We are a group of dedicated Saskatchewan Registered Respiratory Therapists bringing you the most up-to-date and relevant educational resources related to the field of respiratory therapy. In place of the previous SCRT Education conferences this committee will pursue alternative opportunities for all respiratory therapists in the province.

We need your help to make this education relevant to your daily practice. As a thank you to those who submit suggestions, feedback, a joke of the month, present a webinar, or contribute to the Google Calendar, we will enter your name into a GIVEAWAY draw at the end of the year.

YOU MIGHT THINK  
BEING A RESPIRATORY  
THERAPIST IS EASY, BUT  
IT'S *SNOT!*

## *What to Expect*

### FROM THE SASKATCHEWAN RESPIRATORY THERAPY EDUCATION COMMITTEE

#### MONTHLY NEWSLETTERS

We will be sending out monthly newsletters on the first of every month. A new topic will be selected to focus on each month. Links will be provided to a variety of educational resources to cover multiple learning styles. Please feel free to send topic suggestions to the committee email or directly to a committee member.

#### QUARTERLY WEBINARS

Our goal is to provide quarterly webinars that will be recorded. The recording link will be distributed in the following month's newsletter and available on our [website](#). Certificates will be available for webinars provided through the committee.

#### SHARED GOOGLE CALENDAR

Use the link under the 'Resource' tab on our website to find the link to our Google Calendar.

Each month the committee will update the calendar with additional education opportunities. This is a collaborative effort so please add in any webinars, etc. that you come across.

Please use the notes section to include links and more details on the event.

Alternatively you can send information on the event to [saskrtec@gmail.com](mailto:saskrtec@gmail.com) and the committee will add the information to the calendar.
