ABOUT US

Adept Environmental Consultancy L.L.C. is a specialized environmental, health, and safety consulting firm providing services to a variety of sectors, including industries, oil and gas chemical, petrochemical, industrial, and infrastructure development projects. Our consultants have excellent work experience with environmental regulatory authorities and various international environmental, health, and safety projects. Our team's clear vision and core values allow Adept to continually deliver the highest quality of service and value to our clients across all of our consulting engagements. This has been achieved through the implementation of ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018.

We work with our clients to develop sustainable, practical, and ethical solutions to the environmental challenges they face and add value to our clients's businesses by delivering excellence and innovation. Our team aims to assist our clients in ensuring that the environment, workplace, and communities in which they operate are mutually beneficial and safe

MISSION

Adept Environmental Consultancy L.L.C. is committed to providing cost-effective, innovative, and sustainable environmental, health, and safety (EHS) consulting services that address our clients's requirements and comply with international best practices.

VISION

Through achieving commercial success and full satisfaction for our clients, we seek to build a quality and sustainable future for all the stakeholders in the community by applying analytical research and providing innovative solutions.

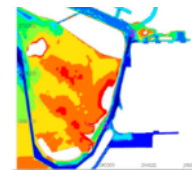

OUR VALUES

- People First - create a safe and respectful environment.

- Collaboration - value the power of diversity and our capabilities.
- Client – to ensure complete satisfaction while creating opportunities for long-term mutual success.
- Sustainability –to protect the environment and improve the economy through innovative solutions.

OUR SERVICES

Environmental Consultancy

- Environmental Permitting Services
- Environmental Impact Assessment (EIA)
- Environmental Baseline Studies
- Preliminary Environmental Review (PER)
- Environmental Management Plan (CEMP, OEMP & DEMP)
- Environmental Action Plan (EAP) and Mitigation Plan
- Consulting and Design Pollution Control Equipment (Pulse Jet Bag Filter, Paint Booths, Sand Blasting Booth, Scrubber, Cyclone, Etc.,)
- Pollution / Emission Control Study
- Environmental Audit and Due Diligence
- Emission Estimation (PM, gases pollutant, liquid & solid waste)
- Corporate GHG and Carbon Footprint Studies
- Sustainability Consulting
- Energy Audit
- Contaminated Site Cleanup and Remediation
- Solid and Hazardous Waste Management
- Waste Minimization Plans
- Waste Audit

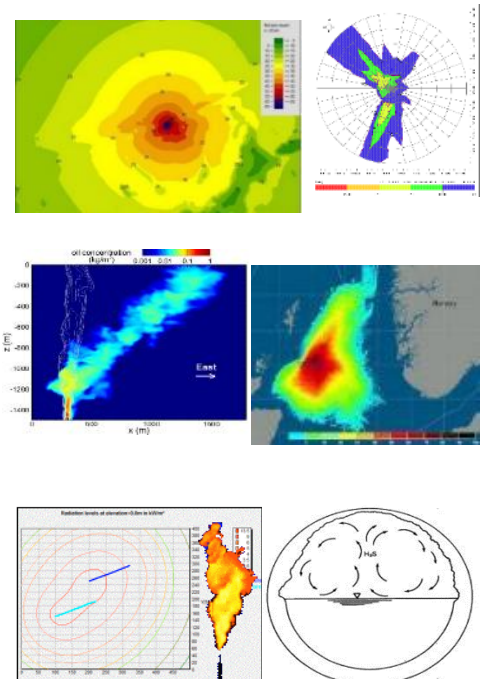

Ecological Survey

- Terrestrial Ecological Survey
- Habitat Mapping
- Marine Ecological Survey
 - Epibenthic and benthic infauna
 - Phytoplankton
 - Zooplankton, fish egg and larvae
 - Coral and seagrass survey
 - Pelagic ecosystem
 - Marine Mammal Monitoring
- Marine and Coastal Studies
- Mangrove Management Plan for Coastal Project
- Habitat Compensation and Implementation Plan
- Impacted Site/Habitat/Ecosystem Recovery/Rehabilitation

Pollutant Dispersion Modeling

- Air Dispersion Modeling
- Odor Dispersion Modeling
- Noise Dispersion Modeling
- Hydrodynamic Modeling,
- Sediment Transport Modeling
- Oil Spill Modeling
- Mud Spill Modeling,
- Quantitative Risk Assessment & Modeling
- H₂S Emission Estimation Modeling from Sewer
- Flare Dispersion and Radiation Study

Environmental Monitoring

- Ambient Air Quality Monitoring

TSPM, PM₁₀, PM_{2.5}, SO₂, NO₂ CO, O₃, TVOC, H₂S, NH₃, wind speed, direction, temp., RH, SR & rainfall)

- Workplace Air Quality Monitoring

TSPM, PM₁₀, PM_{2.5}, SO₂, NO₂ CO, O₂, O₃, CO₂, TVOC, H₂S, NH₃, HCHO, Temperature & RH

- Stack Emission Monitoring

PM, SO₂, NO₂ CO, HC and VOC

- Ambient Noise Monitoring

- Occupational Hygiene Monitoring

- Breathing Air Quality Monitoring

- Personnel Air and Noise Monitoring

- Asbestos Survey

- Light Monitoring

- Underwater Noise Monitoring

- Occupation Noise Monitoring

- Odour Monitoring

- Soil Sampling and Analysis

- Drinking Water Sampling and Analysis

- Groundwater Sampling and Analysis

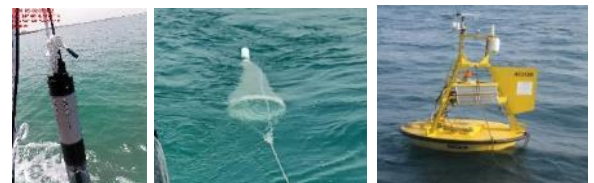

- Water and Wastewater Sampling and Analysis

- Seawater Quality Analysis

- Buoy Installation and Monitoring

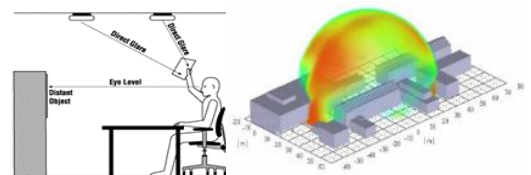

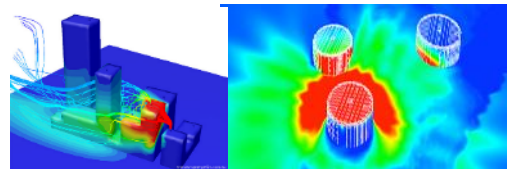

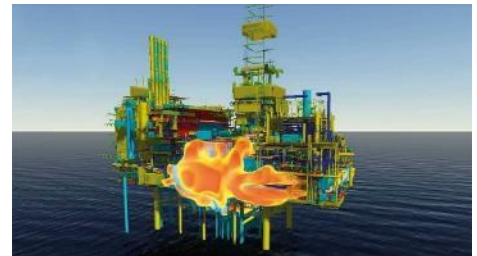

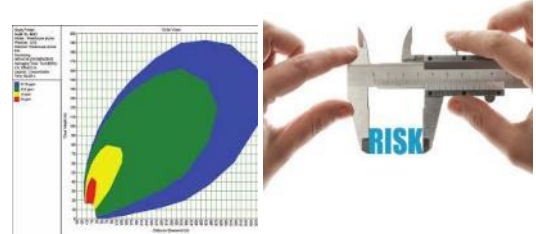

- Sediment Sampling and Analysis

- Waste Classification and Analysis

Occupational Safety and Health

- Development of Abu Dhabi Occupational Health and Safety Management System (OSHAD)
- OSH Management System Audit (OSHAD)
- Hazard Evaluations
- HSEIA Screening
- HAZID/ENVID/OHRA
- Hazard and Operability Study (HAZOP)
- Safety Integrity Level (SIL) Assessment and Verification
- Simultaneous Operations Studies (SIMOPS)
- Control of Major Accident Hazards (COMAH)
- Pre-startup Safety Review (PSSR)
- PHSER Reviews
- Process Hazard Analysis
- Risk Assessment
- Consequence Analysis
- Emergency Management Plan
- Fire Safety Analysis Review
- Passive Fire Protection Study
- Ergonomic Study
- Incident Investigation
- Safety Management Advisory Services
- OSH inspection Service

HSE Training

- Environmental Permit Condition Implementation Training
- Occupational Health Safety Training
- Hazardous Materials Handling, Storage and Management Training
- Pollution Prevention and Control Training
- Solid and Hazardous Waste Management Training
- Emergency Management Training
- Safe Operation Training

Project Management

- Construction Environmental Management
- Preparation of Plans and Procedures
- Project Inspection and Monitoring
- Overall Project Environmental, Health and Safety Management

Client	Title/ Scope of Services	Project Period	Approval Status
	• Baseline Survey (Air, Noise and Soil, Groundwater Quality Monitoring) • STL Survey • Terrestrial Ecological Survey		
Bureau Veritas /SCIPCO 1	Environmental Baseline Survey (EBS), Shuweihat CMS International Power Company PJSC SCIPCO S1 • Baseline Survey (Air, Noise and Soil, Groundwater Quality Monitoring) • Terrestrial Ecological Survey	December 2025 to Jan 2026	Completed
Green Mountain Cleaning Services	Quarterly OEMP Monitoring Report Preparation	October 2025 to September 2026	Ongoing
Department of Municipality Abu Dhabi	Remediation and Reclamation of Oil-Contaminated Soil at DMT Site • Soil and groundwater sampling • Assessment of Contamination • Technical Recommendations for Remediation and Reclamation Remediation Cost Estimation	Nov 2025 to July 2026	Under Progress
RMJM FZ-LLC/Mubadala	Water Level, Storm Surge and Wave Transformation Study for the Al Maryah Project Dive (AMPD) project located in Abu Dhabi, UAE	Nov 2025 to Dec 2025	Completed
Fugro/ADNOC	Umm Lulu Future Development Project (Phase-1), Abu Dhabi Marine In-situ water quality monitoring, Ex-situ water, sediment, Benthic Infauna, Plankton sampling and assessment, habitat (DDV Survey) assessment and mapping, biodiversity assessment, bird survey, mammal and reptiles' observation.	Sep 2025 to Feb 2026	Completed
Fugro/ADNOC	Umm Shaif LTDP 2.1, Abu Dhabi • Marine In-situ water quality monitoring, Ex-situ water, sediment, Benthic Infauna, Plankton sampling and assessment, habitat (DDV Survey) assessment and mapping, biodiversity assessment, bird survey, mammal and reptiles' observation.	Sep 2025 to Jan 2026	Completed
Bureau Veritas /ADNOC	Environmental Baseline Survey (EBS) Bab Gas Cap Project • Baseline Survey (Soil Quality Monitoring) • Terrestrial Ecological Survey	Oct 2025 to Nov 2025	Completed

