HELPING FAMILIES FIND HOPE AND HEALING
AFTER THE LOSS OF A CHILD.

"This journey that we are on is not a path that we ever wanted or expected to be a part of, but the support that Healing Hope has provided me and my family is much more than I could have ever expected. They are there to support my family and myself as we go through all the different emotions that come with losing a child. They provide a safe and healing space that lets you work through your grief in a way that you decide. They do not judge you or tell you what to do but support you through the journey. One thing that I find great from them is the fact that when you leave, they still think about you and check in and reach out to you. You are not just a person to them it is almost like they take you in as family to provide that support and caring that you need."

- Ashley, Elliot's mom

Elliot

We support the entire family unit.

"I treasure the times I got to hold Wyatt and yes I still miss him! Wyatt's been with Jesus for over a year. Attending Healing Hope made me realize that I needed to take time to grieve too. Denny and Karri listen with their hearts and give hugs too. The serene view just brings such peace to your grieving heart. I highly recommend reaching out to Karri and Denny."

- Pat, grandmother to Wyatt

Pat and her grandson Wyatt

Bennett and his brother Weston

"After presenting the story of the Comfy Critters and sharing the brochure that goes with it helping to identify your feelings, Bennett, a 5-year-old boy that lost his younger brother Weston, ran up to us and said, 'I'm lonely.' It was as if he had finally found the word to describe how he feels and had been given permission to express it. These Comfy Critters are such a powerful tool."

- Denny Allen, Healing Hope Ministries

Madeleine and her brother Bailey

"When I lost my older brother unexpectedly in January 2021, I was surrounded by the support and love of family and friends. As the months have gone on, Healing Hope Ministries has reached out to my parents and I and have continued to be a vital part of our grieving process. Everyone grieves, even siblings. There is nothing as terrible as losing a sibling, the person you were given to 'do' life with. This ministry provides opportunities for siblings to meet each other and share in this grieving process. Healing Hope Ministries helps you to realize that you are not alone in your grief, and I am forever grateful for their generosity."

- Madeleine, sister to Bailey

Healing Hope Ministries helps families and their support systems find hope and healing after the loss of a child. We provide encouragement, compassion and support through retreats, education and small groups. Through love, we meet people where they are and hold a safe space to process grief. It is our desire to light a path for hope and healing.

We strive to offer our events at no cost or for a very limited fee for participants and your support helps us do that. With the support of our sponsors, we have grown to serve over 1000 individuals each year through our family retreats, monthly grief groups, workshops, women's retreats, one-on-one conversations, Walk to Remember events, Campfire & Conversations, our online store, and Blue Christmas events.
