

Welcome to DIY Madness/Woodworking & Crafting!

COMMUNICATION INFORMATION:

- Texting is the best way to reach me quickly: 813-482-8099
- AFTER AUGUST 2nd, you may also email through your student's account on Mellow Yellow Education.
- *I will primarily communicate via Email through Mellow Yellow Education.*
- See FAQ's section of this PDF for info on Mellow Yellow Education.

OPEN HOUSE AND Q&A:

- Monday/Wednesday Open House - August 31, 2024
 - Drop-In Between 10 AM and 1 PM

MEETING TIMES:

- DIY MADNESS - Monday 1-2 PM
- WOODWORKING & CRAFTING - Monday 2-3 PM

IMPORTANT ALLERGY INFORMATION:

- I am **ALLERGIC TO LATEX** (balloons, latex gloves, or even rubber bands are very unsafe for me). I do have an Epi-pen on hand, just in case.
- I am also **EXTREMELY SCENT SENSITIVE** - I get a sore throat and headache whenever I smell colognes, perfumes, lotions, or heavily scented deodorant. While all those things smell wonderful, I react to them (vanilla, floral, musk, etc).
- Please let your student know ahead of time that even *scented hand sanitizer* can cause a reaction and that it is not personal.
- If scented items are worn, it disrupts class, as I may need to leave the room for a moment or politely ask, if at all possible, they wash their hands to remove some of the smell. Safer scents are citrus and peppermint scents.

CURRICULUM REQUIREMENTS:

- You do not have to purchase any curriculum; I will provide all of the necessary materials and handouts.
- Occasionally, I might ask that you and your student find certain project items on your own (i.e. old picture frames, wood pallets, etc.).

ANNOUNCEMENTS ONLY:

- There is NO syllabus for this class. Due to the varying skill levels of the students, we may need more time to complete some projects. I will post announcements as needed.
- This class has very little official homework; *however*, students will be asked to complete more minor aspects of their projects at home as needed. It is critical that students complete any at-home work assigned.
- As indicated in the information section for this class, Woodworking & Crafting is for students who are in 3rd-6th grade. No lower grades will be accepted.
- Students and parents must sign a safety pledge for the class. **Any violations** of the safety rules for the class could result in a ban from the class.

FAQs:

- How does Mellow Yellow Education (MYE) work?
 - MYE registration information will be sent to you by TEACH prior to Open House.
 - Registration for classes on MYE begins no sooner than August 2, 2023.
 - Even if you have had an account with MYE before this school year, ALL students *must create new accounts*. Old accounts will NOT work.
- Is food allowed in Mrs. Wilson's classroom?
 - NO - for these two classes, no food or drinks other than a water bottle are allowed in these two classes. The project tables need to be free of food and mos
- What are the class rules?
 - RESPECT - Yourself, others, and Mrs. Wilson. This one rule covers all of the rules. Students do not need to ask me to use the restroom as long as they are respectfully quiet when getting up to go. Students will only be addressed about cell phone use in my class if it is respectful (limited to emergency or class use only). Any conduct rule you can think of involves respecting yourself, others, or the instructor. Text me if you have any questions.
- I heard about a class prayer. Is that for all classes?
 - YES - We have a school-wide class prayer that will be said at the beginning of every class. Students are encouraged to say it with the instructor. The prayer is in the Student Handbook.
- Where will I be able to see my recommended grade for the class, homework, etc.
 - There will not be grades for any elementary or lower middle school classes.