Client	Title/ Scope of Services	Project Period	Approval Status
Bureau Veritas /ADNOC	Al Bateel Filed Environmental Baseline Survey (EBS) • Marine In-situ water quality monitoring, Ex-situ water, sediment, Benthic Infauna, Habitat (DDV Survey) assessment and mapping, biodiversity assessment, bird survey, mammal and reptiles' observation	Sep 2025 to Nov 2025	Completed
Element Material Technology ME Abu Dhabi /ADNOC	Terrestrial Ecological Survey for ADNOC NGL Plant, Ruwais - Abu Dhabi	Feb 2026 to Mar 2026	Completed
Bureau Veritas /ADNOC	Environmental Baseline Survey (EBS) for BAB CDS AND PL Project • Baseline Survey (Air, Noise, Soil and Groundwater Quality Monitoring) • Terrestrial Ecological Survey	Sep 2025 to Oct 2025	Completed
RMJM FZ-LLC/Mubadala	Hydrodynamic storm surge, wave propagation and Flushing Study for the Al Maryah Project Dive (AMPD) project located in Abu Dhabi, UAE	Sep 2025 to Oct 2025	Completed
Nature for Environmental Consultancy L.L.C. (Nature)	Marine Baseline Survey for Luxury Island • Marine In-situ water quality monitoring, Ex-situ water, sediment, Benthic Infauna, Plankton sampling and assessment, habitat (DDV Survey) assessment and mapping, biodiversity assessment, bird survey, mammal and reptiles' observation.	July 2025 to July 2025	Completed
Milieu Environmental Consultancy	• Tree Assessment Survey for Al Nabagha Community Housing Project	July 2025 to July 2025	Completed
Blue Sea Environmental Consultant	Environmental Monitoring at Mid Island Parkway • ADCP Measurements for water flow and direction • Habitat (DDV Survey) assessment • Baited Remote Underwater Video Survey (BRUVS) • Benthic infauna Survey, • Avifauna survey	July 2025 to July 2026	Under Progress
Blue Sea Environmental Consultant / AD Port	Marine Ecological Survey at Marawah island, Abu Dhabi, United Arab Emirates.	May 2025 to Sep 2025	Completed

Client	Title/ Scope of Services	Project Period	Approval Status
ERM /Borouge – Ethylene Unit 2 (EU2) Revamp FEED	Environmental Studies for Ruwais Ethylene Unit 2 (EU2) cracker, Ruwais, Abu Dhabi • Environmental Impact Assessment (EIA) • Energy Review • Social Risk Management Studies	May 2025 to Sep 2025	Completed
Milieu Environmental Consultancy /Al Dar	• Mangrove Counting and Health Assessment Survey in the area surrounding Bal Ghaylam Canal, situated within the Emirate of Abu Dhabi, United Arab Emirates.	April 2025 to May 2025	Completed
Blue Sea Environmental Consultant	Marine Ecological Survey at Marawah island • Habitat (DDV Survey) assessment and mapping.	April 2025 to May 2025	Completed

LEAD Development	Environmental Audit for Jubail South Phase I and Jubail North, Abu Dhabi, UAE	April 2025 to December 2027	Ongoing
ADNOC Industrial Gases	Asbestos survey and asbestos free certificate for ADNOC Industrial Gases – Mirfa and Ruwais Plant	March 2025 to April 2025	Completed
Al Nasr Contracting Company L.L.C.	Marine Ecology Studies for Al Maryah Waterfront Ex-situ water, sediment, Benthic Infauna, Plankton sampling and assessment, habitat (DDV Survey) assessment and mapping.	April 2025 to April 2025	Completed
OQ's Alternative Energy Associated Development Professional (ADP) Environmental Consultants / Huadong Ibri PV Construction LLC	• Biodiversity Assessment (Terrestrial Ecological Survey including STL Survey) For At 3 Sites (Qarn Al Alam Solar Plant, Riyah 1 Wind Farm at Nimr and Riyah 2 Wind Farm at Nimr), Sultanate of Oman	Mar 2025 to April 2025	Completed
OQ's Alternative Energy / Alsafa Environmental & Technical Services L.L.C	Marine ecological survey for establishment of strategic fuel tanks in Al-Darah in The Wilayat of Bukha, Musandam Governorate, Oman. • Ex-situ water, sediment, Benthic Infauna, Plankton sampling and assessment, habitat (DDV Survey) assessment and mapping.	Mar 2025 to April 2025	Completed

Client	Title/ Scope of Services	Project Period	Approval Status
Trojan General Contracting /ADNOC	EIA for Das Island Residential Development (DIRD) Sewage Treatment Plant Project, Das Island, Abu Dhabi • Baseline survey. • Impact Assessment and Hydrodynamic Modeling for the effluent Discharge Preparation EIA Report	June 2025	Approved
Bureau Veritas /ADNOC	• Terrestrial Ecological Survey update for Installation of Liquid Mud Plant, ASAB, Abu Dhabi, UAE.	August 2024 to September 2024	Completed
Velosi /ADNOC/ NMDC	• Coral Spawning Survey at Hail and Ghasha Field	March 2025 to June 2025	Completed
Nature for Environmental and Agricultural Solutions L.L.C. (Nature)	• Marine In-situ water quality monitoring, Ex-situ water, sediment, Benthic Infauna, Plankton sampling and assessment, habitat (DDV Survey) assessment and mapping, biodiversity assessment, bird survey, mammal and reptiles' observation. • Hydrodynamic, Flushing and Sediment Dispersion Modelling Study for Ramhan Island South, UAE.	Feb 2025 to April 2025	Completed
Bureau Veritas /ADNOC	• Terrestrial Ecological Survey for 6-inch water pipeline from booster pump house to Shah CDS, Abu Dhabi, UAE.	Feb 2025 to March 2025	Completed
Bureau Veritas /ADNOC	• Terrestrial Ecological Survey for Bab Gas Cap (BGC) Project, Abu Dhabi, UAE.	April 2024 to April 2025	Completed
Trojan General Contracting /ADNOC	EIA for Das Island Residential Development (DIRD) Batching Plant Project, Das Island, Abu Dhabi • Baseline survey. • Impact Assessment and Air Dispersion Modeling studies • Preparation EIA Report	March 2025	Approved
North Oil Company/ Apave International Abu Dhabi, UAE.	Environmental Studies for UYA EPCIC 12-New Riser Platform (BH), Bridge and Brownfield Works, Al-Shaheen Field, Qatar. • Lighting Study • Marine Traffic Study • Wastewater Treatment and Disposal Best Available Technology (BAT) Option Study	Feb 2025 to April 2025	Completed
GeoMak	Marine Environmental monitoring for KJO Skirt	January 2025	Completed

Client	Title/ Scope of Services	Project Period	Approval Status
	Piles, Saudi Arabia Underwater Noise Monitoring, marine In-situ water quality monitoring, Ex-situ water, sediment sampling, habitat assessment and mapping, seagrass survey, coral survey, biodiversity assessment (phytoplankton, zooplankton, fish egg and larvae, benthic infauna), bird survey.	to February 2025	
LEAD Development	Environmental Consultancy Services for Jubail South Phase II and Jubail North, Abu Dhabi, UAE - Terms of Reference (TOR) Report - Environmental Impact Assessment (EIA) Report - Baseline Surveys - Mangrove Health Assessment - Hydrodynamic Modelling Studies, Flushing Modeling, Sediment dispersion and transport modeling. - Construction Environment Management Plan (CEMP) Report - CMP Natural Systems Assessment (NSA) Report - DMP Natural Systems Assessment (NSA) Report - Technical advice and input support to the master planners for the CMP and DMP reports	November 2024 to December 2026	Ongoing
Bureau Veritas /ADNOC	Hydrodynamic and Drill Cutting Dispersion Modelling for Belbazem (BB), Upper Zakum Field for Bureau Veritas S.A./ADNOC, UAE.	November 2024 to December 2024	Completed
Idroesse Infrastructure Middle East Engineering Consultancy Company, Abu Dhabi/ Al Ain Municipality	Preliminary environmental review (PER) for northern ring road extension & Al Ain-Sidira Road, Al Ain, Abu Dhabi, UAE - Preparation of Scoping Document - Baseline survey including marine air, noise, soil and groundwater. - Impact Assessment including air and noise dispersion modeling study	November 2024 to August 2025	Completed
TARGET Engineering Construction Company	Project Wave – Mirfa - Providing Environmental Consultant for construction Environmental Management - Pre and Post construction Habitat Survey	September 2024 to April 2026	Ongoing

May 2024 to July 2024	Completed
NMDC Energy/ADNOC	Nasr Field Environmental Baseline Survey, Abu Dhabi Marine In-situ water quality monitoring, Ex-situ water, sediment, Benthic Infauna, Plankton sampling and assessment, habitat (DDV Survey) assessment and mapping, biodiversity assessment, bird survey, mammal and reptiles' observation.	May 2024 to July 2024	Completed
TELAL Engineering &	Construction Environmental Management	May 2024 to	Completed

