

Welcome to Reading Strategies!

No textbook is needed for this course. We will study picture books and mentor texts to learn specific strategies in a reading workshop format.

Materials needed each week: composition book and PENCILS. If you would like to provide colored pencils, erasers, hi-lighters, Post-It notes, glue sticks in a pencil case, your child will have his/her own to use each week.

Mellow Yellow Education is the online platform used for this class. Visit www.mellowyelloweducation.com and create an account. There is a video you can watch at the first screen to assist in this process. Lesson topics for course are listed here. Assignments will not be graded but feedback will provided by instructor.

Please let me know if I can assist in any way. Looking forward to a great year together!

Blessings,
Candace Rydell
