

# Welcome to Core 9!

## COMMUNICATION INFORMATION:

- Texting is the best way to reach me quickly: 813-482-8099
- AFTER AUGUST 2nd, you may email through your student's account on Mellow Yellow Education.
- \*I will primarily communicate via Email through Mellow Yellow Education.\*
- **See FAQ's section of this PDF for info on Mellow Yellow Education.**

## OPEN HOUSE AND Q&A:

- Thursday, August 1st - 10:30 AM

## MEETING TIMES:

- TUESDAY
  - World History - 9 AM
  - Geometry - 10 AM
  - World Literature - 11 AM
  - Lunch - 12 PM
  - Biology - 12:30 PM

## IMPORTANT ALLERGY INFORMATION:

- I am **ALLERGIC TO LATEX** (balloons, latex gloves, or even rubber bands are very unsafe for me). I do have an Epi-pen on hand, just in case.
- I am also **EXTREMELY SCENT SENSITIVE** - I get a sore throat and headache whenever I smell colognes, perfumes, lotions, or heavily scented deodorant. While all those things smell wonderful, I react to them (vanilla, floral, musk, etc).
- Please let your student know ahead of time that even *scented hand sanitizer* can cause a reaction and that it is not personal.
- If scented items are worn, it disrupts class, as I may need to leave the room for a moment or politely ask, if at all possible, they wash their hands to remove some of the smell. Safer scents are citrus and peppermint scents.

## CURRICULUM REQUIREMENTS:

- You can purchase the **required** Core 9 Textbooks and Curriculum, EXCEPT for math, [HERE](#).

## STEPS FOR REGISTERING FOR MR D MATH:

- Click [here](#), then select which class you want to register for.
- Be sure to note which class is CORE and which class is NOT, Teacher names, Class Days and Times, etc.:
- Click **PURCHASE FOR \$217 (on the right side of page)**.
- Click **APPLY COUPON (in shopping cart on left side of page)**.
- USE COUPON CODE: TRINITY100 - This is your curriculum fee (\$117).
- Once applied, fill in the rest of the form using the pic below as a guideline.**
- The screenshot has the most common questions asked when registering. Even though you are clicking on live classes with extra costs, there will not be any more costs than the ones you already agreed to during your class registration through Trinity. The NCAA track is for athletes, but I have everyone select that because you never know when someone might want to become an athlete! :)

## SYLLABUS:

- The **syllabus** will be on the information tiles on your Mellow Yellow Education website and your Mr. D Math website.
- The **homework workbook** for math will be handed out during Open House or during the first day of class.
- Homework instructions will be posted on your Mellow Yellow Education website and your Mr. D Math website.

# FAQs:

- **How does Mellow Yellow Education (MYE) work?**
  - MYE registration information will be sent to you by TEACH prior to Open House.
  - Registration for classes on MYE begins no sooner than **August 2, 2023**.
  - Even if you have had an account with MYE before this school year, ALL students ***must create new accounts***. Old accounts will NOT work.
- **Is food allowed in Mrs. Wilson's classroom?**
  - *YES, BUT with restriction. Quiet snacks with thorough cleanup are allowed. No candy/gum, gummy snacks, or raisins (they grind into the carpet).*
  - *CORE 9 & CORE 10 students may eat full lunches in the classroom during breaks, or they may eat their lunch in the gym.*
  - *CORE 9 & CORE 10 students may utilize UberEats, etc. Please see Ms Corey for best delivery options.*
  - *CORE 9 & CORE 10 students need to know that leaving campus with parent permission is allowed via Ms. Corey - she will request text permission from parents.*
- **What are the class rules?**
  - RESPECT - Yourself, others, and Mrs. Wilson. This one rule covers all of the rules. Students do not need to ask me to use the restroom as long as they are respectfully quiet when getting up to go. Students will only be addressed about cell phone use in my class if it is respectful (limited to emergency or class use only). Any conduct rule you can think of involves respecting yourself, others, or the instructor. Text me if you have any questions.
  - **What might cause me to be removed from the class temporarily or permanently?:**
    - LESS THAN 70% in the class consistently. Students who are not completing enough work to obtain a C average or higher will not be successful in the class and are likely to be a distraction to the class. Not being familiar with the material and/or not participating in class is unacceptable. Messages will go out to parents and administration should this happen. PLEASE VIEW YOUR STUDENTS LOG-IN EACH WEEK!
    - CHEATING as determined by parents and teacher. I will be running answers and essays through AI checkers. I will put a note on the assignment that it is flagged for AI and will be marked incomplete. This will send an automatic notification to your account (which parents should be monitoring each week). If the issue is determined to be cheating by parents, then a warning will be given. A second violation will result in the administration getting involved. If students are providing word for word answers from known text resources/answer keys, the message will be Matches Answer Key, but will NOT be marked incomplete. Parents will need to monitor this activity - especially for science classes.
    - VIOLATING RULE OF RESPECT will follow TEACH's policy for violations.
- **Do I need a special calculator?**
  - YES

- For **Pre-Algebra through Algebra I**, you can easily use a **basic scientific calculator**.
- For **Algebra II**, you need a **TI-84 calculator (preferably PLUS CE)**.
  - **PLEASE NOTE!!** Since you can use this same calculator in Algebra I and Geometry, as well as in college, you can opt to purchase and use it as early as Algebra I.
- **I heard about a class prayer. Is that for all classes?**
  - YES - We have a school-wide prayer and pledge in the gym at 11:55 am for Monday and Wednesday students. I also will be taking prayer requests and praying before each class. We will pray once during Core days.
- **Where will I be able to see my recommended grade for the class, homework, etc.**
  - You can see your recommended grade for this class on MYE and Mr. D. As the student's teacher, however, parents are solely responsible for administering grades.