Client	Title/ Scope of Services	Project Period	Approval Status
Contracting LLC/ Masdar City	Plan (CEMP) • Construction Environmental Management Plan (CEMP) For Project B03, Masdar City.	July 2024	
Blue Sea Environmental Consultant	• Air (odour) dispersion modelling for Green Flame Oil Recycling Plant, Mafrqa, Abu Dhabi.	March 2024 to April 2024	Completed
AYESA/ Zutari /Miral	PER for Yas Bay Beach Scope of Baseline: • In-situ water quality monitoring, Ex-situ water, sediment sampling, Seagrass survey, Ecological Survey and Habitat mapping. • Hydrodynamic and Sediment Dispersion Modeling Study • Preparation PER Report	February 2024 to July 2024	Approved By EAD
Blue Sea Environmental Consultant / Nature for Environmental and Agricultural Solutions L.L.C	Baseline Survey and Hydrodynamic Modeling for Ramhan Island • Baseline survey including marine In-situ water quality monitoring, Ex-situ water, sediment sampling, habitat assessment and mapping, biodiversity assessment (phytoplankton, zooplankton, fish egg and larvae, benthic infauna), and terrestrial ecological survey. • Sediment Dispersion Modeling and Impact Assessment	February 2024 to April 2024	Completed
Green Mountain Cleaning Services	Operational Environmental Management Plan (OEMP) • Baseline Survey (Air, Noise and Soil Quality Monitoring) • Air Dispersion Modeling • Impact Assessment • Mitigation and Monitoring Plan.	April 2024 to June 2024	Completed
Blue Sea Environmental Consultant /NMDC	Environmental Baseline Survey for Massnoua Island Baseline survey including marine habitat assessment and mapping, biodiversity assessment.	February 2024 to April 2024	Completed
Enviri Corporation	• Environmental Site Assessment at Emirate Block Factory, Al Mafrqa Abu Dhabi	April 2024 to May 2024	Completed
NOMAC / Taweelah IWP- 200 MIGD SWRO Plant	Operation Environmental Monitoring Works for the Taweelah IWP- 200 MIGD SWRO Plant. Scope: • Ongoing sampling and assessment of phytoplankton, zooplankton, Fish egg and larvae, Fish assemblage survey.	March 2024 to March 2026	Ongoing

Client	Title/ Scope of Services	Project Period	Approval Status
	• Biannual Seagrass and Critical Habitat Survey (Ras Ghanada Area), • Ongoing Seawater in-situ and ex-situ water quality and sediment sampling analysis • Turtle Nesting Survey (March to June) • Environmental Audit		
Emirate Steel Arkan	Operational Environmental Management Plan (OEMP) • Baseline Survey (Air, Noise and Soil Quality Monitoring) • Air Dispersion Modeling • Impact Assessment • Mitigation and Monitoring Plan.	February 2024 to April 2024	Completed
NMDC Energy/ADNOC	SARB Gas Development Project, Abu Dhabi • Marine In-situ water quality monitoring, Ex-situ water, sediment, Benthic Infauna, Plankton sampling and assessment, habitat (DDV Survey) assessment and mapping, biodiversity assessment, bird survey, mammal and reptiles' observation.	February 2024 to May 2024	Completed
Tebodin Middle East Pvt. Ltd / ADOC	Baseline Survey and Hydrodynamic Modeling • Baseline survey including marine In-situ water quality monitoring, Ex-situ water, sediment sampling, habitat assessment and mapping, biodiversity assessment (phytoplankton, zooplankton, fish egg and larvae, benthic infauna), bird survey, mangroves survey and terrestrial ecological survey. • Effluent Dispersion Modeling and Impact Assessment	February 2024 to December 2024	Completed
GeoMAk	Marine Environmental Baseline Survey Report for Kuwait Offshore Exploration Project • Baseline survey including marine In-situ water quality monitoring, Ex-situ water, sediment sampling, habitat assessment and mapping, biodiversity assessment (phytoplankton, zooplankton, fish egg and larvae, benthic infauna), bird survey, mangroves survey and terrestrial ecological survey.	December 2023 to February 2024	Completed
Jan De Nul Group /ADNOC	Construction Of Al Omairah Island, Abu Dhabi, UAE • Providing Environmental Engineer for Construction Environmental Management	Dec 2023 to September 2025	Completed

Client	Title/ Scope of Services	Project Period	Approval Status
	Environmental Marine Monitoring and Periodic Reporting		
Trojan General Contracting /ADNOC	HSEIA- CSMP & Environmental Studies for Das Island Residential Development (DIRD) Project, Das Island, Abu Dhabi - HAZID, ENVID, OHID, HSEIA Summary, SIMOPS/ MOPO Study - Baseline survey including marine In-situ water quality monitoring, Ex-situ water, sediment sampling, habitat assessment and mapping, seagrass survey, coral survey, biodiversity assessment and bird survey. - Hydrodynamic modeling for effluent discharge - Noise modeling and air dispersion modeling for STP (odour) and batching plant	Dec 2023 to March 2026	Ongoing
Al Nasr Sidem / Emirates Water and Electricity Company (EWEC)	Asbestos and Terrestrial Ecological Survey for Mirfa 2 Reverse Osmosis Independent Water Project (IWP)	Nov 2023 to Dec 2023	Completed
Miral / Ayesa	Preliminary Environmental Review (PER) for Yas Bay Beach, Abu Dhabi - Baseline survey including marine In-situ water quality monitoring, Ex-situ water, sediment sampling, habitat assessment and mapping, seagrass survey, coral survey, biodiversity assessment, bird survey. - Sediment Dispersion Modeling, Flushing study and Impact Assessment	Jan 2024 to June-2024	Completed
Khatib and Alami/ Reem Hills LLC	EIA of Reem Hills Development-Phase 3 - Baseline survey including marine In-situ water quality monitoring, Ex-situ water, sediment sampling, habitat assessment and mapping, seagrass survey, coral survey, biodiversity assessment, mangrove survey, bird survey. - Sediment Dispersion Modeling, stormwater discharge modeling, flushing study and Impact Assessment	Dec 2024 to July-2024	Completed
Hilal Bil Badi & Partners Contracting Company (WLL) / Al Dar Properties	- Mangrove mortality Assessment - Habitat Compensation Plan.	Nov. 2023 to Feb. 2026	Ongoing
ALEC Engineering & Contracting	Preparation of CEMP and Environmental Audit for Yas Water World Expansion Phase 02	Dec 2023 to Dec 2024	Completed

Client	Title/ Scope of Services	Project Period	Approval Status
LLC/Executive Affairs Authority (EEA)			
ADEC Engineering Consultancy	PER for Sas Al Nakhl Island Dredging and Reclamation • Prepare Preliminary Environmental Review Scope of Baseline: • In-situ water quality monitoring, Ex-situ water, sediment infauna, Ecological Survey, Habitat mapping, soil, air and noise monitoring.	Oct 2023 to Mar 2024	Completed
Jan De Nul Group /ADNOC	Jabel Dhanna Channels Enhancement, Abu Dhabi, UAE • Providing Environmental Engineer for Construction Environmental Management • Environmental Monitoring and Periodic Reporting	Sep 2023 to Mar 2024	Completed
Al Thail Metal Scrap LLC/ AMPC/ADDC	Madinat Zeyad Power Station Decommissioning Project • Environmental Supervision of Decommissioning of Madinat Zayed Power Station • Conduct Periodic Inspection and Reporting • Prepared Waste Management Plan	Sep 2023 to Sep 2025	Completed
Beeah, Sharjah	QRA for Eva Global Energy FZC • Quantitative Risk Assessment for the Hydrocarbon processing facility and Tanks.	Sep 2023 to Nov 2023	Completed
Velosi Asset Integrity Services /ADNOC	Environmental Baseline Survey (EBS) for West to East Pipeline (WEP) Project Baseline survey including marine In-situ water quality monitoring, Ex-situ water, sediment sampling, habitat assessment and mapping, seagrass survey, coral survey, biodiversity assessment (phytoplankton, zooplankton, fish egg and larvae, benthic infauna), bird survey.	August 2023 to September 2023	Completed
ADNOC/Velosi Asset Integrity Services /Jan De Nul	Environmental Baseline Survey (EBS) for Jabel Dhanna Channels Enhancement • Baseline survey including marine In-situ water quality monitoring, Ex-situ water, sediment sampling, habitat assessment and mapping, seagrass survey, coral survey, biodiversity assessment (phytoplankton, zooplankton, fish egg and larvae, benthic infauna), bird survey.	July 2023 to August 2023	Completed

Client	Title/ Scope of Services	Project Period	Approval Status
TARGET Engineering Construction Company /ADNOC	Dalma Gas Development Project • Providing Environmental Consultant for construction Environmental Management • Environmental Monitoring (Air, Water, Noise and Marine)	June 2023 to Mar 2027	Ongoing
Abu Dhabi Quality and Conformity Council (ADQCC) Abu Dhabi Government	Climate Change Study • Review of past product conformity schemes • Identifying / Highlighting the challenges and/or limitations of the existing product conformity schemes • Stakeholder engagement & Feedback, Data interpretation • Identifying current gaps by comparing the local, regional, and international levels by encouraging government entities and the private and public sectors to deal with products and services that bear the QCC Trustmark. • Identifying Impact assessment & Control measures to attain sustainable, environmental, and energy products of QCC conformity programs). Report preparation, Final Report preparation, and Presentation to QCC	June 2023 to Nov 2023	Completed
Tasneem General Contracting Co. and Real Estate Management LLC/ADDC	EIA for Water Supply to Al Yasat Island. • Baseline survey including marine In-situ water quality monitoring, Ex-situ water, sediment sampling, habitat assessment and mapping, seagrass survey, coral survey, biodiversity assessment (phytoplankton, zooplankton, fish egg and larvae, benthic infauna), bird survey. • Sediment Dispersion Modeling and Impact Assessment • Preparation EIA Report	May 2023 to July 2023	Completed
Masdar City	• Environmental Audit for Masdar City Projects	May 2023 to June 2026	Ongoing
Al Jaber Glass Roving and GRP Pipe LLC	• Pollution control Study for VOC • Environmental Action Plan	July 2023	Completed
National Cement Factory P.O. Box 106077, ICAD I Abu Dhabi, U.A. E	Pollution control Study • Perform Wind Pattern Study • Provide fugitive dust control plan for stockpiles. • Provide consultancy services for the air	March 2023 to July 2023	Completed

Client	Title/ Scope of Services	Project Period	Approval Status
	pollution control device for the Raw Material Storage Area		
GeoMak	Marine Environmental Baseline Report For Dredging of KJO Channel & Inner Harbor, Saudi Baseline survey including marine In-situ water quality monitoring, Ex-situ water, sediment sampling, habitat assessment and mapping, seagrass survey, coral survey, biodiversity assessment (phytoplankton, zooplankton, fish egg and larvae, benthic infauna), bird survey.

