THE CANAAN KIBITZER

VOLUME 60, ISSUE 2 SUMMER/SPECIALTY 2024

PRESIDENT'S MESSAGE

Hello Everyone,

We had another National Specialty in Virginia had boy did the committee knock it out of the park. Jane, Marianne, Cindy, Leora, Cynthia, Annette & Marla, as a group they drew on each other's strengths and helped out when it was needed. As president when you hear nothing before a show that's good news and it was nice and quiet. Hats off to them the way they raised money, made different things for the auctions, got others to donate. It really was amazing and we not only had a great time we actually made money. Congratulations to all the winners, those that finished and all that showed their dogs. It always nice to see everyone and meet some new people.

Cathi Oskow had to resign as the Central Director do to family issues, we thank her for her time she was able to help the club. Melinda Linton agreed to take position until the next election (after BOD approval). The Board also approved to let more people on the breeders list so when people look on the website they can see more the 3 or 4 breeders listed. Breeders will still need to send info in and get approved by signing and abiding by the Breeders code of ethics.

The club has 2 supported entries this year one will be the Beverly Hills Kennel club in July and the National dog show in Philadelphia this November. The 2025 National Specialty will be in San Bernardino, Ca. May 22-26 2025. Please also look forward to 2026 for a National Specialty suggestions.

Remember we're all volunteers and dogs and showing our dogs is a hobby for a lot of people "Be Nice" and honor the Canaan Dogs.

- Keith

EDITOR'S NOTE

Happy Summer!

And trust me, working in an office with no external windows and an anemic AC system, I can attest summer is here! Happily, the back ordered part has arrived in the state and the repair has a scheduled date.

I was disappointed not to make the Doswell Specialties but had previous commitments the same week in Texas. Thank you especially to Chris Oxley for the photos that are found throughout this issue which allow those of us who couldn't make Virginia to get a feel for the week.

Now that the 2025 National dates and location are know, we can all start planning our Mission: Possible to San Bernadino. Initial details on page 13 and more to come soon. Marla and her team are busy planning for next May. Volunteers are always welcome— reach out to learn more.

A couple members have reported that the position@cdca.org addresses are not working. I have replaced the Officers and Board Member contacts on page 26 with each person's address as from the "Canaan Connections." The most current version of the Connections was mailed to each household on June 21st and are reaching members mailboxes as I type. If yours is AWOL, please reach out to Debbie Friedman, Membership Coordinator, at cat_sailor@icloud.com.

Be safe, and pat your dogs!

- Amanda

JOAN CAPAIU-GREENE 2023 MEMBER OF THE YEAR

I'm nominating Joan Capaiu-Greene for the 2023 MOTY award. Joan joined CDCA in 1980 and is our 3rd Lifetime Member. She shared her collection of the first Canaan Dog newsletters ever written with members interested in early club history. In 2007, she helped defeat California's legislative effort to regulate all pet ownership through mandatory spay/neuter laws. She continues today to inform our membership in her role as Legislative Liaisons Committee co-chair.

Joan served multiple BOD terms as Director West. She served as Recording Secretary, co-chaired our Web Committee, was a CDCA Herding Chair and worked on our Code of Ethics. She chaired the Desert Bred Canaan Dog Registry, was listed as a 2018 National Specialty Sweepstakes Breeder/Judge and is a CDCA Mentor.

Joan remembered departed club members by writing wonderful Memorials. She remembered dogs by coordinating a Memorial Gathering at the 39th CDCA National Specialty and with her 2013 DOTY nomination she acknowledged a very special dog. Joan is a knowledgeable breeder and owner who is willing to help all who reach out to her.

I relied on Joan's expertise and experience multiple times. As a first-time Canaan Dog owner, I didn't know what was considered normal CD behavior in some situations. Joan explained how CD behavior and instinct differed from those of my previous dogs. We've laughed and cried together. She's been supportive through the good times and the bad. Joan always makes time to listen, advise and help. I will be forever grateful for her mentoring and friendship.

