Hartmann's Mountain Zebra

Grevy's Zebra

There are 3 main species of zebra
(Grevy's Zebra, the Plains Zebra,
and the Mountain Zebra).

COPYRIGHT CREATIVE YOUNG MINDS RESOURCES 2020

Zebras have a single hoof
at the bottom of each foot.

Each of the different zebra species
has different type of stripes.
Each zebra has a unique pattern.

A zebra's stripy coat is thought
to get rid of more than 70% of
incoming heat.

Zebra's stripes are there to help
camouflage them in long grass
and keep those nasty predators away.