- Conducted ambient air quality and noise monitoring. Performed air dispersion modeling.
- Prepared different maps (land use, drainage, habitat map) using GIS software for the EIA reports.
- Carried out analysis of air, water, food and soil samples for physical, chemical & microbial parameters.
- Liaison with Indian Environmental Authority; Conducted public hearing for mining companies;

April 2004 to March 2005

Company Name: **Vimta Labs Ltd., India.**

Position : **Technical Assistant** (Project: PPN Power Plant, Thirukadaiyur, Tamil Nadu.)

Duties and Responsibilities:

- Ambient air quality monitoring, analysis of water & air samples, stack emission & flue gas monitoring.
- Ensure environmental compliance with local regulations; Liaison with TNPCB.

TRAINING AND CERTIFICATION OBTAINED

- **ISO 9001:2015 Lead Auditor (Quality Management Systems)** certificate, TUV SUD Middle East LLC, 2024.
- **ISO 14001:2015 Lead Auditor (Environmental Management Systems)** certificate, 3Fold Education Centre, 2021.
- **Marine Mammal Observer** Mitigation Training Certificate of Joint Nature Conservation Committee (JNCC), Intellectual Ocean and Training and Consultancy Services, UK, 2021.
- **ISO 45001:2018 OHSMS Lead Auditor** certificate, BSI India, 2018.
- **Process Hazard Analysis (PHA)** for Team Leader by PrimaTech at Chicago, USA, 2017.
- **Air Dispersion Modeling (AERMOD & CALPUFF)** by Lakes Environmental, 2017.
- **OSHA General Industry Safety**, EI Group (USA), 2015.

- Hazardous Waste Operations and Emergency Response" (**HAZWOPER**), EI Group (USA), 2015.
- Interpreting Hydrodynamic Modeling for Environmental Regulator by HR Wallingford (UK), 2015.
- **NEBOSH-IGC** International Certificate Safety & Health, Chess Safety Consultancy, UAE, 2013.
- **ISO 14001:2004 Lead Auditor & ISO 9001:2008 Internal Auditor** certificate, TUV Oman, 2011.
- O&M training on **Air Quality Monitoring Station** for the analyzer of CH₄, non CH₄ HC, SO₂, H₂S, NO_x, NH₃, CO, and CO₂ conducted by Thermo Fisher Scientifics at Boston, (USA), 2009.
- **Health, Safety and Environmental procedures & Hydrogen Sulfide awareness and escape procedures** conducted by Petroleum Development Oman (PDO), Sultanate of Oman, 2007.

ANALYTICAL INSTRUMENTS HANDLED

- GC, IC, AAS, UV-visible Spectrophotometer, Flame photometer, Turbidity meter, Flue gas analyzer, pH meter, Conductivity meter, titrimetric, CTD, noise level meter, High Volume Air Sampler and Continuous AAQM station analyzers SO₂, H₂S, NO_x, O₃, NH₃, CO₂, CO, CH₄ and non CH₄ HC.

IT EXPERIENCE

- **Environmental Software:** ISC-AERMOD, CALPUFF, ALOHA, PHA works, CAUSTIC & ArcGIS.
- **Other Software:** Excellent knowledge in MS Office & basic knowledge of C, C++, Java & SQL plus.

EDUCATIONAL QUALIFICATIONS

- **M.Sc. Environmental Sciences** from Bharathiar University, Coimbatore India, 2004.
- **B. Sc. Zoology /Chemistry** from Madurai Kamaraj University, Madurai, India, 2002.
- **Diploma in E. commerce** from CSC Computer software college, Coimbatore, India, 2004.

- 2026 – Terrestrial Ecological Survey for UFR (Appraisal Well) Development Project, Al • Buhasa, Bida Qamzan, Jumaila, ASAB, Huwaila and Shah, UAE.
- 2026 – Terrestrial Ecological Survey for Ruwais Diyab Gas Full Field Development Project, Al Houbara Protected Area, Ruwais, UAE.
- 2026 – Terrestrial Ecological Survey for Zarraf PV5 Solor Project, Zarraf, UAE.

- 2025- Marine Environmental Baseline Survey for ADNOC Offshore Umm Lulu and ADNOC Umm Shaif Long Term Development Plan 2, Abu Dhabi, UAE
- 2025 - Hydrodynamic and Flushing Study for the Al Maryah Project Dive (AMPD) project located in Abu Dhabi, UAE.
- 2025 - Tree Assessment Survey and Compensation Plan For 400 KV Shaleem-Dhofar Ohl (T48/2023-OETC) Project, Salalah, Oman.
- 2025 – Hydrodynamic and Flushing and Sediment Dispersion Modelling Study for Al Maryah Project Dive (AMPD), Al Maryah Island, Abu Dhabi, UAE.
- 2025 – Drill Cutting Dispersion Modelling Study for Al Bateel Field, Bureau Veritas S.A./ADNOC, UAE.
- 2025 – Terrestrial Ecological Survey for Shuweihat CMS International Power Company PJSC SCIPCO S1, UAE.
- 2024 – Hydrodynamic and Effluent Dispersion modeling study for STP discharge in Das Island Residential Development (DIRD), Abu Dhabi, UAE.
- 2025 – Mangrove Counting and Health Assessment Survey in the area surrounding Bal Ghaylam Canal, situated within the Emirate of Abu Dhabi, United Arab Emirates.
- 2024-HSEIA and Social Screening Report, HAZID, ENVID, OHID for FEED Engineering for Das Island Residential Development (DIRD) Project.
- 2024 – Hydrodynamic and Effluent Dispersion modeling study for WIP, RO and STP discharge in ADOC Japan pvt., Abu Dhabi, UAE.
- Drill Cutting Dispersion Modelling for Belbazem (BB), Upper Zakum Field for Bureau Veritas S.A./ADNOC, UAE.
- 2024 – Hydrodynamic, Flushing and Sediment Dispersion Modelling Study for Ramhan Island and Jubail Island Interchange on E12, Abu Dhabi, UAE.
- 2024, Preliminary environmental review (PER) for northern ring road extension & Al Ain-Sidira Road, Al Ain, Abu Dhabi, UAE
- 2024, Preconstruction Survey, construction environmental monitoring for the Project Wave Component (1), Mirfa, Abu Dhabi UAE.
- 2024 - Preliminary Site Assessment (PSA) for Emirate Steel Arkan (Slag Processing Plant), Mafrq, Abu Dhabi
- Drill Cutting Dispersion Modelling for Belbazem (BB), Umm Al Salsal Field, Umm Al Dholou Field, Bin Nashar AP01, AP02 and Mandous Field for Bureau Veritas S.A./ADNOC, UAE.
- 2024 – Marine Environmental Baseline Survey for US GAS CAP + SPBF, Abu Dhabi, UAE.
- 2024 – Marine Environmental Baseline Survey for Nasr Field, Abu Dhabi, UAE.
- 2024 – Terrestrial Ecological Survey for Habshan 5, Abu Dhabi, UAE.
- 2024 – Marine Environmental Baseline Survey for Umm Shaif Field, Abu Dhabi, UAE.
- 2024 – Operation Marine Environmental Monitoring Works for the Taweelah IWP- 200 MIGD SWRO Plant, Abu Dhabi, UAE.
- 2024 – Marine Environmental Baseline Survey for SARB Gas Development Project, Abu Dhabi, UAE.
- 2024 – Marine Environmental Baseline Survey for ADOC Japan pvt.,, Abu Dhabi, UAE.
- 2024 – Marine Environmental Baseline Survey for Ramhan Island, Abu Dhabi, UAE.
- 2024 – Marine Environmental Baseline Survey for Massnoua Island, Abu Dhabi, UAE.
- 2024 – Environmental Baseline Survey for Yas Bay Beach, Yas Island, Abu Dhabi, UAE.

