

A photograph of a cozy interior corner. A light pink armchair is positioned in front of a large window. The window is covered with white curtains featuring a repeating pattern of colorful hot air balloons. A square cushion with a white background and a pattern of colorful, stylized wheels or fans rests on the chair's seat. To the right of the chair, a small, round, light-colored stone side table holds a bouquet of pink peonies. The room has white walls with decorative molding and a grey textured rug on the floor.
