## Class Description

Math is all around us. It is a universal language around the globe. Math can explain God's perfect hand in creation. Then why do so many people young and old groan when the topic of math is discussed?

Math really can be fun to learn if it is presented in a natural way just as any spoken language is. My goal for this class is to present math concepts in a fun and meaningful way that will ignite a love and understanding of math, as well as an increased confidence in math performance. Math should be hands on, relevant, and fun.

In Math & Me, children will experience math in a natural way through games, stories, cooking, art, songs, nature, experiments, role play, and much more.

## Communication

I will send emails when necessary. Most communication will be done through the Remind app.

To join via online go to <https://www.remind.com/join/mathmek>

To join via mobile app, send a **text to 81010** and text the message: [@mathmek](#)

*\*\*\*This is the best way to reach me. If you send me an email, please send a text through Remind to notify me. I have 5 email accounts I check weekly not daily.*

## Materials

All materials will be provided. Donations are always appreciated.