- 2024 – Detailed Site Assessment (DSA) for Umm AL Nar Power Station. Soil and groundwater contamination identification, demarcation and provide solution for treatment and disposal.
- 2024 - Preliminary Site Assessment (PSA) for Denholm Yam Contracting Company LLC. Soil sampling and assessment of contamination.
- 2023-HSEIA Screening Report, HAZID, ENVID, OHID for FEED Engineering for MUB.WWDP Capacity Improvement at Mub Island, Abu Dhabi Oil Company, Ltd (ADOC), Abu Dhabi, UAE.
- 2023 Environmental Impact Assessment (EIA) for Reem Hills Phase-3 Residential Development, Q Properties, Abu Dhabi UAE.
- 2023 Environmental Impact Assessment (EIA) for Yas Bay Beach Development, Al Dar, Abu Dhabi UAE.
- 2023 – Environmental Baseline Survey (Terrestrial and Marine Ecological Baseline) for Sas AL Nakhl Dredging and Reclamation Project, Abu Dhabi, UAE.
- 2023 - Terrestrial Ecological Survey for Unconventional Oil Field (Block-2) Pilot Project, Buhasa, Abu Dhabi, UAE.
- 2023 – Terrestrial Ecological Survey for Abu Dhabi International Airport (ADIA) Fuel Tank Construction Works, ADNOC Distribution, Abu Dhabi.
- 2023 - Environmental monitoring and Periodic Reporting of Jabel Dhanna Channels Enhancement, Abu Dhabi, UAE.
- 2023 – Environmental Audit for Emirates Nuclear Energy Corporation’s Construction and pre-commissioning Environmental Audit, Baraka, Abu Dhabi.
- 2022 – Environmental Audit for Natural History Museum & Centre of Curiosity, Saadiyat Island, Abu Dhabi.
- 2022 - EIA Studies Offshore Disposal Area for Shamal Development–marine works (contract no. 2101-279), Khalifa Port, Abu Dhabi.
- 2022 - CEMP for the Natural History Museum & Centre of Curiosity, Saadiyat Island, Abu Dhabi.
- 2022 - CEMP Audit for the project shamal development–marine works (contract no. 2101-279), Khalifa Port, Abu Dhabi.
- 2022 – CEMP Audit for Saadiyat Ferry Terminal, Al Aliya Ferry Terminal and Raban Ferry Terminal, Abu Dhabi, UAE
- 2022 – OEMP Audit for Al Wathba STP plant and Al Saad STP plant, Abu Dhabi, UAE
- 2022 - CEMP for the project shamal development–marine works (contract no. 2101-279), Khalifa Port, Abu Dhabi.
- 2022 - CEMP Audit for the project shamal development–marine works (contract no. 2101-279), Khalifa Port, Abu Dhabi.
- 2022 - CEMP for the project shamal development–marine works (contract no. 2101-279), Khalifa Port, Abu Dhabi.
- 2022 - OEMP for Al Mafraq Waste Transfer Station
- 2022 –Oil Spill, Mud Dispersion and Underwater noise dispersion Study, Black-1, Dalma-2 oil Well, Abu Dhabi
- 2021 – Wastewater dispersion study the HSEIA for Project Wave, ADNOC.
- 2021 – DEMP for Emirate CMS Power Company for Taweelah A2 Power Station – on going
- 2021 – DEMP for Al Mirfa Power Company for Madinat Zayed, Al Ain, Baniyas and Umm Al Nar Power Station – on going
- 2021 – CEMP for Saadiyat Ferry Terminal, Al Aliya Ferry Terminal and Raban Ferry Terminal, Abu Dhabi, UAE
- 2021 – OEMP for RNZ International FZE, KIZAD, Abu Dhabi, UAE

- 2021 – CEMP and Coral Relocation Plan for Electrical Cable to Al Yasat Al Sufla Island, Abu Dhabi, UAE
- 2021 - Terrestrial and Marine Ecological Survey of ADNOC Onshore Concession area.
- 2021 – OEMP Audit for Ittihad Paper Mill, ICAD III, Abu Dhabi, UAE.
- 2021 – PER for Electrical Cable to Al Yasat Al Sufla Island, Abu Dhabi, UAE.
- 2020 – Terrestrial Ecological Survey at Al Houbara Protected Area and Bida Hazza protected area Well Drilling and Gas Exploration Project, Urja Bharat Pte. Limited – Abu Dhabi (UBPL), Abu Dhabi, UAE.
- 2020 –Tree Assessment Survey (total of 240 hectare), Ba Al Ghaiylam Development Project, Abu Dhabi, UAE.
- 2020 – Mangrove Tree Assessment Survey at Al Jubail Island Development Project, Abu Dhabi, UAE.

LIST ENVIRONMENTAL STUDIES PREPARED FOR REGULATORY APPROVAL

- **Construction Environmental Management Plan (CEMP), STEP Deep Tunnel & Deep Pumping Station (P-01) Project, Abu Dhabi Sewerage Service Company (ADSSC), Abu Dhabi, UAE, 2012-13.**
Involved in **review & update** of CEMP in line with Environmental Agency of Abu Dhabi guidelines
- **HSEIA of ADGAS 8th Power Generation in Das Island, UAE, 2012.**
Involved emission estimation, Air and noise dispersion modeling, impact assessment, environmental action plan as per ADNOC code of practices and preparation of HSEIA Report.
- **Construction Environmental Management Plan (CEMP), Saadiyat Island STP-2 Project, Tourism Development Investment Company), Abu Dhabi, UAE, 2011.**
Involved in **review & update** of CEMP in line with Environmental Agency of Abu Dhabi guidelines
- **EIA of Khartoum Refinery (Expansion) for Khartoum Refinery Company, Sudan, 2010**
Involved in Environmental Baseline Survey and Analysis of waste streams
- **EIA of Independent Water and Power Plant (IWPP) for Sempcorp Industries Pvt. Ltd (Singapore), at Salalah, Oman, 2009 to 2010.**

Involved in Environmental Baseline survey, Greenhouse gas emission estimation, Air and noise dispersion modeling, impact assessment and preparation of environmental management plan as per IFC, World Bank guideline, Public Consultation, EIA Report preparation

→ **Operational phase EMP and Emergency response plan, Barka II power plant, Oman, 2008.**

Involved in data collection, site investigation, Impact analysis, assessing existing mitigation measures, preparation of Environmental Management Plan, implementation and training

→ **EIA Update of Fertilizer plant for Oman India Fertilizer Company (OMIFCO), Oman, 2007.**

Involved in Environmental Baseline survey including marine survey, Gaseous Emission Estimation, Air dispersion modeling, Impact assessment, Environmental management plan & Report preparation

→ **EIA of Seismic and Exploration activities in BLOCK-A for Sudapak at Malakal, Sudan, 2009.**

Involved in environmental baseline description, Air and noise dispersion modeling, Impact Assessment

→ **EIA of Seismic and Exploration activities in BLOCK-11 for Sudapak, Sudan, 2009.**

Involved in Air & noise dispersion modeling and report preparation

→ **EIA of Seismic and Exploration activities in BLOCK-9 for Sudapak, Sudan, 2009.**

Involved in Air & noise dispersion modeling and report preparation

→ **EIA of Exploratory Drilling in Block-15 at Jabal Aswad for Tethys Oil, Oman, 2007.**

Involved in Air dispersion modeling and GIS Mapping

→ **EIA of Fiber Glass Manufacturing Facility for Gulf Petrochemical Services Co. LLC, Oman, 2009.**

Involved waste stream analysis, air and noise modeling and report preparation

→ **Preliminary EIA of Uyun Limestone Mine for Al Rimal Mining LLC (TATA Group), Oman, 2009.**

Involved in Environmental Baseline survey, Impact assessment, EMP and Report preparation

→ **EIA of Gas Pipeline Construction Project for Gulf Petrochemical Services Co. LLC, Oman, 2008.**

Involved in Environmental Baseline survey, Impact assessment, Quantitative Risk Assessment & EMP

→ **EIA of Gas Pipeline Construction Project for Larson & Turbo Electro Mech., Oman, 2008.**

Involved in Environmental Baseline survey, Impact assessment, EMP and Report preparation

LIST OF ENVIRONMENTAL MONITORING AND AUDIT PROJECTS

- **Ambient Air Quality Monitoring of Mina Al Fahal, Petroleum Development Oman (PDO) and Ministry of Environment and Climate Affairs (MECA), Oman (2009 to 2010)**
 - Performed air dispersion modeling based on source emission data to identify ground level concentrations (GLCs) hotspots in order to select appropriate monitoring locations based on air dispersion modeling results.
 - Performed calibration of SO₂, H₂S, NO₂, O₃, NH₃, CO₂, CO, CH₄ and non CH₄ HC analyser and ensured quality data throughout the monitoring period in compliance with ISO 17025, USEPA and best available practices
 - Ensured quality data collection at a minimum of 90% valid data capture rate per air quality parameter per month.
 - Ensured collection of meteorological data at a minimum of 98% valid data capture rate per meteorological parameter per month.
 - Ensured collection noise data at a minimum of 90% valid data capture rate per station per month.
 - Analysed data, prepared monthly reports and presentation monitoring results to PDO and MECA.
 - Determined long-term air pollution trends and the effectiveness of pollution control strategies for Mina Al Fahal refineries, oil tanking and loading terminal activities.
 - Presented the monitoring trends to Ministry of Environment and Climate Affairs (MECA), Oman.
- **Ambient Air Quality Monitoring in response to the emergency complaints from Kuboot village, PDO, Oman (2009)**
 - Conducted air dispersion modeling using AERMOD software to identify ground level concentrations (GLCs) hotspots and buffer zone of the complained area to select appropriate location for AAQM.
 - Performed calibration of SO₂, H₂S, NO₂, O₃, NH₃, CO₂, CO, CH₄ and non CH₄ HC analyser and ensured quality data throughout the monitoring period in compliance with ISO 17025, USEPA and best available practices.
 - Ensured quality data collection at a minimum of 90% valid data capture rate per air quality parameter per month.
 - Ensured collection of meteorological data at a minimum of 98% valid data capture rate per meteorological parameter per month.
 - Analysed data, prepared AAQM report, presented the findings and recommendations to the PDO for reducing pollution and avoid complaints from local community.
- **Performance Test Monitoring at Barka II power and desalination plant, Oman, 2009.**

Involved in GT's stack emission monitoring (using US EPA method 5, 6, CTM 13A, 34) including PM, SO₂, NO_x, CO, CO₂ and Hydrocarbons, Noise monitoring, seawater influent and effluent sampling.
- **Measurement of Ocean physicochemical parameters for Independent Power and Desalination Project at Salalah, SEPCO III, Oman, 2010.**

Involved in deployment of instrument and collection of data such as wave and current data (ADCP), Tide (Tide gauge), Conductivity, and Temperature Dissolved Oxygen (CTD);

Analysis of historical data of physicochemical parameters such conductivity, temperature, TSS, sedimentation, tide, wave and current, climate, tsunamis, etc.,

