

FEBRUARY NEWSLETTER

Saskatchewan Respiratory Therapy Education Committee

A Year In Review

THANK YOU FOR ALL THE SUPPORT IN OUR FIRST YEAR

- We are so grateful for the support over the last year from frontline staff as well as vendors for enabling us to provide free educational opportunities.
- SaskRTEC was established in January 2025 by a group of Registered Respiratory Therapists in Saskatchewan with the objective of providing high-quality, research-based educational opportunities to respiratory therapy professionals across the province. Following the implementation of new legislation, the Saskatchewan College of Respiratory Therapists (SCRT) was no longer able to offer educational conferences to its members, necessitating this transition.
- SaskRTEC has formally incorporated as a non-profit organization under the name Saskatchewan Respiratory Therapy Education Committee Inc. or the abbreviated SaskRTEC.
- Since incorporation we were able to purchase a public domain website that allowed us to meet our goal of easily accessible education.
- You may see our look continue to see changes throughout the upcoming year as we create a trademarked logo and continue to expand.
- SaskRTEC is now setup to accept funds to allow us to expand the way we provide education going forward. This could one day include in person events and more frequent webinars. Our current plan is provide 6 webinars throughout 2026.
- We will continue to provide the Respiratory Therapist Excellence Award on an annual basis to celebrate Respiratory Therapy Week as well as our annual giveaway.
