

103 Country Christmas Lights

Players Card

When the radio announcer plays the Christmas Lights game, call 103 Country at 989-426-1031. When you are on the air with the DJ, guess two light bulbs (numbers) – if both numbers are associated with the same business – you are a winner of the prize for that business. Only one winner per business, keep track of when the bulbs are lit!