- **Marine Ecological Monitoring during Dredging of Marine Intake and Outfall for Independent Power and Desalination Project at Salalah, SEPCO III, Oman, 2010.**
Monitored marine water quality and ecology (flora and fauna). Ensure that the impact from the dredging activity in compliance with environmental permit conditions.
- **Marine Mammal Observation (MMO) for Block 18 Offshore seismic and Exploratory Drilling Project for Reliance Industries Ltd, Oman, 2007.**
Monitored and recorded Marine mammal activity and other species (flora and fauna) of concern identified by the project environmental impact assessment during the course of the project. Communicated deviations to company and contractor designated personnel.
- **Construction phase Environmental Audit and Monitoring at Phase–II Oiltanking Odfjell Terminals & Co LLC, Oman, 2007 to 2008.**
Involved in Environmental audit and monitoring and preparation of audit report
- **Air Quality monitoring at Modern Steel Mills, Oman, 2009.**
Ambient Air Quality, Stack emission monitoring including PM, SO₂, NO_x, CO, CO₂ and Hydrocarbons and Noise monitoring
- **Construction phase Health, Safety and Environmental Monitoring and Audit, Sembcorp Salalah Power & Water Company, Oman, 2010.**
Involved in Health, Safety and Environmental audit and monitoring; preparation of audit report
- **Environmental Audit and Monitoring for Construction and Operation phase at Oman Formaldehyde Chemical Company, Oman, 2007 to 2010.**
Involved in Environmental audit and monitoring and preparation of audit report
- **Construction phase Env. Audit and Monitoring at Aromatics Oman LLC, Oman, 2008 to 2010.**
Involved in Environmental audit and monitoring and preparation of audit report
- **Construction phase Environmental Audit and Monitoring at Phase–I Oiltanking Odfjell Terminals & Co LLC, Oman, 2007 to 2008.**
Involved in Environmental audit and monitoring and preparation of audit report
- **Construction phase Env. Monitoring and Audit, Barka II power plant, Oman, 2007 to 2009.**
Involved in Environmental audit and monitoring and preparation of audit report
- **Indoor Air Quality Monitoring at Royal Oman Police Forensic Laboratory, Oman, 2007.**
Involved in indoor air sampling and decontamination

LIST OF SITE CONTAMINATION AND REMEDIATION/RESTORATION PROJECT

- **Contaminated Site Investigation and Remediation Plan for Al Faya Hazardous Waste Storage Facility, Oasis Environmental Solution, Abu Dhabi, UAE. 2020 ongoing.**
Involved in preparation of Action Plan, Site investigation and remediation plan.
- **Site Investigation Report for the Soil Contamination at Storm Water Basin in Al Dhafra Air Base, Abu Dhabi, UAE. 2020**

Involved in preparation of site investigation plan, Execution of sampling program and Site Investigation Report preparation as per EAD guidelines

Client: U.S. Army Corps of Engineers (USACE)

Contractor: Al Sahraa General Transport & Clearance

→ **Environmental Action Plan and Remediation of Contaminated Site for Al Ghaith Industries LLC, ICAD-I, Abu Dhabi, UAE. 2019**

Involved in preparation of Action Plan, Site investigation and remediation plan.

→ **Environmental Consultancy Services for Bid Bid Oil Contamination Restoration Project, PDO, Oman, 2008.**

Involved in soil, ground and surface water sampling and analysis, impact assessment and advice on restoration activities

→ **TPH Contaminated Soil Remediation/Cleanup Project at Zauliyah 16, Oman 2006 to 2007**

Preparation of project progress report and demobilization plans and management of the demobilization work at site.

Dr. Hemalatha Annadurai

Profession: Environmental Consultant (10+ years' experience)

**SUMMARY**

Accomplished **PhD** with more than ten years of experience as a Researcher and Biologist in the marine environment. She awarded women's post-doctoral fellowship funded by University Grants Commission (UGC), India and Junior Research Fellow (JRF) funded by Centre for Marine Living Resources and Ecology (CMLRE), Minister of Earth Science (MoES). She is well experienced in marine ecology, sampling, Identification of marine organism and Cultivation of marine microalgae. She is also experience in marine water analysis and oceanography studies. She is currently working with Adept Environmental Consultancy L.L.C. as an Environmental Consultant to manage environmental projects.

CAREER HISTORY**August 2024 to Till Date**

Company Name: **Adept Environmental Consultancy L.L.C., Abu Dhabi, UAE.**

Position : **Environmental Consultant**

Duties and Responsibilities:

- Prepare Environemntal Impact Assessment (EIA) Studies and Environemntal Managemnt Plans(CEMP).
- Prepare Magrove Planting Management Plan (MPMP), mangrove tree survey and assessment.
- Prepare habitat compensation and implementation plan (mangrove, seagrass and coral).
- Sampling and analysis of water and sediment.
- Identification of macroalgae, seagrass, corals, sponges and other epifauna.
- Applying technical and scientific knowledge in sampling and assessment of benthic infauna, pelagic, zooplankton, phytoplankton, fish egg and larvae and fisheries biology.
- Conduct habitat, mangrove and avifauna survey.
- Preserve specimens and samples of known and unknown species.
- Ability to carry out aquatic ecosystem health assessments for environmental monitoring projects.
- Conduct research on behaviors of marine life in the ocean.
- Marine benthic and inter tidal habitat survey and mapping.
- Conduct terrestrial ecological survey and assess impact from anthropogenic activity
- Planning and executing fieldwork.

January 2021 to April 2024

Company Name: **Ideal Aqua Laboratory, Sirkali, Tamilnadu, India.**

Position : **Laboratory In charge**

Duties and Responsibilities:

- Collaboration and supervision of laboratory team for the analysis of water, microbes, zooplankton, phytoplankton, fish egg and larvae.
- Prepare and review laboratory reports.

Fellowship

- Women's post-doctoral fellowship funded by University Grants Commission (UGC), India from October 2015 to December 2020.
- Junior Research Fellow funded by Centre for Marine Living Resources and Ecology (CMLRE), Minister of Earth Science (MoES), Government of India from April 2008 to September 2015.

Technical Skills

- Food Analysis
- Water Analysis for Microbiology
- Water Analysis for Chemistry
- Identification and Cultivation of Marine microalgae
- Identification of marine Phytoplankton, Zooplankton, Seaweed, Seagrass and Benthos
- Team Management
- Preparation of SOP's

Notable projects:

Worked as a Team Member – Environmental Impact Assessment for Shasun Pharmaceuticals, Apollo Tyres, Sobha Groups, Bahri Hotels, Anthea Aromatics (Pharmaceuticals), Stelis Biopharma, Indian Molasses Company etc.

Education:

- Marine Mammal Observer Mitigation Training Certificate of Joint Nature Conservation Committee (JNCC), Intellectual Ocean and Training and Consultancy Services, UK, 2025.
- Doctor of Philosophy in Marine Biology and Oceanography specialization with Marine Microbiology, Annamalai University, India, 2014
- Master of Philosophy in Marine Biology and Oceanography, Annamalai University, India, 2010.
- Master of Science in Marine Biology and Oceanography, Annamalai University, India, 2008.
- Bachelors of Science in Zoology, Thiruvalluvar University, India, 2006.

TRAINING AND CERTIFICATION OBTAINED

- Marine Mammal Observer Mitigation Training Certificate of Joint Nature Conservation Committee (JNCC), Intellectual Ocean and Training and Consultancy Services, UK, 2025.

Dr. G. Suthagar

Profession: Marine Scientist / Oceanography and Modelling (5+ years)

Summary

Dr. G. Suthagar is a Marine Scientist with expertise in Oceanography, marine biology, remote sensing and hydrological systems. Skilled in applying advanced hydrodynamic modeling studies, satellite data, GIS, hydrodynamic modelling studies and field-based oceanographic methods to support sustainable resource management, climate resilience, and environmental monitoring. Adept Dr. G. Suthagar is currently working with Adept Environmental Consultancy L.L.C. as a Marine Scientist to manage the Marine related projects.

CAREER HISTORY**February 2026 to Till Date**

Company Name: Adept Environmental Consultancy L.L.C, Abu Dhabi, UAE.

Position : Environmental Engineer/Marine Scientist

Duties and Responsibilities:

- Conduct and Prepare Environmental Baseline Studies (EBS) to establish baseline environmental conditions.
- Hydrodynamic Modeling Studies(Hydrodynamic, Water Level, Storm Surge and Wave Transformation Study, Sediment transport model, Sediment dispersion modeling, and Flushing study).
- Conduct environmental and impact assessment (EIA) studies, environmental management plan (EMP).
- Apply satellite remote sensing (Sentinel-2, Sentinel-3) data for vegetation, chlorophyll-a and TSM validation.
- Perform Marine water, sediment, plankton, benthic infauna sampling, DDV survey and bird survey.
- Coordinate and perform environmental audit and monitoring for the industrial and development projects.

Jun 2022 to Jan 2026

Company Name: Tamil Nadu Fisheries Dept., Tamil Nadu, India

Position : Marine Scientist

Duties and Responsibilities:

- Conducted fisheries resource monitoring, data collection, and boat inspection report preparation.
- Delivered training and awareness programs on sustainable fishing and safety for coastal communities.
- Reviewed and Analyzed Environmental Data: Interpreted complex environmental data to support assessment conclusions and report findings.

Aug 2018 – Feb 2019

Company Name: COFE, Dr. J. Jayalalithaa Fisheries University, Tamil Nadu, India

Position : Environmental Consultant

Duties and Responsibilities:

- Taught oceanography, instrumentation, GIS, and aquaculture techniques.
- Assisted in student training on remote sensing applications for marine research..

Aug 2016 – Mar 2018

Company Name: ISRO-SAC Project

Position : Junior Research Fellow

Duties and Responsibilities:

- Applied satellite remote sensing (Sentinel-2, Sentinel-3) for chlorophyll-a and TSM validation.
- Published peer-reviewed papers on water quality and remote sensing techniques.

KEY SKILLS/SPECIALITIES

- Remote sensing and GIS
- Hydrology & Coastal Research: Sediment grabs, estuarine surveys, seawater monitoring.
- Environment Modeling Studies(Hydrodynamic modelling).
- Environmental Monitoring (in-situ water quality, air and noise quality, marine water, sediment, soil and groundwater sampling.
- Implementing environmental management procedure
- Equipment calibration, specimen handling, and laboratory procedures.

ACADEMIC QUALIFICATION

- Ph.D. Ocean Science & Technology – Annamalai University, India (2021)
Research: Temporal variation of water quality and Sentinel-2 remote sensing validation of chlorophyll-a & TSM
- M.Sc. (Integrated) Ocean Science & Technology (Marine Biology & Oceanography) – Annamalai University, India (2016)

TRAINING AND CERTIFICATION OBTAINED

- Remote Sensing of Marine Phytoplankton – INCOIS (2018)
- Remote Sensing & Geo-informatics – ISRO-SAC (2017)
- Shrimp Culture Techniques – Annamalai University (2016)
- Marine Corrosion & Surface Engineering – Annamalai University (2011).