Nominated by Marcia Muller

Approved by the Board

Awarded at the 2024 Awards Banquet

CDCA 2025 National Specialty

May 22, 2025

(Designated Specialty and three
Supported Entries held with the
Mission Cluster:
May 23-26, 2025)

Location

San Bernardino, CA
www.cdca.org

We're very excited to announce the location of the 2025 CDCA National Specialty, to be held in conjunction with the famous Mission Cluster at the expansive San Bernardino Soccer Complex, a lovely outdoor venue with level grass and tons of space.

In addition to the stand-alone National Specialty on Thursday, we're offering

a Designated Specialty on Friday and Supported Entries on Saturday, Sunday and Monday, as well as FastCAT, Rally, Obedience, CGC and FDC title testing and are working on presenting on-site Herding Instinct Testing, ATT testing, Dock Diving and Agility (pending finalization through the cluster and presenters).

National Purebred Dog Day Photo Contest Winner

By Cathi Oskow

I won the "Adventure Doggo" category in the National Purebred Dog Day (NPDD) Photo Contest, held each year on May 1. (A slightly different version of this photo also won a CDCA Facebook photo contest!) This category of the NPDD photo contest is sponsored by Impact Dog Crates, which "manufactures the safest and strongest dog crates on the planet." I'm excited to win one of these valuable crates, and I look forward to keeping my Adventure Doggo Simi safe in the car in her new crate when we drive off on our next adventures!

I recommend the National Purebred Dog Day (NPDD) Facebook Group. They print all kinds of interesting articles and photos of different dog breeds, plus they advocate for purebred dogs. (They featured the Canaan Dog previously.) I've been wanting to win the Adventure Doggo category of their photo contest since I first became aware of it, three years ago. Simi's full name is UKC CH Kochav Mazel Tov U'Siman Tov TKA FITS, and she is the 5th generation of her Canaan Dog family to live her life in our home and family. Simi truly is my Adventure Doggo--my travel and hiking companion. Long before I knew of the contest, I had developed a hobby of taking photos of her in nature. Now on some of my adventures with her, when I know we're going someplace cool, I remember to take a NPDD sign with me, just in case... (The contest requires a physical sign in the entries.) I've done a lot of training with Simi, and among other commands, she has a solid "Stay", and she knows the photo drill! This photo was taken in a slot canyon in Utah, located off of a road called Hell's Backbone, in the area of Grand Staircase-Escalante National Monument. I loved how the light hit the striations of stone, and made the bush glow. An appropriate scene for Canaan Dog!

Texas 56 Roscoe, CGC!

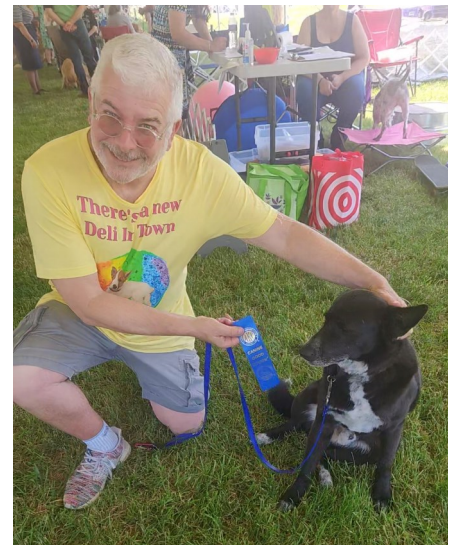

By Thomas Cassel

On May 24, 2024, Roscoe, a five year old Texas 56er rescue dog owned by Tom Cassel and his late partner Tim Wenz, became the first

56er to pass his Canine Good Citizen ("CGC") at the Staten Island Kennel Club dog show in Freehold, NJ cheered on by his packmate Deli, a 3 month old Canaan Puppy from Aharon and Regal. His transformation over the past 3 years has been nothing short of amazing considering that he has overcome 3 difficult major life events - his rescue, losing Tim (his human), and then losing Shlomo. We thought he was gone forever on the night we picked him up from the rescue transport, when, on his first "walk" after midnight he slipped out of his ill fitting shelter collar and dashed into the night finally locating him around 1PM asleep in a backyard shed about 5 blocks from home. We later learned his pre-rescue name was Houdini, because he could climb a 5 foot fence.

