Each puppy is purebred and registered with the United Kennel Club and could be registered in FCI & AKC (depending on breeding) at owner's will. The puppy's UKC registration application will be sent to the Buyer with the puppy or when received by UKC. Buyer/Owner must sign the contract and send all monies owed before shipment of the puppy.

- a) As of the date of this agreement and shipment, the puppy is in good health and free of communicable diseases. It has been de-wormed, ears cropped, & vaccinated.
- b) The Buyer/Owner may return puppy (in good condition) to Breeder for full refund of \$2000 (deposit is not refundable) for any reason within 72 hours of purchase, providing Buyer agrees to pay all transportation costs to the Breeder's address, if any. After 72 hours the Buyer accepts full responsibility for temperament and physical wellbeing of the purchased puppy.

HEALTH GUARANTEE

All our pups are guaranteed against crippling genetic diseases detected within **3 years** of age. The Breeder must be notified immediately and provided with a licensed veterinarian's report. Any claims must be made within this time period and will be verified by the Breeder's own veterinarian. The Breeder needs to have a copy of the x-rays. **PLEASE REQUEST FROM YOUR VET THE X-RAYS IMAGES TO BE SENT TO THE BREEDER.**

Note: Certified OFA/PennHip for Hips & Certified OFA for Elbows is REQUIRED to be able to receive a replacement puppy.

If the purchased dog receives OFA rating less than Fair for hips and Normal elbows, the option of getting another puppy free of charge will be offered. The Buyer will be required to pay all related shipping costs to get a replacement puppy and to return the first puppy back to the Seller/Breeder, if the Buyer does not want it anymore. Papers must be sent to the Breeder with correct transfer signatures. The Buyer may keep the first puppy/dog if he/she chooses to. A copy of a Spay/Neuter certificate is required before the Seller provides a replacement puppy. **NO CASH REFUNDS GIVEN.**

If the puppy's OFA report comes back with the result of subluxation, the Buyer must repeat the x-rays at a later time at his/her own expense (at least 6 months after date of original x-ray) before determining that the puppy will not pass OFA. No refunds will be given for a report of Panosteitis (growing pains), as proper feeding can control this and the puppy should outgrow it.

2. This Contract applies to the original Buyer/Owner only & not transferable to a second party.
3. This guarantee does not cover common Giardia, Coccidia, or other intestinal parasites that puppies frequently pick up.

If Breeder can document the Buyer/Owner's failure to keep these agreements and so informs Buyer/Owners by certified letter, the buyer shall have 72 hours to reply to the Seller to make arrangements to return the dog. The signed UKC registration transfer will be mailed to the seller at the Buyer/Owners expense within 1 week. If the Buyer/Owner fails to do so, the seller shall have the legal right to repossess the dog and get a signed UKC registration transfer application from the Buyer/Owner without refunding any money. In addition, the Buyer/Owner shall be liable for any expenses incurred in the process of repossession (including attorney's fees and court costs), and veterinary expenses to restore the dog to good health, if necessary. If it is not possible for the buyer to return the dog and UKC registration transfer, the Breeder will recover the greater sum of \$5,000, or the purchase price of the dog, as damages for breach of this contract. The parties to this contract agree to submit to the jurisdiction of the Breeders county for any dispute arising out of this contract.

ADDENDUM TO BREEDERS CONTRACT (NuVet REQUIRED)

“Due to the varying kinds of food and different environmental conditions the puppies come in contact with; and the fact that all puppies have immune systems that take time to mature, the terms of this guarantee will not be honored unless they are given NuVet Plus immune system builder, as directed by the manufacturer, for the entire guarantee period. Failure to do so will render this guarantee null and void except where prohibited by law. We also highly recommend you continue to give your pet NuVet Plus beyond the guarantee period to promote optimal health for a lifetime.”

Dear Puppy Buyer,

As a dog breeder, animal health is my top priority. That’s why NuVet Plus immune system builder is required as part of your pet’s Health Guarantee.

Hundreds of thousands of dogs and cats are using NuVet to **protect against most ailments** (from back yard pesticides, pet food allergies and hormones, toxic formaldehyde in furniture and carpeting, ailments transmitted from dog parks and the vet’s office, etc), while maintaining a **beautiful skin and coat**.

This is not just a vitamin. It’s an **immune system builder** with a precise balance of vitamins, minerals, omega fatty acids, amino acids and high-potency antioxidants. That’s why it works so well through all three stages of a dog’s life.

✓ **For puppies** - It fills the immunity gap all puppies experience. Shortly after birth maternal antibody effectiveness is greatly reduced. By 8 weeks your puppy’s immune system is at a vulnerable point. Once in their new home, the immune system is weakened by the stress of adoption and exposure to novel bacteria and viruses in their environment. This is also when the vaccine series is started. Vaccines are only effective if the immune system can respond properly. Starting NuVet Plus now is important to helping your puppy grow into a healthy adult.

✓ **For dogs in their prime** - it improves the luster of their skin and coat while protecting against allergies, skin and coat problems, staining from tears, digestive problems, etc.

✓ **For older dogs** - it helps protect against, tumors, premature aging, cataracts, heart conditions, diabetes and many types of cancer, while extending the life and improving the vitality of many dogs.

I highly recommend NuVet Plus to keep your pet on the path to perfect health! It’s not available in stores, and is only available to the general public with an order code from an authorized pet professional.

For your convenience, you may order directly from the manufacturer by **calling 800-474-7044** and using **Order Code: 14134**, or ordering **online** at www.nuvet.com/14134. You can also save an additional 15% and assure you never run out of NuVet by choosing the “AutoShip” option at check out. Customers outside the U.S. must place order by phone only.

To the long life and health of your puppy!