IT EXPERIENCE

- **Environmental Software:** DHI Mike Zero & QGIS.
- **Other Software:** Excellent knowledge in MS Office.

COMPETENCIES

- Fluent in both spoken and written English
- Competent in analysing monitoring data and promptly addressing deviations from legal limits.
- Knowledge of Industry regulations
- Excellent communication skills, both verbal and written communication skills

- Strong Interpersonal skills to lead as we as be a team player

Dr. S. Raja, Ph.D.

Profession: Environmental Scientist / Marine Ecologist (15+ years)

Summary

Mr. S. Raja, holds a Ph.D. in Marine Biology & Oceanography with over 15 years of experience in marine ecology, benthic biodiversity, environmental monitoring, marine biological research, and university teaching. Extensive experience in offshore and coastal ecological investigations, benthic taxonomy, environmental impact assessments, marine sample collection, and biological data analysis. Proven expertise in identifying marine macrofauna, conducting ecological assessments, supervising research projects, and publishing scientific papers in peer-reviewed international journals.

CAREER HISTORY**July 2026 to Till Date**

Company Name: Adept Environmental Consultancy L.L.C, Abu Dhabi, UAE.

Position : Environmental Consultant/ Marine Scientist

Duties and Responsibilities:

- Lead and undertake marine environmental baseline surveys for Environmental Impact Assessment (EIA), Environmental Baseline Studies (EBS), Environmental Monitoring Programmes (EMP), and ecological assessments.
- Conduct marine ecological investigations, including coral reef, seagrass, mangrove, macrofauna, benthic infauna, phytoplankton, zooplankton, fish, and intertidal habitat surveys.
- Plan and supervise offshore and coastal field investigations, including water quality, sediment quality, benthic, and biological sampling in accordance with international standards and client specifications.
- Identify marine flora and fauna to the lowest practical taxonomic level and interpret ecological data for biodiversity assessments.
- Prepare technical reports, including Environmental Impact Assessments (EIA), Environmental Baseline Studies (EBS), Environmental Monitoring Reports (EMR), Marine Ecological Assessment Reports, and Environmental Management Plans (EMP).
- Coordinate multidisciplinary environmental projects involving hydrodynamic modelling, water quality modelling, sediment transport studies, and ecological risk assessments.
- Evaluate potential environmental impacts associated with dredging, reclamation, offshore developments, pipelines, ports, desalination plants, wastewater outfalls, and coastal infrastructure projects.
- Develop practical mitigation measures, environmental monitoring programmes, biodiversity management plans, and environmental protection strategies.
- Ensure compliance with national and international environmental regulations, including Environmental Agency – Abu Dhabi (EAD), ADNOC, IFC Performance Standards, World Bank EHS Guidelines, ROPME protocols, and relevant ISO standards.
- Participate in stakeholder consultations, technical meetings, and client presentations to communicate environmental findings and project recommendations.

- Supervise field teams, subcontractors, and laboratory activities to ensure data quality, health and safety compliance, and timely project delivery.
- Perform statistical analysis and interpretation of environmental monitoring data and prepare GIS-based habitat maps and environmental sensitivity maps.
- Support proposal preparation, technical and financial submissions, project planning, budgeting, and resource allocation for consultancy projects.
- Mentor junior environmental scientists and provide technical guidance on marine ecology, sampling methodologies, and environmental reporting.
- Maintain high standards of quality assurance and quality control (QA/QC) throughout project execution and report preparation.

June 2025 to July 2026

Company Name: Vivekanandha College of Arts and Sciences for Women (Autonomous)

Position : Assistant Professor

Duties and Responsibilities:

- Teaching undergraduate and postgraduate Zoology courses.
- Supervising student research projects.
- Conducting academic research and scientific publications. More than nine years of teaching experience.

2016 – 2025

Company Name: Vivekanandha College of Arts and Sciences for Women (Autonomous)

Position : Assistant Professor

Duties and Responsibilities:

- More than nine years of teaching experience.
- Delivered courses in Marine Biology, Ecology, Aquaculture, Genetics, Environmental Biology, Biotechnology, Fisheries Biology, Physiology, Microbiology and Taxonomy.
- Guided undergraduate and postgraduate research dissertations.
- Served as Department Quality Assurance Coordinator, Examination Coordinator, Admission Coordinator and Board of Studies Member.

2013–2015

Company Name: Centre for Marine Living Resources and Ecology (CMLRE), Ministry of Earth Sciences, Government of India

Position : Junior Research Fellow

Duties and Responsibilities:

- Benthic Productivity Studies in the Bay of Bengal.

Oct 2020 – Sep 2021

Company Name: Sreehari G & Associates, Kerala, India

Position : Audit Executive

Duties and Responsibilities:

- Coordinated statutory and internal audits, analyzed data, and prepared audit reports.

- Investigated financial irregularities, reviewed financial statements, and ensured compliance.
- Collaborated with external auditors and monitored remedial actions.

2008–2012

Project: Marine Benthos of the Indian Exclusive Economic Zone (EEZ)

Position : Technical Assistant

Duties and Responsibilities:

- Offshore biological surveys
- Marine benthic ecology
- Sediment sampling
- Water quality investigations
- Biological sample processing
- Ecological data interpretation

OFFSHORE & FIELD EXPERIENCE

- Four scientific cruises onboard FORV Sagar Sampada
- Offshore sampling in the Indian Exclusive Economic Zone
- Water quality monitoring
- Sediment sampling
- Marine benthic investigations
- Biological monitoring
- Coastal ecological assessments

PUBLICATIONS

17 peer-reviewed scientific publications, including papers published in:

- Regional Studies in Marine Science
- Environment Monitoring and Assessment
- Tropical Zoology
- Journal of Marine Biological Association of India
- Pakistan Journal of Biological Sciences
- International Journal of Mosquito Research
- Annual Research & Review in Biology
- Proceedings of International Academy of Ecology and Environmental Sciences

Research areas include:

- Marine benthic biodiversity
- Heavy metal contamination
- Sediment ecology
- Polychaete ecology
- Marine nematodes
- Fish diversity
- Coastal environmental monitoring

- Marine ecological risk assessment

TECHNICAL SKILLS

- Marine Macrofaunal Identification
- Polychaetes

- Perform environmental audit for the industrial and development projects.
- Environmental due diligence and site assessment
- Prepare Environmental Baseline Report.
- Perform marine benthic and inter tidal habitat survey and mapping.
- Prepare Environmental Action and Mitigation Plan.
- Perform Environmental Compliance Audit.
- Prepare Environmental Action Plan
- Prepare Waste Management Plan and Emergency management Plan.

April 2021 to November 2021.

Organization: **GREENLAND ENVIRONMENTAL ENGINEERING CONSULTANTS**

Designation: **Environmental Engineer (Marketing & Business Development)**

Responsibilities:

- Environmental business development and attaining monthly sales targets in close coordination with Sales Team.
- Maintaining CRM Database and updates.
- Telemarketing and Customer Support.
- Preparation of Waste Reduction Report (WRR) and Waste Reduction Action Plan (WRAP).
- Attend client meetings and provide technical advice.

2019 to March 2020

Organization: **QUALITY REGISTRAR SYSTEMS - Abu Dhabi**

Designation: **Environmental Engineer (Sales & Marketing).**

Responsibilities:

- Business development and attaining monthly sales target in close coordination with Sales Team.
- Maintaining CRM Database and updates.
- Telemarketing and Customer Support.
- Preparation of Waste Reduction Report (WRR) and Waste Reduction Action Plan (WRAP).
- Attend client meetings and technical advice.

KEY SKILLS/SPECIALITIES

- Environmental Audit
- Environmental Impact/ Risk Assessment
- Environmental Management Plan (CEMP, OEMP, DEMP).
- Waste Management: Bolisaty system; Tadweer Rules and Regulations
- Waste Reduction Report, Waste Reduction Action Plan
- Experienced in ISO Certification and OSHAD
- Ecology, Biodiversity, Conservation Biology, Environmental Systems.
- Environmental Chemistry, Analytical Techniques & Instrumentation.
- Environment Management, Environmental Pollution Control.
- Environmental Microbiology - Analysis and Tests
- Water and soil quality analysis.
- Basic Knowledge of Estidama, the Green Building Regulation of Abu Dhabi.
- Environmental Laws, Policies, Information & Communication

IT & COMPUTER PROFICIENCY

- Microsoft Office packages Word, Excel, Power Point, Outlook
- Adobe Work suits

ACADEMIC QUALIFICATION

- Master of Science (Environmental Science and Management) at Mahatma Gandhi University, Kottayam, India, 2008 with 8.05 OGPA.
- Bachelor of Science (Chemistry) at Kannur University, Kannur, India, 2006.

TRAINING AND CERTIFICATION OBTAINED

- **ISO 14001:2015 Lead Auditor (Environmental Management Systems)** certificate, 3Fold Education Centre, 2022.

Mr. Kalimuthu Kumarasamy

Profession: Environmental Engineer (5+ years)

Summary

Mr. Kalimuthu Kumarasamy is a B. Tech Chemical Engineering degree holder and having 5+ years of working experience in Environmental Consultancy field. Mr. Kalimuthu Kumarasamy is currently working with Adept Environmental Consultancy L.L.C. as an Environmental Consultant to manage the environmental projects.

