ABOUT

TIS Vinyl Division was created as a way to combine years of experience in business, marketing, custom design, and apparel. Starting with small holiday collections; TIS quickly grew into producing quality custom collaborations with individuals and business alike.

"TIS is the ability to make ideas come to life!"

With an ability to offer "little to-no" minimums, the goal remained the same: stay accessible to anyone wanting to create something custom & special.

From the loving mother yearning for the perfect birthday tee for her tot, to curating marketing concepts with new and seasoned business owners:

TIS is the ability to make ideas come to life!
