# Company Profile

Founded in 2020 by Jy Plunkett and Hamish Bruce, PB Constructions delivers high-quality building solutions across residential, commercial, eco-tourism, modular housing and fabrication sectors. With experience across remote mining communities in the Kimberley to island developments in Thailand, we bring a solution-focused approach to construction in diverse and challenging environments.

## Our Mission

PB Constructions will deliver projects large or small, from workers accommodation and subdivisions to award winning resorts and wilderness retreats. Our experienced team can take on turnkey finishes, structural lockups and fixed priced projects with onsite management. We work closely with clients and architects to turn visions into reality with precision and care.

## Our Core Values

PB Constructions operates on the core values of **integrity, adaptability, resolve** and **accountability**.

These principles drive our team's approach to every project, ensuring clear communication, seamless operations and a commitment to excellence from design through to handover.

# Key Values

PB Constructions reflects a dynamic and independent team that takes pride in every project. Our team is professional and reliable with a client-focused approach.

- Collaboration
- Transparency
- Accountability
- Understanding
- Sustainability
- Reliability

# Our Key People

PB Constructions management team brings in-depth knowledge and experience to every stage of the project - from design to delivery. Our team specialises in logistical planning for remote, environmental, and culturally sensitive sites, carefully considering climate, access and community engagement.

The unique challenges of remote construction has made planning, adaptability and organisation strengths of the company and it's team. With over a decade of combined experience, PB is well-equipped to deliver sustainable, successful projects in diverse locations.

**“ Experienced. Adaptable. Driven. ”**

## Founders

**Jy Plunkett**

CO-FOUNDER

Jy Plunkett has over 7 years of experience in large-scale and remote construction. Born into a family business, construction is in his DNA. He played a key role in the growth of the WABi systems, helping evolve the product into a scalable, industry-recognised solution used globally.

Jy has managed and delivered complex construction projects across diverse environments, including Thailand, China and the United States. He brings strategic business insight and construction expertise to ensure PB Constructions partners with the best systems and suppliers, delivering sustainable, efficient solutions for every project.

**Hamish Bruce**

CO-FOUNDER

Hamish Bruce is the backbone of PB Constructions, bringing over 7 years of hands-on experience across complex and remote building projects. He plays an integral role in managing day-to-day operations, ensuring every project runs efficiently, on time and within budget.

Hamish delivers accomodation solutions that balance environmental, economic and social factors, critical for clients operating in remote locations. Through PB Constructions and its partners, Hamish consistently delivers sustainable, purpose-built developments across Australia and internationally.

## Mobile Accomodation - PB Camps

## How can we help?

PB Constructions provide the best services with quality-driven and cost effective solutions.

## Structural Lock up

PB Constructions is equipped with a dedicated team that efficiently completes projects in a timely manner.

We are committed to initiating your project promptly, whether it involves constructing sheds or securing residential properties.

## Turnkey Solutions

PB Constructions provides comprehensive packages for designing and constructing your new home.

We collaborate closely with our esteemed partners, WABi Systems, to ensure we are able to customise your home to meet your unique needs and requirements.

## How can we help?

PB Constructions collaborate closely with clients to ensure building solutions are customised to meet their specific requirements.

## Onsite Project Management

Our professional team is responsible for ensuring all projects are completed on time and within budget, aligned with clients needs. This includes establishing and managing client expectations, as well as developing comprehensive project plans with a strong focus on attention to detail.

## Renovations & Subdivisions

PB Constructions has the capability to undertake projects of various scales, ranging from minor repairs to full home renovations and restorations.

We also deliver subdivisions, managing planning, approvals and site development.