Despite being 2 years old, we took him to "puppy" class with his companion Shlomo who arrived just 3 weeks later. The instructor told me he was untrainable yet he excelled at loose leash walking from the very start, since we had no fence those first couple months. Today he never pulls on leash and remains calm when we encounter other dogs, people or animals, foundational behaviors for the CGC. People often comment how well-behaved he is as he sits politely during conversations. Still, Roscoe stays cautiously aloof at times which I explained during the grooming portion of the CGC to the evaluator who was outwardly nervous knowing some history of the breed. She decided to evaluate that at the end, when Roscoe would be more familiar with her. He was!

Most recently, he has welcomed Deli, a three month old puppy into the pack with open paws and a fun game of bitey face as they romp around the backyard pummeling each other. The decision to test for the CGC was last minute after I had signed up Deli, looked at the requirements and realized [that] Roscoe could do everything on the list. We didn't do any special training for this at all other than showing up and testing.

With his calm, steady personality, he has been an excellent mentor to Deli, correcting her when necessary (she came to me whining like the world had come to an end after one incident) but also showing her how to have fun like a Canaan Dog. Bravo Roscoe!

CDC's New Dog Import Rule: Updates and Information for Dog Enthusiasts

June 21, 2024

<https://www.akc.org/legislative-alerts/cdcs-new-dog-import-rule-updates-information-dog-enthusiasts/>

American Kennel Club Government Relations (AKC GR) staff have met with staff of the United States Centers for Disease Control and Prevention (CDC) as well as key members of Congress to discuss the CDC's recently finalized rule on the importation of dogs. AKC continues to be concerned with the disproportionate impact the new rule will have on low-risk importations, and shares in the concerns of fanciers and breeders who regularly cross the U.S.-Canadian border for canine event participation, veterinary care, and breeder collaboration. Nevertheless, AKC believes the most efficient means of achieving additional regulatory change is by working with CDC staff to share concerns, keeping members of Congress informed, and helping craft solutions that will address the concerns. AKC extends sincere thanks to CDC and Congressional staff for their time and consideration of these concerns. Click [here](#) to learn what you can do.

Because of the amount and volume of concern shared by dog owners or other importers (like professional handlers) who regularly cross the U.S.-Canadian border, CDC staff summarized what will be needed to import a dog from Canada (and any other canine rabies-free or low-risk country):

- Dog must be at least six months old;
- Dog must have an ISO-compatible microchip;
- CDC Dog Import Form (See more below.)
- A government-endorsed written form documenting that the dog has resided or otherwise been only in countries that are classified as free of canine rabies or low-risk for canine rabies. (See more below.)
- Dog must appear healthy upon arrival.

AMERICAN KENNEL CLUB
GOVERNMENT RELATIONS DEPARTMENT

About the CDC Dog Import Form

There has been much worry shared with AKC and CDC about the CDC Dog Import Form, particularly since it has not yet been made publicly available. CDC staff explained that the form appears similar to another form they currently use, and they remain concerned that releasing it will create confusion about what form is needed on what date. CDC plans to release the new form in mid-July to best reduce the chances of confusion and allow access for upcoming importations.

CDC staff made several points about its new Dog Import Form:

- There is no cost for submitting the form.
- The form will take approximately five minutes to complete.
- A completed form/receipt may be printed or made available on a mobile device.
- A photo of the dog to be imported is a required part of the form.
- The dog's microchip number is also a required part of the form.
- The form must include the location where the dog will cross into the United States, which can be any airport, land border crossing, or seaport.
- A successfully submitted form is valid throughout the day it is submitted for. In cases of multiple land border crossings in a day, submitting multiple forms will not be required.
- A dog must arrive at the location listed on the Dog Import Form receipt to complete the importation.

CDC staff also emphasized that the Dog Import Form will be the tool used to learn the actual number of dogs imported into the United States. This is of great importance, as the actual number of importations has only been estimated in the past. Additionally, the form will help CDC understand additional regulatory needs and possible future exceptions to the new rule.

