Class information:

Knit, Crochet & More:

This is an introduction to fiber arts. We will spend most of the first semester on knit and crochet then venture into many of the other crafts in this art; knit, crochet, working in the round with knit/crochet, spinning yarn, granny squares, weaving, wet felting, needle felting, cord making (kumihumo), and macramé. I have 8 to 10 projects planned. Class project supplies are included. During the second semester students will be encouraged to have their own project (supplies not included) going outside of class and class time will be available for help.

Crochet Crafts:

We will dive into the craft world of crochet. I have 6-8 projects planned. Skills we will work on: the basic crochet stitches, granny squares, Tunisian crochet, amigurumi, felting, broomstick lace, colorwork, garments, pattern and chart reading. The supplies for the first project are included, after that supplies are not included and will be needed fairly regularly and will not be the same for everyone. Supplies needed will consist of yarn for the project and the appropriate knitting needles.

Knit Crafts:

We will dive into the craft world of knitting. I have 6-8 projects planned. Skills we will work on: knit, purl, knitted shapes, double knit, stuffies, felting, lace, cables, color work, socks, garments, pattern and chart reading. The supplies for the first project are included, after that supplies are not included and will be needed fairly regularly and will not be the same for everyone. Supplies needed will consist of yarn for the project and the appropriate knitting needles.

A note for students:

Please come to class with patience and knowledge that everyone learns new things at different rates and sometimes in different ways. These skills, like all skills take practice and patience to learn and improve.

Thank you for joining me this year!
