# HORIZON

Horizon is a linen print collection that draws inspiration from the serene and timeless charm of an open, covered porch that connects indoors to the beauty of the outdoors. With designs featuring multicolour florals, bird and leaf motifs, distressed damask, textured stripe and toile pattern, the collection embraces nature in its purest form. The collection is elevated with a palette of reds, blues, greens, golds and neutrals, creating a harmonious and sophisticated feel.

“Birds, leaves, and florals dance  
across linen in a celebration of  
the outdoors.”
