

Hello Parents!

We are excited to begin this class in just a few weeks! Please read this email for important information about the class.

Materials:

Students should bring their devices to class charged and ready to go! They do not need a DSLR camera, their phone camera is great! Or, here's a great digital camera on amazon for only \$40 for Amazon Prime day! <https://a.co/d/60ioHNJ>

If they have a laptop, they should bring that to class too! If they don't have a laptop- I would highly recommend getting one for them! As they get older and continue homeschooling and into college there will be a lot of uses for it, not just this class! It's Amazon Prime day- get one while it's on sale! :)

Class Plan:

In the fall, students will be focused on building their photography skills. Then in the spring they will partner with the Acting for Film & Television class to film their short film! This will give them an additional skillset of videography. They will also take BTS cast photos and the student headshots which are used in the film! The film they make in collaboration with the acting class will be showed at the Trinity End of the Year party so they can watch it with their friends and family!

I will be at the open house on July 31st. If your student hasn't met me yet, this is a great chance to do so! Otherwise I will see them the first week of school. To contact me, please use [thiateach@gmail.com](mailto:thiateach@gmail.com)

My wife Thia also teaches here at Trinity and we share this email for all Trinity communication.

That's it from me! Thanks!

-Aaron Warren
