## FULL SPECTRUM 1g RSO SYRINGE 74.15%

**\$20 OTD**

RSO is an oil derived from cannabis. But rather than a solvent extract that strips trichomes from buds, RSO contains all the cannabinoids, terpenes, and additional compounds of the whole cannabis plant.

**The tales of RSO's benefits span a spectrum. Some suggest it assists in managing conditions like epilepsy, asthma, cancer, insomnia, and chronic pain. There are also reports that highlight its potential benefits in severe conditions. For instance, a 2013 article documented a case where RSO dramatically reduced leukemic blast cell count in a terminally ill 14-year-old**