About Government-Issued Documentation That a Dog Has Only Been in Canine Rabies-Free or Low-Risk Countries

CDC emphasized that several of the forms that may be submitted may be valid for the same amount of time that a dog's rabies vaccination is valid (i.e., in the case of three-year vaccines, during that three years). In such cases, owners will not need to

complete a new form or health checks for importation during that time as long as the original form is provided upon entry, and as long as the dog has only been in rabies-free or low-risk countries. These forms include:

- The Certification of U.S.-Issued Rabies Vaccination (for live dog re-entry into the United States) This form would need to be completed by a USDA-accredited veterinarian before the dog initially leaves the United States.
- A valid USDA-endorsed export health certificate that documents the dog's age (at least six months) and microchip number. If the certificate documents a valid (unexpired) rabies vaccination given in the U.S., this form will be valid for the duration of the rabies vaccination (1-3 years). If the certificate does not contain rabies vaccination information, it must list the rabies-free or low-risk country from which the dog is returning. Under this circumstance, the certificate will only be valid for 30 days.
- Or for dogs that do not have either of the above, the Certification of Dog Arriving from DMRVV-free or Low-risk Country form (instructions). This may be the most convenient option for Canadian owners and fanciers. This form will be valid for multiple entries into the U.S. for the duration the rabies vaccination is valid (1-3 years) if it contains information about the rabies vaccination administered in a rabies-free or low-risk country. If this form does not contain rabies vaccination information, it will be valid for a single entry into the U.S. and only for the 30 days after the form was issued.

AKC Reiterated Strong Concerns with the Increase in the Minimum Age for Importation

AKC staff challenged the increase in the minimum age a dog may be imported. AKC suggested that there is real value in allowing the importation of puppies at four months of age, if fully vaccinated and having only been in a rabies-free or low-risk country. These benefits include puppies bonding with new owners, training, and veterinary care. AKC reiterated that allowing the importation of these personally owned puppies (which is still permitted until August 1, 2024) has not proved to present an increased risk in disease introduction or transmission.

CDC staff noted AKC's concerns. CDC also spoke to two importation problems it continues to deal with: Unscrupulous importers that try to falsify health paperwork (which they continue to see attempted on a daily basis), and that it currently has no way to distinguish the importation of personally owned dogs from the importation of dogs imported for commercial reasons. However, CDC also expressed their openness to hearing ideas on adjustments to the rule that may be needed, and recognized that there are more issues that may need to be discussed.

The new import/entry requirements will go into effect as scheduled, on August 1, 2024. However, respectful communication with CDC and your members of Congress will play an important role potential future exceptions or enforcement flexibility. Click [here](#) to help impact future policy changes.

The best source for the latest information from CDC on dog importation is the CDC's online resources at www.cdc.gov/dogtravel. CDC staff may be reached at (404) 498-1600, or at cdcanimalimports@cdc.gov.

As new information is made available, AKC GR will continue to provide updates on how the new importation rule will be enforced. For more information, email doglaw@akc.org.

Brag Box

FINAL BRAG:

Ziva keeps on giving. UKC sent a certificate which showed Ziva once again made their Nosework Hall of Fame Top Ten by Group list. She tied for 8th place in the Sighthounds and Pariah Dogs Group for 2023.

- Marcia Muller

LETTER TO THE EDITOR

I wish to thank the CDCA for bestowing the honor of being selected to receive the AKC Sportsmanship Award for 2023. There have been many lessons learned during the many years of my involvement with purebred dogs. These lessons mainly relate to legislative and emotional issues related to dog ownership, breeding, & showing.

I would ask the membership of the CDCA to remember there are individuals & organizations who are working hard to take away all we cherish about our Canaan Dogs & dog ownership. You need to get involved in order to protect what you love. You are the experts on dogs at every government level - Local, State, & Federal. My message to you is you MUST get involved.

Thank you again for the 2023 AKC Sportsmanship award.

Michael Houchard

CONGRATULATIONS to Debbie Friedman for obtaining the AKC Trick Dog Elite Performer title on Asher (Caliente Desert Wanderer). He is the 2nd Canaan Dog to achieve this high-level title. I hope to see Asher's video entry in the 2024 National Virtual Trick Competition.
