended Use	Indoor

IP Rating	IP20
Remote Control	Included
Net Weight / Unit	1.45Kg
Gross Weight / Unit	1.82Kg
Gross Weight /Master Carton	9.85Kg
Carton Quantity (Master/Inner)	1/5
Carton Dimension Inner (LxDxH)	442x66x426 mm
Carton Dimension Master (LxDxH)	455x355x445 mm