CAREER HISTORY**June 2022 to Till Date**

Company Name: **Adept Environmental Consultancy L.L.C., Abu Dhabi, UAE.**

Position : **Environmental Consultant**

Duties and Responsibilities:

and Responsibilities:

- Prepare of Environmental Impact Assessment (EIA) Studies and Environmental Management Plan (EMP).
- Perform Air, Noise, QRA and hydrodynamic modeling Studies
- Prepare daily, weekly, monthly and quarterly environmental inspection, monitoring and performance report as an third party environmental consultant for assigned projects.
- Prepare project weekly, monthly and quarterly reports.
- Coordinate and perform environmental audit and monitoring for the industrial and development projects.
- Conduct daily in-situ monitoring (Turbidity, DO, Salinity, pH and Chlorophyll) at dredging and marine activity area to identify marine activity impact on neighbouring environment and to take appropriate corrective and preventive measures.
- Perform daily, weekly inspection at construction sites to ensure the compliance in accordance with EAD approved CEMP and permit conditions.
- Prepare Environmental Action and Mitigation Plan.
- Perform Marine Environmental Monitoring (air quality, noise level, water and sediment sampling).
- Quantitative Risk Assessment (QRA) and Consequence Analysis
- Perform air & noise dispersion modeling, emission estimation & engineering calculation for greenhouse gases (GHG) and other criteria pollutants for almost all industrial sectors.

KEY SKILLS/SPECIALITIES

- Environmental Audit
- Environmental Impact Assessment
- Environmental Management Plan.
- Environmental Chemistry, Analytical Techniques & Instrumentation.
- Environment Management, Environmental Pollution Control.
- Environmental Monitoring (in-situ water quality, air and noise quality, marine water, sediment, soil and groundwater sampling).
- Water and soil quality analysis.

 - 2022 – Environmental Audit for Saadiyat Ferry Terminal, Al Aliya Ferry Terminal and Raban Ferry Terminal, Abu Dhabi, UAE.

Mr. Rashid CP M.Sc.,

Profession: Environmental Consultant and Baseline Survey Specialist (7+ years)

Summary

Mr. Rashid is a master degree holder in Zoology and having 7 years of experience in the field of Ecology and Environmental Research. He worked in various environmental baseline monitoring project in India and Abu Dhabi and also, involved in preparing environmental impact assessment studies. He is well experienced in environmental baseline and ecological survey. Mr. Rashid CP is currently working with Adept Environmental Consultancy L.L.C. as an Environmental Consultant to manage environmental projects.

CAREER HISTORY**November 2024 to Till Date**

Company Name: **Adept Environmental Consultancy L.L.C., Abu Dhabi, UAE.**

Position : **Environmental Consultant**

Duties and Responsibilities:

- Perform Terrestrial (Assessment of Habitat, Survey of Flora and Fauna) and marine ecological survey as per ADNOC and International Biodiversity Guidelines.
- Conduct Avifauna and STL Survey
- Installation and safe recovery of Sherman Traps, Camera Traps, Pitfall traps and perform nocturnal survey.
- Prepare Environmental Impact Assessment (EIA) Studies and Environmental Management Plans(CEMP).
- Prepare habitat compensation and implementation plan (terrestrial habitat, mangrove, seagrass and coral).
- Sampling and analysis of water and sediment.
- Prepare daily, weekly, monthly and quarterly environmental inspection, monitoring and performance report as an third party environmental consultant for assigned projects.
- Conduct in-situ monitoring (Turbidity, DO, Salinity, pH and Chlorophyll) at dredging and marine activity area to identify marine activity impact on neighbouring environment and to take appropriate corrective and preventive measures.
- Marine Fauna Observation as per Guidelines of the JNCC.
- Perform water, groundwater, soil, marine water quality, sediment and marine flora and fauna sampling as per the USEPA and other international procedure.
- Coordinate and perform environmental baseline survey for the development, infrastructure, oil and gas projects.
- Prepare Environmental Baseline Survey and Monitoring Report in line with EAD Technical Guidance Document (TGD) for Environmental Monitoring Report.

April 2018 to October 2024

Project assistant II (CSIR- National Institute of Oceanography, RC, Kochi) from April 2018 to April 2020.

Project Associate I (CSIR- National Institute of Oceanography, RC, Kochi) from May 2020 to April 2022.

Project Associate II (CSIR- National Institute of Oceanography, RC, Kochi) from May 2022- Oct 2024

Duties and Responsibilities:

Mr. Rashid had the opportunity to contribute significantly to two important marine environmental monitoring projects. The major one was funded by ONGC (Oil and Natural Gas Corporation). The project involved sample collection from coastal as well as offshore waters of KG-PG basin and coastal locations in the Palk Bay and Ramnad area for a period of three years. The sampling was based on OSPAR guidelines. Another one was the monitoring of selected marine outfalls along the coastal waters of the west coast of India, funded by NCCR (National Centre for Coastal Research). As a part of both projects, Mr. Rashid participated in ship-based sampling and several boat samplings in coastal areas. Mr. Rashid gained experience in chemical as well as biological sample collection and operated various instruments like CTD, Niskin water sampler, Plankton nets (WP2-Net and Bongo), Van Veen grab. Mr. Rashid also gained experience in sample analysis of plankton (Phytoplankton and Zooplankton) and benthic organisms. Apart from this, Mr. Rashid have been a part of EIA report preparation.

PROJECT INVOLVED

- Eastern Offshore Environmental Monitoring, KG-PG Basin and Ramanad area, Bay of Bengal for 3 years from 2017-18 to 2019-20
- Marine ecosystem dynamics of eastern Arabian Sea 2018- 2021
- Delineating the Ecosystem Ecology of Wadge Bank and Adjacent Regions (DEEWAR)- 2022-2023
- Effect of industrial effluents on seawater quality and ecosystems in selected coastal locations along India's west coast - 2022-2024.

TRAINING AND CERTIFICATION OBTAINED

- **ISO 14001:2015 Lead Auditor (Environmental Management Systems)** certificate, 3Fold Education Centre, 2025.

SOFTWARE SKILLS

Graphical software's: QGIS, ODV –Ocean data view, Grapher V8, Surfer v9,
Bibliographic software: Endnote X1

ACADEMIC QUALIFICATION

- M.Sc., Zoology, PSMO College Tirurangadi, University of Calicut, Kerala, India, 2015-2017.
- B.Sc., Zoology PSMO College Tirurangadi, University of Calicut, Kerala, India 2012-2015.

WORKSHOP AND SEMINARS

- JBS7(7Th International Jellyfish Bloom Symposium) Integrative Taxonomy Workshop, Organized by Department of Aquatic Biology & Fisheries, university of Kerala and ICAR-CMFRI, Kochi during 25 – 27th November 2023.
- Hands on online training on fundamentals of R programming and data analysis for biologists
- conducted by Kerala state biodiversity board during 1st May – 31 st July 2023
- GIS Training Program organised by GEOTECH GIS Training Institute, Aurangabad, India, online platform, 12-18 August, 2020.
- Workshop on “Advanced Statistical Methods for Communicating Science” Hands-on training on SPSS Software, Organized by Department of Botany and centre for research S.T Teresa's college (Autonomous), Ernakulam, on 24 th January 2020

- National Seminar on “Holistic approach for a Sustainable Lifestyle-Perspective from Indian Knowledge System” Organized by Swadeshi Science Movement-Kerala in Association with National Institute of Technology (NIT) Calicut during 25-27 th May 2023
- National level webinar on Microplastics in the marine environment (MIME-2020) Organized by the Department of marine science, School of marine sciences, Bharathidasan University, Tiruchirappalli, Tamil Nadu, India, online platform, during 25-27 th November 2020.

Mr. Amjad Kayathirikkal

Profession: Environmental Consultant (4+ years)

Summary

Mr. Amjad Kayathirikkal is a Master degree holder in Environmental Science and Sustainable Management and having 4 years of experience in the field of environmental impact assessment, and monitoring. He is well experienced in handling environmental impact assessment and baseline studies.

CAREER HISTORY**April 2025 to Till Date**

Company Name: **Adept Environmental Consultancy L.L.C., Abu Dhabi, UAE.**

Position : **Environmental Engineer / Environmental Monitoring**

Duties and Responsibilities:

- Prepare of Environmental Assessment Studies and Environmental Management Plan (EMP).
- Prepare Environmental Baseline and Environmental Performance Report.
- Coordinate and perform environmental audit and monitoring for the industrial and development projects.
- Conduct Environmental Due-diligence and compliance audit
- Remote sensing, image processing, vegetation index calculation, Image Classification & Habitat Mapping, GIS Data analysis and mapping.
- Perform Terrestrial and marine ecological survey, flora and fauna identification.
- Prepare Environmental Action Plan, Site Assessment and Remediation.
- Prepare Waste Management Plan and Emergency management Plan.
- Perform daily, weekly inspection at construction sites to ensure the compliance in accordance with EAD approved CEMP and permit conditions.
- Conduct in-situ monitoring (Turbidity, DO, Salinity, pH and Chlorophyll) at dredging and marine activity area to identify marine activity impact on neighbouring environment and to take appropriate corrective and preventive measures.
- Perform Marine Environmental Monitoring (air quality, noise level, water and sediment sampling).
- Prepare project weekly, monthly and quarterly reports.
- Prepare Environmental Action and Mitigation Plan.

July 29, 2023 to March 2025

Company Name: **Qualitas Material Testing Laboratory, Abu Dhabi, UAE**

Position : **Environmental Engineer / Environmental Monitoring**

Duties and Responsibilities:

- Ensured that the company environmental requirements are fulfilled in the site activities.
- Conducted Indoor Air Quality Monitoring, Ambient Air Quality Monitoring, Clean Room Validation, Noise Level Monitoring, Illuminance level monitoring, Indoor Micro Air Analysis
- Prepared reports (LIMS Software) and Documentation
- Manage the team of site operations technicians

July 20, 2022 to Dec. 2022

Company Name: **Environmental Impact Assessment/Consultancy Projects Handled by The Department of Environmental Science and Management, Bharathidasan University, Trichy, India**

Position : **Research Fellow**

Duties and Responsibilities:

- Ecological Restoration of Vaiyapuri and Minnakkal Tanks- Executed by PWD, Govt. of Tamilnadu, India
- Environmental Performance Evaluation of MAK Green Incinerator, Kodungaiyur, Greater Chennai since to till date

ACADEMIC PROFILE

- M.Sc. Environmental Science and Sustainable Management, Bharathidasan University, Trichy, India 2022.
- B.Sc. Physics at Calicut University, Nadapuram Government college, Kerala, 2019.
