Washington State Governor's Cup Walleye Tournament

PO BOX 806
KETTLE FALLS WA 99141

Greetings,

Summer is finally here and the days are rapidly getting warmer. The fishing is picking up as the water temperatures are rising, but the word is things are still behind schedule and cool. The AOY Circuit is nearly at a close, with the 7th and final tournament happening July 22nd down in Boardman Oregon.

The Governor's Cup Tournament took place last weekend and was a great success. Thank you to all of you who worked so hard to make this event happen. A special thanks to Marvin for being our fearless leader, to Dee Unzeitig and her team for a great Calcutta Auction and Dollar Raffle, and to the Legion for their Color Guard on Saturday morning. Below is a list of all the winners of the weekend and pictures will soon be available on the website.

Even though we have just finished up our Governor's cup, we will soon begin preparing for next years. To try to space the Angler of the Year tournaments out more, the board has agreed to change the date of next year's tournament to July 8th-9th. This change is expected to bring in more boats as well as improve the fishing for the anglers.

Tuesday Night League

Tuesday Night League, brought to you by TJ's Tavern, will be starting July 19th and ending September 17th with a combined Saturday tournament with the Fred & Ethel Tournament. The league fees are \$50, youth under 18 are free. Fishing is on every Tuesday during the hours of 6am-12pm for the morning flight and 3pm-9pm for the afternoon flight. These times are adjusted as daylight changes. Weigh-in happens at the Kettle Falls boat launch and your Fish limit is 4 with no size restriction. More than one angler can fish from a boat, but that boat's total catch will count for all anglers in the boat. The league runs 10 weeks, and the final score is the angler's best 4 weigh-ins, with payouts for Big Fish and Big String each week as well. These are paid at the season end gathering. Sign-up sheets are included with this letter. Contact Don Ghramm at (509) 680-1650 for more information.
