

Welcome To French 1a Class! Bienvenue!!

I am thrilled to be working with you and your child at T.E.A.C.H. this coming year. I believe that by working together we will make this a very successful school year for your student. I'm a homeschool mom myself and I love that homeschool parents play such an active role in their child's education.

I will be teaching all my French classes this year in room 403. I invite you to call, text or visit the classroom any time that you have a question regarding the curriculum or your child's progress in class. If your child has a particular challenge be it academic, social, or emotional that needs to be taken into consideration in the classroom, please feel free to share this with me. Knowing this I can make the appropriate changes so your student will be as comfortable as possible.

In class this year we will be using the Discovering French Nouveau Bleu workbook and textbook. Families can rent a textbook from me to use during the school year for \$20.00 that I will return to them when they turn the text back in to me in good condition at the end of the school year. If students would like to have a copy of their own to keep, details for purchasing the texts on Amazon are listed below. Purchased textbooks can be "used".

New workbooks are getting harder to find on line (details are listed below). If it is easier for you, I have many brand new copies of the workbook that families can purchase directly from me for \$25.00 each.

I will have all my extra book/workbook copies available at the Open House and also on the first day of classes.

I also recommend students have a 3 ring binder to keep all class hand outs during the year.

Textbook: Discovering French, Nouveau!: Student Edition Level 1 2007 (USED)

ISBN-10 : 0618656510 ISBN-13 : 978-0618656516

NOTE: The cover features a girl with a green shirt and the Eiffel Tower in the background. Be aware, there are a few different versions of the textbook.

Workbook: Discovering French, Nouveau!: Bleu 1, Student Workbook Paperback (Buy NEW)

ISBN-10 : 0618298258 ISBN-13 : 978-0618298259

I maintain an on line gradebook for each student on the website Thinkwave.com. Information will be provided on the first day of class to access this site for homework and graded assignments. You will be able to print out grading and attendance reports if you'd like them for your homeschooling records.

I truly consider it an honor and privilege to be working with your family this year and look forward to meeting you either at Trinity's Open House or in August when school begins.

À Bientôt!! See You Soon!

April Reinhart
